Volume 1: Chapter 1 – Chapter 32 + bonus story

Chapter 01 – When I woke up, I was in a place I had no Idea

Chapter 1 : When I woke up, I was in a place I had no Idea.

It seems that I was sleeping on a bed, but the place I was sleeping at was a place that I have no idea of.

It wasn’t the cheap apartment with moldy smell that I was living alone, or my room at the family house that had become a storage room.

Wide and the ceiling is high, a room that a very wide bed is placed inside.

Why am I sleeping here?

I traced my memory, the memory that I have before I slept.

If I was correct, I went to the bookstore to buy a manga, and been hit by a truck that plunged on my way home□□been hit?!!

I confirmed my body in a hurry. I raised my body and touched my whole body.

There was no particular injuries, there were none, but.

My body is strange.

Skin that have firmness, **Puni** short soft limbs.

Like that of a child, and also felt like that of a child entering a kindergarten.

I moved my hand. It moved.

I flopped my feet **PataPata**, it flops **PataPata**.

Guwashi!! I couldn't do it because my fingers are too short.

For the mean time I could move my body as I want.

That means, is this me in my kid appearance?

What does this mean?

My last memory was a traffic accident, when I woke up I was in a child's body.

Is this……Reincarnation in another world?

「Good morning, Obo-chama」

「Eh?」

I looked at the direction of the voice. I saw a maid.

Long skirt and apron, it wasn't the moe-type but a proper maid.

The maid approached towards me, bows her head, and said.

「Good Morning」

「G-Good morning?」

「Please excuse me」

The maid tried to take off my clothes.

「W-Wait?」

「What has happened?」

「What has happened you say……What are you doing」

「What, you say, I am helping Obo-chama change as usual though. Was there anything bad. Ah! Maybe you wet your □□」

「I did not do that!」

I was almost been accused of something bad, I widened the sheets that was covered.

「Well, there is no problem then」

「……*U〜n*」

While I don’t know about anything, I made the maid help me change my clothes.

My hair was combed, my pajama taken off and let me change to another clothes.

It’s a noble-like clothes.

「Please excuse me」

Saying the same thing, the maid left the room.

As I’ve guessed, I didn’t understand anything.

To understand the situation better, I left the room.

Walking around the corridor, **KyoroKyoro** I looked at this and that.

The place I was, was at the building’s second floor, so I went down one floor from the staircase.

I walked around the first floor. It seems to be a some kind of mansion.

I saw one Ojii-san. I met my eyes with the grandpa.

「You properly woke up huh Lucio, that’s good that’s good」

The Ojii-san patted my head.

Lucio……is that my name?

「Uhm……」

「What is it, are you still sleepy?」

「That’s not it……Who is Lucio?」

「Did you forget your own name, Lucio. It seems that you are still sleepy」

It looks like it was really my name.

The Ojii-san was laughing pleasantly.

「Ne〜Ne〜, who is Ojii-san?」

I asked the Ojii-san. I imagined the child-mode of C*nan.

「Did you forget your Jii-chan's face, Hm?」

The Ojii-san, as I've thought, said that happily, and patted my head furthermore.

This Ojii-san is really Lucio's grandfather huh.

「It seems that you are still really sleepy. After you eat breakfast go and sleep the second time. Jii-chan will be reading books on the archive, so let's play around noon」

「Books?」

「Do you like books?」

Ojii-san asked, but I didn't know what to answer.

Because, although I wrote "reading" in my profile's hobby list, all I read was mangas.

I love mangas, but in place like an "archive", there wouldn't be mangas, right.

「Yosh, Jii-chan will guide you to the archive」

Jii-san held me up, and started walking.

And entered a room.

「Ohh」

Inside the room were only booklets, and the books are stuffed.

Ojii-san let me down.

「How is it, isn’t it amazing. They are Grimoire that Ojii-chan collected in his lifetime. There are only a few that can collect this much as an individual you know」

「Grimoire?」

It was a word I was not familiar.

「Umu, it is about the a book that has records of magic or skills. It’s a magic book that you can learn magic if you finish reading it, in both meanings. Just with the value of the books in this room, you can buy a few mansions like our’s」

「I see〜」

I still couldn’t understand it completely , but this grimoire thing is very expensive, and if you can read them you will be able to use skills or magic huh.

「That’s amazing」

「Ojii-chan will continue reading the book he was reading, so Lucio should take the book that you are interested and you can read it」

After saying that, Ojii-san took a book inside the room, and sat at the rocking-chair that is placed in the middle of the room.

And opens it, then **UnUn** started groaning.

It probably was so difficult, and the page was not turning up at all.

Being curious of what kind of book the thing called Grimoire was, I approached, climbed the chair and looked at it.

「Eh? Manga?」

The book that Ojii-san was groaning like**U〜n* *U〜n** while reading it, was a normal manga.

Translator Notes:

Guwashi!!(グワシッ！) = search with the character. a posture that is hard to make?
Ojii-san/Ojii-chan = grandfather
Grimoire(魔導書) = Ma(魔)dou(導)sho(書) = Magic Book = Grimoire
There’s a lot of *onomatopoeias* in this chapter/novel.

Chapter 02 – The Grimoire’s Contents was Manga

Chapter 2: The Grimoire’s Contents was Manga

The thing that looked like a manga, Ojii-san was staring at it with a very serious expression.

It’s a normal manga, I think I can read that two-page spread within 10 seconds, but Jii-san doesn’t turn the page at all.

I wonder what it means.

Jumping down the chair, I took one book from the nearest bookshelf.

I opened it□□It was also manga.

I read it.

It was a surreal manga.

It’s story’s development was reminiscent of a cram school manga that was for publicity, it was a super-development that roughly says “If I learn the Fire Ball Magic, the skinny person I am, will become muscular and become popular with women”.

It was too far-fetched, but that was rather interesting.

Then, I finished reading it until the end when I noticed it.

Well, it was a very interesting manga.

Then, after I closed the manga, I noticed that Ojii-san was staring at me.

「W-What is it〜」

「Lucio, did you read that?」

「Eh?」

Ojii-san's atmosphere was a little strange.

He had a very surprised expression.

Is it bad……if I was able to read it?

「How is it?」

Being urged, I timidly nodded.

「I-I could read it」

「……Come for a minute」

Ojii-san said and started walking. I followed in a hurry.

Went to the corridor, and went outside the building.

Here, it's the first time I knew that the mansion, was some kind of a western-styled building.

After going to the courtyard, Ojii-san said to me.

「Can you see that tree there?」

「Yup, I can see it」

「Shoot Fire Ball towards that」

「F-Fire Ball?」

For some reason a name of a magic came out.

It's a name that sounded Beginner's Magic, but I can't use something like that.

「It was the Fire Ball's Grimoire that Lucio was reading earlier. If you were able to read that, you should be able to use it already. Come, do it」

He said that but I think It's impossible learning magic through reading manga……

But Ojii-san was looking at me with serious eyes, so for the mean time, I did what I could do.

Uhmm, but what should I do?

I didn't know, so for the mean time I placed my palm forward, and said the name of the magic.

「Fire Ball」

The next instance, a ball of fire the size of a dodgeball was shot from my palm, and flew towards the tree.

The ball of fire hit it, and the tree started to burn.

A maid flew out of the mansion, but Ojii-san said “It is okay” and let her go back.

「……No way」

I looked at my palm.

That right now, was it really magic?

「You used it, you really read it」

Ojii-san was also surprised.

「Lucio, have you ever read a Grimoire before?」

「*U〜n*, I haven’t, why?」

「……」

「W-Was it bad?」

Ojii-san was making a very grim expression. I felt that I did something that I really shouldn’t have.

「No, let’s go back to the archives」

Ojii-san returned to the archives with me.

Ojii-san took out one book of Grimoire from the bookshelf, and passed it to me.

「Read this Grimoire」

I don’t know what’s happening, but I took it, and started reading.

This time, the name Fire Laser came out.

It was a story about an “Okaa-san fighting insects that were attacking using Fire Laser, for her three children’s examination”.

It was also surreal, but the unbelievable stupid story development was interesting.

I read it until the end, and raised my head.

Ojii-san was looking at me the whole time.

「Did you read it」

「Yes」

「Let’s go」

I came to the courtyard again with Ojii-san.

He pointed at the tree that became half after burning.

「Shoot that, this time with Fire Laser」

「F-Fire Laser」

I pointed it with my index finger, and chanted the magic.

A red laser was released, and passed through the tree.

I could use the magic again.

「Ohh」

Ojii-san let out an amazed voice.

And then, patted my head.

「It looks like you really can read Grimoires. As expected of my grand child」

While saying that, the corner of his eyes were dropping.

Rather than that, maybe.

The thing called Grimoire, are they all manga?

Translator’s Notes:

「Okaa-san(お母さん)」 ＝ 「Mother(-san?)」
「Manga(漫画)」 ＝ 「I don’t know what cave your living at if you don’t know this」＝「Japanese Comics」

Chapter 03 – Excellent Little Brother and Useless Big Brother

Chapter 3: Excellent Little Brother and Useless Big Brother

In the mansion's dining room, served by a maid, I ate lunch.

「Please, Obo-chama」

It was the maid that helped me change this morning.

Her name was Amanda, a young and beautiful person, so being called "Obo-chama" by a person like that made me nervous.

「Uhmm, can you stop calling me Obo-chama?」

「Ha〜, then I will call as Lucio-sama」

「No that -sama also……I'm younger, so you can call me by my name」

That side was young too, but this side's look was that of a child.

Even though she's a maid that looks petite objectively, the me right now has to look up to her.

「I cannot do that, calling Martein House's Obo-chama without honorifics……」

「Martein House?」

From the story was going, is it my house?

「Yes. The second boy of the Martein House, a prestigious landowner for generations, a simple maid like me cannot call him without honorifics」

「……I see, sorry」

The maid was making an expression that carries misery. “If you really want to make me say it I’ll follow, but……” it was that kind of expression.

It’s not like I wanted to push herself with that, so I stopped forcing her.

「Rather than that, where is Nii-san?」

She called me second boy right now, then there should be the eldest boy.

「Isaac-sama is away together with Danna-sama due to work」

「I see」

I have a big brother called Isaac huh.

And for the last time, there was something I wanted to ask.

「By the way, do you know about the country called “Nippon”? and the planet called “Chikyuu”?」

「No, I do not know of both of them」

「……I see」

After hearing that, I ate lunch absent-mindedly.

Lucio Martein in a another world not Earth.

I wonder what was happening.

☆

After I ate lunch, I went towards Ojii-san’s archives.

Actually, I received the key from Jii-san earlier. I was told “You can read any book you like there”.

Because I was able read the Grimoire(contents are manga) , Ojii-san liked me very much. That’s why I was given the key.

I liked reading manga, so because I have the chance to, I will read them with care.

I arrived at the archives, used the key and went inside.

There are mountains of books, so I took one book from the corner and tried to read it.

「What are you doing Lucio」

「Eh?」

When I raised my head, there was a boy who was about 15-16 years old. His appearance was a little plump boy with a bowl haircut.

That was glaring at me from the corridor.

Who is this? This.

「You□□」

「”You” you said?」

The boy raised his eyebrows.

「I’ve told you many times right, if you see your Nii-san you should say greetings first!」

Is this my Aniki.

「Uhmm……Good Afternoon, Isaac Nii-san」

I lightly greeted by lowering my head.

「*Phn*. Rather than that, what are you doing here. This is Ojii-sama’s precious archives, if you enter without permission you won’t be let away just by being scolded」

「That’s alright, I was told by Ojii-san that it’s okay if I enter」

「Ha〜? Don’t tell lies」

It’s not a lie though.

「In the first place, what are you going to do entering here? What is that in your hand」

「Eh? I’m going to read it right now」

「Show it to me」

Isaac took the book forcefully from my hand, and started to turn the pages. **ParaPara**

Looking at a glimpse of it, it was about using Ice Magic to fight human-size mantises to protect the peace of the backyard, that was the flow of the manga.

「Can you read?」

I asked Isaac.

Isaac, for some reason, took a second before

「Of course I can」

saying.

「Fumu, then I will make you use that book’s magic」

「Eh!」

「Ah! O-Ojii-sama」

Before I knew it Ojii-san appeared.

Isaac’s face whitened.

He whitened so much that I wondered what was the attitude he was taking until now.

「Let’s go to the yard, I will make you use the magic that is infused to that Grimoire」

「O-Ojii-sama!」

Isaac tried to resist, but he was forcefully taken to the courtyard by Jii-san.

And like the time with me, he said “Use the magic”.

「Come now, use it」

「……」

「What’s the matter, it you could read it then you should be able to use it right now」

「*Uu*……」

「Or is it, not only entering my archives without permission, but also started to lie about something you couldn’t do, you… Did something that was unworthy of the men of the Martein House? 」

「I-If that’s so then Lucio should also be guilty. It’s because he was saying he could read it 」

The conversation threw flying sparks to my side.

I took the book earlier, read it while walking, and just finished reading it right now.

「Did you say that? Lucio 」

「Yup 」

「Then, use the magic 」

「I got it 」

「Eh? 」

Isaac was surprised. I ignored that.

Towards the tree that had become burnt black by the trial shots earlier, I chanted the magic.

「Icicle! 」

A few spears of ice appeared, and pierced the tree.

Just like before, I learned how to use the magic just by reading the book.

Fire Ball, Fire Laser, Icicle. With this, it's my third magic.

「Na-nanana……」

「Ohh, that book was Ice Magic huh」

Ojii-san was impressed.

「Ojii-chan, didn't you know?」

I asked with C*nan's way of talking.

「Because that's a Grimoire I couldn't read」

Ojii-san patted my head.

「Lucio is an excellent child huh」

Nah, it's just I could read manga you know.

「Anybody」

Ojii-san called out towards the mansion. One maid appears.

「Confine Isaac to that secluded building, the period is three days」

「I understand……Isaac-sama, please come here」

「Please wait a minute Ojii-sama! I am helping Otou-san's work right now! If I was away right now□□」

「Is that true? Or is it another lie?」

「□□!!」

Isaac covers his mouth in a hurry. He tried say excuses but it seems that he stepped at a land mine.

Lying is an unworthy act in the Martein House huh.

Isaac wasn't able to say anymore, and been taken away by the maid.

I kind of feel sorry for him, but it was his own fault.

「Come now Lucio, let's go read some books」

Ojii-san's eyes when he was looking at Isaac were harsh, but they were kind eyes when he was looking at me.

It was eyes that somebody would make looking at an excellent grandchild.

「Yup!」

I returned to the archives together with Jii-san.

Translator Notes:

「Obo-chama(お坊ちゃま)」 = 「young master」
「Nii-san(兄さん)」= big brother 」 「Aniki(兄貴)」= 「big bro, more casual/unformal」
「Danna-sama(旦那様)」=「the head of a house」 「Otou-san(父さん)」 = father」
「Nippon/Nihon(日本)」=「Japan」
「Chikyuu(地球)」 = 「Earth, literally a round(球) land(地)」

Chapter 04 – The 6-Year Old Young Wife

Chapter 4: The 6-Year Old Young Wife

It has passed a month after coming to another world.

I was spending most of my time during that, staying at Ojii-san's archive.

It's not like a 6-year old child can do anything, and reading manga and learning magic was fun.

After a month, I have read through one-third of Ojii-san's archive.

And the magic that I remembered was already beyond three-digits.

And what I've found out, was most of this world's people are not able to read manga.

The best they could read is a 4-koma manga, but if it was a story manga's panel layout they are confused, and if sound effects like *Do□n* appears they will not be able to read the page.

And the American comic-like one was 「The most difficult Grimoire in the world」Ojii-san said.

I also took a hard time with that. The panel layout and the way you turn its pages were different……But I could still read it normally.

And, if I specifically talk about how much they couldn't read it, at the level that they read, one volume of a comics would take six months to a year, even the people who are considered as "fast" would take a month.

Ojii-san took care of me well so I tried to teach him how to read a manga, but the result ended with him not understanding at all.

There isn't a difficult thing in reading a manga though, it's very strange.

☆

「Lucio」

「What is it Ojii-chan」

I've gotten used on being child-mode in front of Ojii-san.

I'm worried about myself, that someday I might start saying 「Arerere〜」.

「Your bride will come tomorrow, you should get along with her」

「Yup, I got it」

I nodded, and continued reading manga.

………

………

………

「EEEEEEH?」

Because of its absurdity I got late reacting.

What did he say now, bride? Did he say a bride is coming?

I was overly surprised and almost fell back, and looked at Ojii-san.

「W-What does that mean Ojii-chan」

「Like I said your bride is coming」

「Bride you say, I’m still 6-year old you know?」

「It’s alright, your partner is also 6-year old」

「It’s not alright, not at all. What on the world would that mean」

「Fumu, as expected, I should explain it from the start huh」

Please do that.

Ojii-san put down the Grimoire(the one I read within five minutes), and started talking.

「Lucio originally has a fiance. It was my best friend’s grand daughter, even before you were born, we promised each other that if they are of the opposite sex we will make you engaged」

That kind of thing……is it something that is decided before a child’s birth.

「Of course, the plan was, you are going to be married when you were both old enough. My best friend□□He was a merchant, but he failed at some trade and his house was on a downfall. I was thinking of saving him, but it was too late when the story came to me」

It somehow, became a heavy atmosphere suddenly.

「I tried my best, but the only one I saved was the granddaughter alone. If it is like that, I thought that I should take care of that grand daughter」

As his best friend’s memento, huh.

「It was like that huh」

「The best way to protect that girl, is to make her out relative. That’s why, Lucio. Take care of her as your bride」

「Yup, I got it」

If it’s like that, then there’s no helping it. The situation is the situation.

The partner is a 6-year old little girl, I should just take care of her like a little sister, I think.

☆

The next day, my bride came.

A carriage stopped in front of the mansion, and the one who went out was a very cute little girl, but has an exhausted expression.

Her cheeks are sunk, and there was no spirit in her eyes.

She was really tired, that you can see, even with a glimpse.

「Ohh……Sylvia-chan, what a pity. You were so lovely the time we met before」

Ojii-san……approached the little girl, Sylvia.

I agree, that she looked pity. Because when Ojii-san approached, Sylvia was frightened.

That wasn't like being frightened when one is shy. In the first place, the way Ojii-san talked to her, it wasn't the first time they met.

Her expression was like that, because bad things happened and she became afraid of adults.

「N-No……」

「Ohhh……poor thing」

Ojii-san stopped his feet.

「Ojii-chan, I will go」

I said, and stood in front of Sylvia instead.

The little girl that saw hell, because of her house failed at trade.

That, was my bride.

I didn’t want to leave her like this.

「Dress-Up」

I placed my hand forward, I chanted one of the three-digit spells I had remembered.

Sylvia’s body was coated by light, and changed her appearance in an instant.

A veil on her head, dress in her body, and a bouquet in both of her hands.

A very lovely, wedding dress look.

「E-Eh?」

Sylvia was surprised. I took her hand, and kissed the back of it.

「Welcome Sylvia, my lovely bride」

「Ah!……」

Sylvia flushed her cheeks, and looked down shyly.

Yup, it was better with her being frightened.

「Oh, Good job Lucio」

Ojii-san was overjoyed.

☆

At night, I was woken up by a strange presence.

When I opened my eyes, Sylvia was awake in the bed, and was flustered.

With Ojii-san's orders, I am sleeping together with Sylvia at the same bed.

The bed itself was larger than a king's size, so we were sleeping on top of it with a little distance.

She was sleeping, but something happened, and was flustered.

「What happened, Sylvia」

「Kya!」

When I called to her, she made a loud scream.

I wonder what it was.

I also raised my body.

Sylvia was hugging her pillow, and was making her body small.

「What happ——Wait, **Un**?」

When I tried to approach her, crawling on the top of the bed, the place where I touched my hand was a little moist.

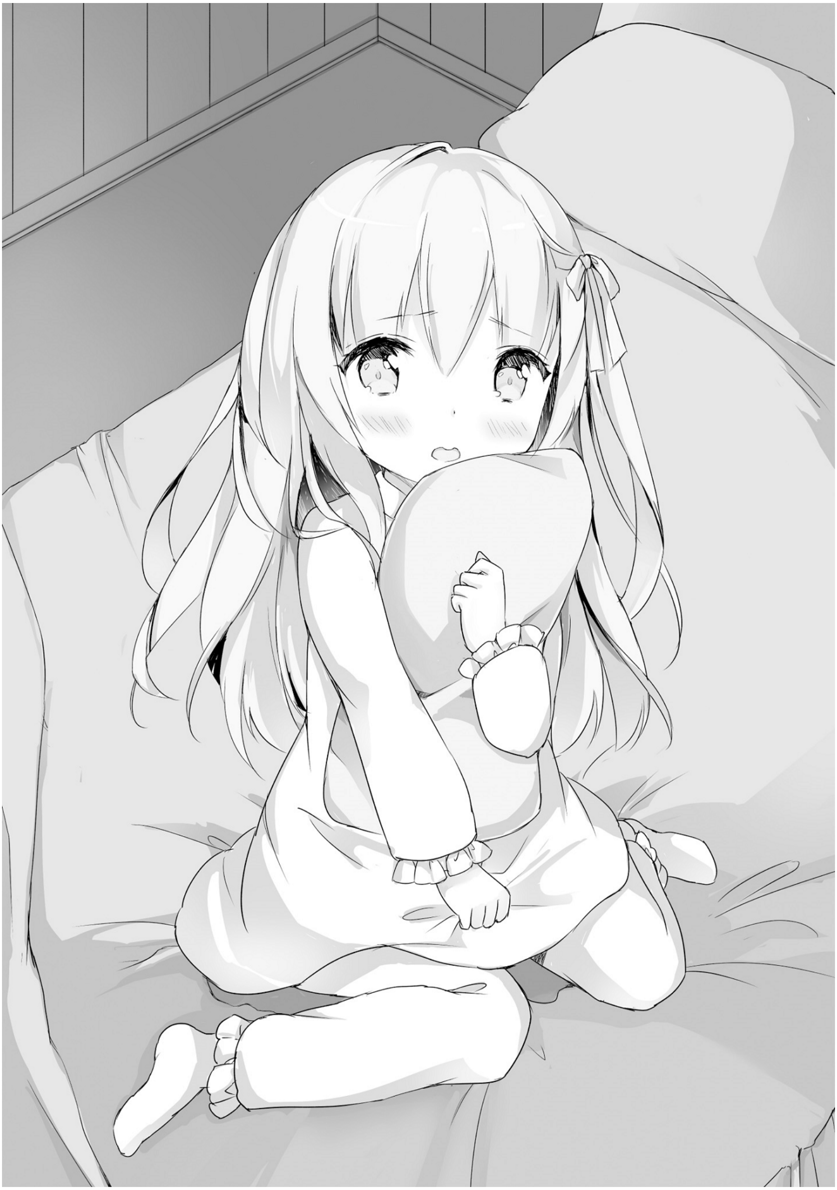
One part of the bed was wet with water.

Thinking what it was, I smelled it——it was pee.

Maybe……thinking that, I looked at Sylvia.

Moist bed, a 6-year old child who was embarrassed.

I see, bedwetting huh.



「Lets go change」

「I-I□□」

Sylvia was trying to say an excuse.

「It’s alright, don’t mind it」

I said, and smiled at her. “I really don’t mind”, it was that kind of expression.

「If it was left like that you would catch a cold, lets go change」

I called a maid, and let her prepare change of clothes.

I received the change of clothes, and let the maid go outside for once.

「Let’s change, I’ll help you」

「Y-You aren’t angry?」

「I’m not angry. There’s no reason for that」

I didn’t feel the need to be angry to a child, even if she wets her bed every time.

「……Sorry. When I, sleep in a place I’m not familiar it becomes like this」

「Was that so」

「I'm really sorry」

「It's okay. You should just get familiar in this house at your own pace」

While I was saying that, I removed Sylvia's pajama, wiped her crotch clean, and let her change with a new pajama.

Sylvia was a little embarrassed, but she let me help her change.

I burned the soiled pajama with a Fire Ball, leaving no trace of it.

After changing, I called the maid, and let her change the sheets.

Together with Sylvia, I went on the top of the bed with new sheets.

「Come, let's sleep」

「Uhm」

「Yup?」

「Thanks」

「You're welcome」

「U-Uhm」

「Yup?」

「Hands, can we hold them?」

「Yeah, it's fine」

I reached out, and Sylvia hold our hands gladly.

Together, we slept while holding hands.

Translator Notes:

「4-koma manga」 – 「a manga that has four panels every page」
「Arerere〜」 = 「あれれれ〜」= 「another Detective Conan reference. The line he says every time he leads the detectives to an evidence」
Legend says that there is a bounty for the remaining pieces of the "godly" pajama.

Chapter 05 – Trade with Water

Chapter 5: Trade with Water

Sylvia and I got married.

Both of us are 6-year olds, but in between world’s wealthy people, that wasn’t relevant. The law that says 「Marriage starts from ** years old」 doesn’t exist, and even as a child, when the parents agreed then it goes through normally.

Political marriage between nobility, things like that happens even if they’re babies.

Putting a magic ring to Sylvia and making a vow in front of god, we did a simple wedding.

By the way, the reason why the magic ring is called a magic ring, is because when someone have an affair it would be immediately shattered to pieces.

Well, it isn’t relevant to the 6-year old Sylvia.

And, Sylvia and I started to live in the same room.

Not only sleeping for one night, we started to live together in my room everyday.

Marrying, and living in the same room. It’s not like something will change immediately.

Sylvia is 6-years old. My body is also 6-years old.

Holding hands while sleeping together, is the most of the physical contact we have.

……It was surprising though, being able to have a deep sleep just by holding hands.

☆

The next day, I was reading Grimoire manga at the yard.

With Ojii-san’s permission, I was able to take out the books freely and read it.

And beside me, Sylvia was taking a peek at it.

Peeking, and looks at it intently.

I was curious so I asked.

「Can Sylvia read this?」

「*Uu〜n*」

She shook her head.

「It’s very hart」

「You can’t read it at all?」

「Yup, can’t read」

This time she nodded. But her sight was still pinned to the Grimoire.

I see, she couldn't read it after all. Maybe it was hard to read for old people, but it was a child then they could read it. I thought that was kind of pattern, but it looks like I was wrong.

As I've thought, people of the other world can't read manga huh, normally.

「Can Lucio-sama read?」

「I can read. It was surprisingly interesting, this Grimoire」

「Is it fun?」

Sylvia opened her eyes widely.

She couldn't read so she was surprised. But if you can read it you can tell. The manga here, there are a lot or surreal developments, but they are those that was interesting in that way.

That's why I could read it without getting tired of it everyday.

I wiped my sweat with the back of my hand, and turned the page.

It has become hot.

Suddenly, cool wind was blowing.

If I look to my side, Sylvia was fanning me. *PataPata*

「Thanks」

When I said it, Sylvia was happy.

Being fanned **PataPata**, I continued to read the Grimoire.

After a while, a wagon came. It went inside the mansion's yard.

On the loading platform of the wagon, a few huge wooden barrels are loaded.

「I wonder what that is」

「I don't know」

When I was staring at it, the maid Amanda came out from the mansion.

She approached the wagon, paid money to the middle-aged man who was handling it, and asked to unload the barrels.

I approached, and asked.

「Amanda, what's that?」

「Obo-chama. This is water」

「Water?」

「Yes, it is water for drinking. This area's water are not very clean, and even if we boil it, it cannot be used for drinking and cooking. Even drinking a little will immediately cause stomach pain. That is why, like this, we are ordering water for drinking from the area that has clean source of water」

「Was that so? Isn't it troublesome?」

「It is really not like that」

Amanda smiled.

「People who live in this area, everyone had always done it that way, we are used to it」

Amanda said while smiling, and using a trolley, she carried the water barrels inside the mansion.

I thought.

Water is undrinkable, huh.

☆

I returned the book to the archive, leave the mansion, and went to the nearby forest.

I followed the road in my memory, if I’m correct, there should be a small river ahead.

So I walked ahead. Sylvia was following me **TokoToko**, from behind.

The way inside the forest were uneven, so while saying **ZehZeh**, she looked like she was taking a hard time.

「Sylvia. You can wait at the mansion you know」

「**U-Uu〜n**. I’ll come too」

「Is that so」

I loosened my feet.

I waited for Sylvia, followed her pace, and went to the river slowly.

We arrived at the River. I scooped the clean-looking river with the palm of my hand.

I smelled it, and looked at it intently.

It looks like nothing strange, **Pero** I licked it.

「□□!!!」

A stimulating taste penetrated my brain.

「**Pe*, *Pe*, *Pe**!!」

I spit it in a hurry, the tip of my tongue got numb.

「Are you okay?! Lucio-sama」

「**Pe*, *Pe**, I-I'm okay」

It looked that clean, and didn't smell like anything, but the instant I put it in my mouth it was like poison. I spit it immediately, and **Goshi Goshi** scrub my tongue with my sleeves, but the discomfort strongly remained.

I see, looks like it was true that drinking this is impossible.

If it’s like that, I took out a small cup from my pocket.

I scooped water, and placed my palm on top of it.

「Distillation」

I casted magic to the cup’s water. A light coated the cup, and *KopoKopo* the water seemed to boil.

After a while, it subsides.

「It should be alright with this……」

If the magic had an effect, it should’ve become 「Drinkable」 water.

Distillation. Removing the impurities from a liquid, a magic that makes it purified water.

It is probably the opposite version of distillation, a magic that removes the impurities and make it pure water.

That’s why this should be drinkable……probably, but the one earlier also had no smell on it so it’s a little scary.

While I was hesitating, Sylvia took it.

And *Gui*, she drank it at once.

「Sylvia?! What are you doing」

Surprised with Sylvia who suddenly did that, and looked what happens.

After a while, **Nicori*, she smiles and looked at me.

「……It was okay, it's delicious」

「Hey hey, is it really okay?」

「Yes!」

Sylvia returned the cup to me.

I scooped water one more time, cast Distillation to it again, and this time drank it myself.

As Sylvia said, the water became drinkable properly. It was pure water that has no taste.

With Distillation, I confirmed that the water here can be purified with magic.

With this……I could do a trade.

It's not like there are no water, it's an area there has plenty of undrinkable water.

With this magic, I thought that it would be a good trade.

Translator Notes:

1. 「It's very hart」 = she's 6-years old so yeah, mispronouncing is normal. Hard, she wanted to say, well it's cute so it doesn't matter.
2. 「ディスティレーション(Distillation)」 = it was way cooler in original language because it's an English word in a Japanese-Language novel. Doesn't seem to be right, but yeah maybe it was fixed in the light novel.
Distillation? = although it was distilled, the author wrote 「純(Jun＝Pure)水(Sui＝Water)」＝purified water instead of 「蒸留(Jouryuu＝distillation)水(Sui＝water)」. So although he used 「ディスティレーション(Distillation)」 magic, instead of distilled water it was pure/purified water. By the way 「浄化(Jouka)」= purification.
3. Well, I'm not good at chemistry so I really dunno.
4. There are a lot of onomatopoeia on this chapter/novel.

Chapter 06 – Earning Pocket Money

Chapter 6: Earning Pocket Money

In conclusion, Distillation was turned to money properly.

I went to three villages nearby, Aisen, Caluchi, and Kibu.

I talked about it, marketed it, I used the magic to water sources that can be only used in laundry, and showed them that it was drinkable by drinking it.

They were very happy with that. I had a promise that I'll go purify it once a week and got money.

I thought about what can be made into money next.

I thought while I was walking home from the last village, Kibu.

Suto Sylvia reached out her hand from my side, and wiped my forehead with an handkerchief.

It looks like I was sweating again.

「It's hot huh」

「Yes」

「Is Sylvia okay?」

「I'm okay」

She was saying, but sweat comes out of Sylvia’s forehead.

The season is near summer. In addition that it’s started getting hot, and we were walking all around.

Well, you’ll really sweat with that. And when I noticed it, my throat was parched.

「You want cold drinks right. Like a juice that is chilled with ice」

「It’s because ice is expensive」

「Yup?」

I stopped my feet, and looked at Sylvia.

「What is it?」

「What did you say? Ice is expensive?」

「Yes」

「What do you mean?」

「Uhmm, I heard from Otou-san before. The only way to eat it ice on summer, is to dig veery deep down, place ice from winter, and take it out when you want to. The only ones who can do that are rich people, or the Ou-sama he said. Also in a big town pu-blic u-tili-ty? was other way left, he said」

Public utility huh.

But, I see. If I think about it, there wasn’t a refrigerator huh.

That means……Ice could be turned into money huh.

I recalled all the magic that I've learned until now, and find something that can be used.

☆

Returning to the mansion, I prepared drinkable water and a knife in the living room. I also prepared a syrup.

「Celsius Zero」

I first freeze it with magic. The water became ice in an instant.

I shaved the ice using a knife. This one's physical labor, so I was a little tired.

I put sweet syrup on top of the ice.

Shaved ice was completed.

「Here, try and taste it」

「Is it okay?」

「Yeah」

Sylvia took the shaved ice, scooped one bite size, and put it inside her mouth.

「Sweet, Cool. *Ku〜*……」

She was happy at first, but made her eyes like X soon.

She was like **Kiiin**.

「Are you okay」

「Y-Yup……Just my head」

「If you eat shaved ice at once you'll be like that」

Smiled, took the shaved ice from Sylvia, and I also ate it.

It was delicious. The syrup had no colors so it has no fun in it, but the taste had no problems.

This, can become money.

☆

I borrowed a push cart from a maid, loaded the kit that was needed, and went to the Aisen Village.

I widened the goods at the village square, purified water, freeze it, and made it a shaved ice.

A farmer passed by, so I called at him.

「Ne〜Ne〜Oji-san, would you like to eat shaved ice?」

In child-mode, I called out amiably.

「Shaved ice?」

「Yup! Like, shredding the ice, and put syrup on top. It's that food」

「Using ice?! That looks delicious. ……But, it's expensive right」

「200Cet is alright」

Cet is a unit of this world's currency, and 200 is a price of a small cup of noodles that is fully loaded.

In other words, it was a very reasonable price setting.

「So cheap! Is it okay if you sold it in that price?」

「Because it's ice I made with magic」

「Did you make it?」

「Yup!」

「I see. You made it with magic huh. Then, can I have one」

The man took out 200Cet. Sylvia received it, and I made shaved ice and gave it to him.

「Sweet, and also cool. Haa……Eating something cold in a hot day, I didn't think it felt this good」

「I know right〜. If its okay, can you tell everybody that I'm going to sell it every time I come to purify the waters」

「Yup? Ahh, you were Lucio-kun who would purify the water for us」

「Yup! Nice to meet you」

「Yeah, Nice to meet you too」

The man patted my head.

「But, you sure are amazing, doing a trade in your age」

I took Sylvia's hand, and showed the ring.

「It's because I have a wife you know」

The man was astonished in an instant, but made a big laugh after that.

「Well, that's true. If you have a wife then you should earn right. You are a boy……No, you are a man after all」

「Yup!」

「Yosh, leave it to this Oji-san. Your……Shaved ice? I will tell everyone in the village」

「Thanks Oji-chan」

「Thank you very much!!」

I said thanks, and Sylvia also said thanks.

With this, I can earn a little more.

Translator Notes:

1. 「Ou-sama(王様)」=「王(King)様(-sama/honorific)」

2. Sylvia is also cute today＝Yes, her words aren't correct＝She's 6-years old

3. Distillation(蒸留) magically turned into purification(浄化) in this chapter. Don't ask why, its "Magic".

4. 「Shaved Ice(かけ氷)」=「かけ(Kake＝put on top)氷(Gōri＝ice)」=「put on top (of) ice」
Kakigōri is a Japanese shaved ice dessert flavored with syrup and a sweetener, often condensed milk(wiki)
Same reason why hotdogs are called hotdogs. It's easy to call it, although there are no dog-things as ingredients, well maybe most of the time?

Chapter 07 – Sees as an Enemy

Chapter 7: Sees as an Enemy

After one week of the first time I earned money.

I went to the three villages once, purified the water, and after that sold shaved ice.

Both of the trades needed almost no capital, and I earned 100k Cet in one week.

If you want to tell how much is that. 200k Cet is a month of living expenses for a four people family.

It was a reasonably good income, but not “Amazing!” like income.

But I could earn easily, so I was content with it.

Using the time when I am not going to work, I read Grimoires in the mansion leisurely.

The one that I’m reading right now is the Grimoire that has Raging Mist’s magic on it.

It is a very wide-ranged attack magic, and there is probably not many instance that I will use it, but the contents was as I’ve thought, very surreal, and reading it is very interesting.

In my side while reading, Sylvia had a shaved ice, and lets me eat one spoonful at a time.

It has no particular meanings, but Sylvia insisted that she wanted to do it, so I just let her do what she want.

「You stupid shit!!」

I heard a loud voice that was echoing from the mansion.

It was Ojii-san's shouting voice. I wonder what it is suddenly?

I was curious, so I made eye contact with Sylvia, left the Grimoire behind, and went to see what's going on together.

In the courtyard, there was Ojii-san and Isaac Aniki.

Isaac was making his body small, and was being preached by Ojii-san.

「I've told you so many times before! There is no such thing as a free lunch. But even if I repeatedly said that, you don't learn and keep pouring a lot of money」

It looks like he was being preached for failing a trade.

Isaac tried to behave while being scolded, but he dared to have a rebuttal.

「B-But Ojii-sama. Bruno said it would be absolutely profitable. He said that if I sponsor it now it would return to double」

「That's too much of a joke」

I instinctively let out a voice. It was so ridiculous I couldn't help to point that out.

I was glared at by Isaac.

……Can't you not glare at me too much. I don't know who is this Bruno, but saying that it would be absolutely profitable and it would return to double, even if it's fraud it's an outdated one.

Did you really fall for that Isaac.

「That's why I've told you so many times!! There is no such thing as a free lunch. If it would be absolutely profitable, then why didn't the man called Bruno do it himself」

Un, just like he said.

「Bruno told me, "You are my friend, so I will tell you specially"」

Did you really believe that, Oi oi.

In his rebuttal, Isaac was more and more scolded by Ojii-san.

He was scolded very much, told to look back on his actions, and released.

After Ojii-san went away, I was glared at by Isaac in the best way he could.

「What was that earlier!! And what's with the way you look at me!!」

……Honestly, it was with pitying eyes, but I didn't say it.

Falling for such a fraud, and not looking back on his actions at all………

「Stop that look!! You're just a kid, a kid that hadn't worked!!」

「L-Lucio-sama is□□」

「You shut up!! A girl who has been bought shouldn't interrupt!」

Being shouted at, Sylvia became teary-eyed.

Gyutto she held the hem of her clothes.

Her tears dropped……and fell to the ring.

「……」

Kachi□n I was enraged. I asked Isaac.

「Arerere〜, was Nii-san really earning money」

「Haa? What did you say」

「I, have no memory of Nii-san making money. Only fails at every trade and be scolded. That, is that really, "working"〜」

「A kid shouldn't say cheeky things, getting a profit isn't that easy!!」

He just should have said he had, but he got angry back□□You haven’t really earned a profit ever since huh.

「I had a profit you know〜, in one week, about 100k Cet」

「Ha?」

「Proof’s here」

I showed the money I earned the last week

「W-What did you do」

「I made the water clean with magic, and I sold that」

「□!!」

Aniki lost his words.

But soon came back, and puts on airs.

「F-Fun. That much, is enough for a kid like you playing house」

「Un, it might be playing house〜. But Nii-san can only do less than that playing house right〜」

I told him unnaturally in child-mode, **Giro** glared at Aniki, and put an end to him.

「I'm a kid that's "not married", so playing house is okay right〜」

「Khu!」

Aniki lost his words again. And couldn't say anything back, and went away as if to run away.

I tried to follow him, and say a lot more things at him.

Saying things to people's wife, he shouldn't be left with only this.

But, I couldn't go after him. My clothes were grabbed. It's Sylvia.

Sylvia held my clothes, and looked up to me with her teary-eyes.

「Thank you very much, Lucio-sama」

She told me thanks with tears on her eyes.

I wiped Sylvia's tears. I returned to my usual way of talking and said.

「I'll tell you this, Sylvia is nothing like a girl who was bought. You are my wife even before we are born, you are the girl of my destiny, you are not something like a bought girl」

「Yes……」

「……Let's go back to the archives」

I still had a lot to say to Aniki, but it didn't matter at all after seeing

Sylvia’s face.

We returned to the archives, continuously read Grimoires, and ate shaved ice.

At night, we slept while holding our hands.

Chapter 08 – Saving the Best Friend

Chapter 8: Saving the Best Friend

It had passed two years since I reincarnated in another world, and I have become 8-years old.

If I were to say what was different in these last two years, there's not much of it.

I am usually reading the Grimoire manga at Ojii-san's archives everyday, and sell water and ice sometimes.

And after saving the money I earned with that, it became a small fortune.

Other than that, nothing had changed that much.

If I were to say another thing that had not changed. Sylvia's bedwetting.

She still wet the bed sometimes. If I wasn't holding her hand, it was often that she wet the bed.

Other than that, when we hold hands recently, she started to become shy.

It seems that she had began to be conscious about being a man or a woman. It was funny that she just started being conscious with that, although we were already married.

☆

I was reading Grimoire at the archives today as usual. I was being fanned by Sylvia who had grown her hands and feet a little.

「Lucio-sama, you read that book before right」

「Yeah」

「You read books a second time?」

「It’s because I’ve read all books in here」

I have read through Ojii-san’s archive. And with that, the magic that I’ve remembered passed 4-digits.

Honestly, I currently, can do about anything.

If I was to summon a monster, I could and if I wanted to create a homunculus I can.

Once, I went to a place where there are no people and dropped a meteor□□I used Meteor.

I can do about anything that I think that I could do with magic.

I don’t have the need to use it, so I don’t.

「Lucio-sama, I peeled an orange」

「*A〜n*」

「Yes, please eat it」

I opened my mouth, and let her put the orange inside. Sylvia is very dexterous, and she can do the feat of fanning me while she peeled the orange.

And with that Sylvia, I spend the days leisurely.

☆

I came to the town of Baeza together with Sylvia.

It was a relatively huge town, so we come together sometimes, and without doing anything we walk around aimlessly.

We first entered a bookstore.

It's the bookstore that trades this town's Grimoire. But the merchandise available isn't that good, most of them are already owned by Jii-san.

「Welcome, Lucio-sama. We have new Grimoires available today」

The male store clerk saw me, and showed a fake smile that is usually for trading.

「How does it look? Show me」

「Yes, it's these three」

He said, and brought in front of me three Grimoires.

I saw the cover, looked at its contents by skimming.

「These two, we already have. Suspension and Document. The third one, I think we don’t have it yet」

「Then……」

The store clerk’s eyes shine.

I was being told by Ojii-san, if it’s book□□Grimoire, I could buy as many as I want, rather, he even urged me to buy all of those that we still do not have.

It’s Ojii-san’s hobby, and he also wanted to make me read more and more, so if there’s a new Grimoire he buys it mercilessly. Honestly, I’m very grateful.

And after doing that in two years, the store’s people also knew about that.

「Un, I’ll buy. Send it to the mansion as usual, and also send the claim」

「Thank you very much!!」

We came out of the store while the store clerk sees us off with a wide smile on his face.

It seems like the Grimoire was very expensive, I heard that selling even that one book will have a lot of profit.

「You are reading a new book again」

Sylvia who was with me said with a wide smile on her face.

「Yeah, I'm looking forward on what kind of book it is」

「The book that was bought before was amazing right」

「The Screening huh. Un, that was amazing」

The magic called Screening is a very convenient magic.

For example, there are about 10 pieces of egg, only one of it is spoiled, but you can't find out which one because it looks all the same.

If you use Screening at that time, if you make the "spoiled egg" as the condition, only the spoiled egg will glow light.

It's a magic that chooses the things that was in the condition in many things.

It's true that it's amazing, but also very convenient.

By the way, the Grimoire, it took me an hour to read it, but Sylvia and Ojii-san had yet to read even a page.

While chatting, we walked around inside the town.

「Huh?」

「What is it Sylvia」

「……That carriage, I think that a girl I know is inside that carriage」

「Which?」

Suuto Sylvia pointed with her finger.

I saw a carriage that just had turned.

「A girl you know huh, how did you know her?」

「Our fathers were best friends, and she's a daughter of a merchant like me」

「He～, I wonder if she came here to play. Let's go meet her」

Together with Sylvia, we chased the carriage.

When we arrived in front of the store where the carriage had stopped, I was astonished.

「This is……」

「A slave you say?」

There was the notorious store that handles slaves in Baeza.

「Sylvia, the home of your acquaintance, are they doing a trade with slaves」

「**U～un**, there aren't……I think」

「I see」

I somehow had a bad feeling.

Anyways we should ask about the story, I took Sylvia with me and entered inside.

The store's person suddenly came, and made an unpleasant look.

「Hey, get out get out. This isn't a place where kids come」

「You know〜, My name is Lucio Martein〜」

「Luci……Martein-sama?!」

The store's clerk suddenly became polite.

「It's Martein-sama, right? Are you related to Isaac-sama?」

「He's my Onii-san you know〜」

「Well well, I have not thought that the Obo-chama of the Martein House would have come, please excuse us」

The store's clerk let us go inside.

We were guided to a private room, and we sat.

After a while, a different man came.

It was a middle-aged man with a beard.

「It's nice to meet you, I am this store's owner, Golka Poron」

「I’m Lucio Martein」

「Well, do you want a slave today?」

「Uhmm, you know! My wife is saying there’s someone she knew that entered inside this store. I came to find that. Nee〜Sylvia, the girl’s name and characteristics is?」

「Uhmm, she’s called Nadia-chan, the same age as me」

「Her house was a merchant’s, she’s the same age as her, and it’s a girl called Nadia. Is she here」

「She is」

Golka answered promptly.

「As the store’s merchandise」

「Merchandise?」

「Yes」

「No way! Why did Nadia-chan become a merchandise?!」

「That is□□」

「Sylvia, let’s talk about that later with leisure」

I stopped Sylvia, and talked to Golka.

「If she’s merchandise, then I’ll buy. How much」

「She is 10 million Cet」

「……Un, I’ll buy her」

「I understand, well then, the claim will be to Martein House□□」

「*U〜un*」

I shook my head sidewards.

「Not to the house, send the claim to me〜」

「……Hou」

Golka made an interesting face.

Unlike Grimoires, I can’t use the house’s money with my selfishness.

Fortunately, the money I have saved this two years was enough.

Chapter 09 – Second Son, to Independence

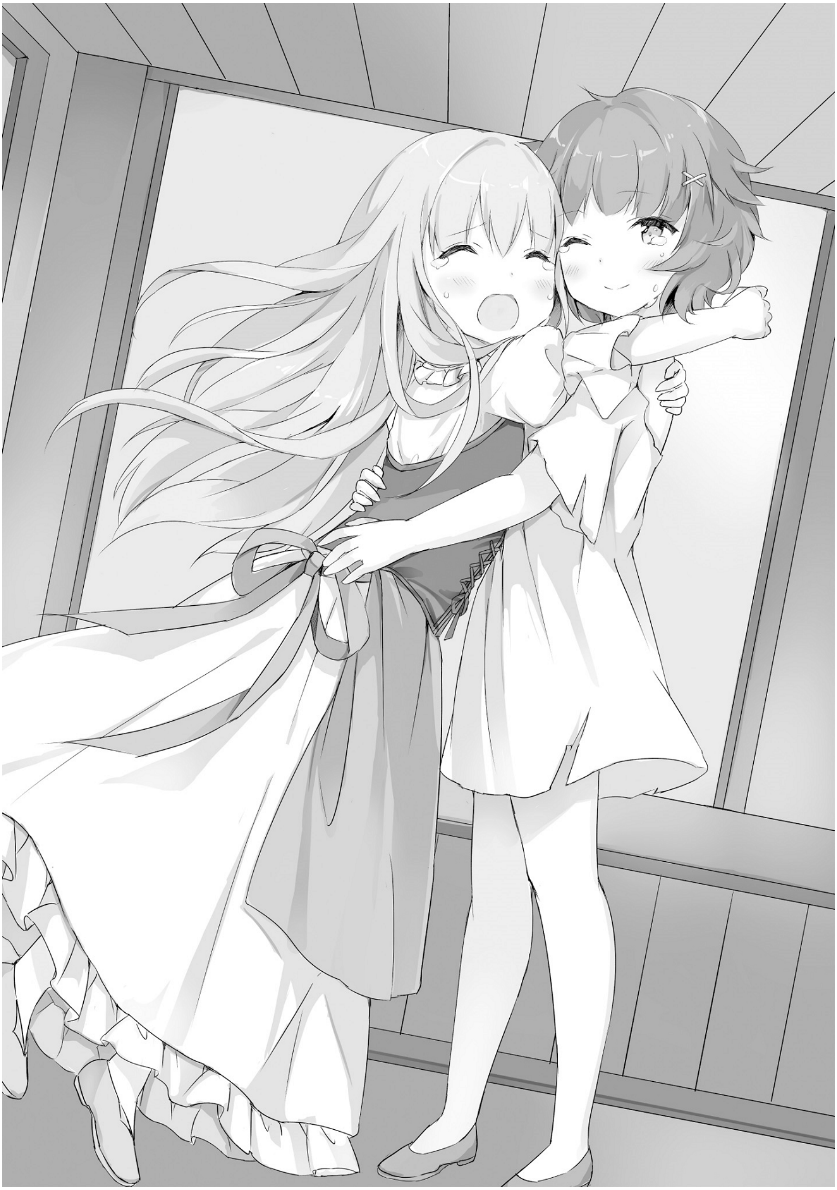
Chapter 9: Second Son, to Independence

「Nadia-chan!」

「Sylvie……Is it Sylvie?!」

Inside the room, the two friends were reunited.

Nadia was surprised being taken here, and Sylvia ran to embrace her.



「Why are you here?」

「Instead of me, why is Nadia-chan here?」

While the two girls were talking, I was facing Golka.

「I can, take her home right」

「I have confirmed the payment. The ownership of slave Nadia has been moved to you. As you will」

Golka said.

The payment was made earlier by sending an employee to the mansion, and let them bring my saved money here.

If it's Grimoire, I could be as many as I want as long as I report it to Ojii-san later on, but this time, it should be my own money.

I've used most of my savings, but well, whatever.

「Sylvia, also……Nadia? Let's go home for the mean time」

☆

With an intention of something like an extra bonus, they made us a free ride using a carriage to the mansion.

The three of us rode the carriage, and came back to the mansion.

「I was always worried about Sylvie. Even if I ask Father, he wouldn't tell me anything. He said that I should forget all about Sylvie-chan, that was all that I've been told」

「I'm sorry……」

「Rather than that, why did you become a slave?」

I returned to my usual way of talking and asked Nadia.

Nadia was astonished in an instant, and looked at Sylvia. Sylvia nodded, and Nadia started talking about the story timidly.

「I don't know, there was a lot of people who came to the house suddenly, telling to seize」

「Ahh」

Nadia told that she doesn't know, but I guessed what happened generally with only that.

It's the same thing that probably happened to Sylvia.

「Lucio-sama」

「Un, what is it」

「What is Nadia-chan……going to do from now on?」

「……」

I hesitated.

Nadia's social status is that of a slave, so normally she would be a servant or a maid because slaves are usually used like that.

But Nadia is Sylvia’s best friend, using her as a servant with Sylvia who’s close to her age nearby, makes me feel guilty.

I wonder what I should do.

☆

「You should just marry her」

Returning to the mansion, I consulted Ojii-san who understand me best, and I was told that.

「Marry? I will marry Nadia?」

「That is for the best」

I see, for the best huh.

「Ah! But there is something to be done with her slave social status」

「If it’s in Martein House there’s no problem. There are some nobilities that are noisy about that, but our house don’t have that problem. I mean」

Niyari Ojii-san smiled at me.

「I also had a slave wife」

Oi oi, are you serious.

But I heard something good.

If it was Ojii-san who is virtually the head of our house to back me up, there’s no problem at all. All is left is how to convince Nadia.

「You will do that?」

「Un, it looks like there’s no other way」

「Then, it is better if you got independent」

「Independent?」

What does he mean.

「It’s not good that you have two wives yet you live in the family house right? Isn’t it natural that you buy a house, and live together with you wives there?」

Maybe that is true.

「Ojii-chan, I’m still 8-years old you know?」

「A man who takes home a wife with his own will is already an adult」

I guess so〜.

There’s no helping it, I should find a way to earn, buy a house, and be independent.

Ah! Before that, I should confirm Nadia’s feelings.

☆

「That was decided, so marrying is the best way, what do you think?」

Returning to the mansion, I talked about that to Sylvia and Nadia.

「Really!」

Nadia was very happy for some reason.

「I can be the wife of the same person with Sylvie?」

「Well, it would be like that」

「I will, I will become a wife!」

Nadia was more eager that I’ve expected, I was confused instead.

「I-I see. What about Sylvia」

「If Lucio-sama says so」

Niccori Sylvia smiled pleasantly. In her age, she was the mirror of an obedient wife.

「Yosh, let’s do that then」

The story was surprisingly organized easily.

Well then, I need a house and become independent.

Chapter 10 – The First House

Chapter 10: The First House

「My name is Carlos Gene who is handling land and structures. I am very thankful of being able to be called today」

In the reception room of the mansion, one merchant was bowing his head to me.

「I'm Lucio Martein. Please」

I let Carlos have a seat.

「I am very honored to be of help to the son of Martein House. Please ask me whatever you want」

He's somehow polite. No, maybe he's VERY polite you could say.

Thinking what would happen next, I somehow feel bad about it.

「I'm sorry, it's not something that Martein House is going to buy, I'm going to buy it using the pocket-money I earned」

It’s an adult that I met the first time, so I talked with child-mode.

「That’s why, I want a very cheap house. I’m really sorry」

「What are you saying」

Carlos said while making a wide smile.

「Being of help to Martein-sama is very honorable. And also, I am very touched with the story right now」

「Eh?! Why?」

「Lucio-sama said that he earned his own money, we started our trade almost 30 years. A 8-year old child□□Please excuse me, I have never heard of a 8-year old boy who tells us to buy a house with his own money. As expected of Martein-sama, I could only say」

……That’s true, it’s normally impossible for an 8-year old child to say “buy a house with my earned money”.

Carlos was praising me with exaggeration, but when I knew that there was a proper reason for that, I felt a little good.

「Well, what kind of lot are you searching for」

「My capital is 5 million Cet」

I told that first.

It’s a line I couldn’t give up.

I bought Nadia for 10 million, that’s why without the backup of Martein House, 5 million was the limit that I could give.

「I see」

「Also a room that you can put a very huge bed. Other than that, I can put up with it」

「A very huge bed?」

「Un, about this much」

I stood up, walked around inside the room, and told him the size roughly.

It’s the size of the bed that is in my room right now.

For Sylvia who wets her bed, I want to keep the bed as big as usual.

「I see」

Carlos touches his chin, and thought about it.

「Well then, how about something like this」

I was taken by Carlos, and went to see the lot in reality.

☆

「Wah〜, So wide」

The place where Carlos took me, was to an empty house in the outskirts of the town of Barza.

It’s a long house that has only one floor, probably has years on it, and honestly it looks shabby.

There is toilet and kitchen generally fixed on it, but it was really shabby.

But as I’ve requested, there was a room that I could put that huge bed in.

Sylvia and Nadia who came together went inside the house, and looked around everywhere.

While standing in front of the entrance, Carlos asked me.

「How is it. Honestly, it’s in the a bit of the extremes, but it matches the conditions so」

「Un, it might be good. How much is this?」

「4 million Cet」

「A little bit cheaper than the capital huh」

「This one is very cheap to the extremes, you can look at the reason」

That’s probably true, if it’s this shabby, then anyone can be convinced it was this cheap.

「Other than this, those that have stories in it would increase」

「Stories in it?」

「Spirits coming out, the previous owner was……something like that」

Something like suicide huh, that’s really not good.

I’m fine with that, rather I can do anything with that using magic, but it isn’t good for Sylvia.

At worst, she might wet her bed everyday.

I looked inside the house.

Un, it might be good.

It might be good as the first lot. Starting from here, changing lots to more better ones gradually looks fun to me.

I approached the two girls, and asked.

「How is it? Sylvia, and Nadia」

「Lucio-sama」

「Lucio-kun」

「How is it? Here」

「If I am together with Lucio-sama, I don’t care where it is」

「I see. How about Nadia」

「Here, I think I can get comfortable」

「It's decided then」

I returned to where Carlos was, and said.

「Thanks, Carlos-san. Here, I will buy it」

「It is good to be of your help. Well then, the contract will be□□」

☆

At night, on the top of the bed that I carried as soon as I can with magic, together with Sylvia and Nadia, the three of us were laying down.

「It's somehow silent」

Sylvia said.

「Only the three of us is on this house. The furniture is also only few, so it might feel more *Shi〜n* than usual」

「Is that so」

「Nee〜 Lucio-sama, if it becomes tomorrow let's clean the mansion」

「Ahh, that sounds good」

「The room in there, let's make it a book's room. We will put a lot of Grimoires for Lucio-sama there」

「That sounds good. Then, let’s make the room beside that a costume room. A room that will be stuffed with Sylvia and Nadia’s clothes」

「M-Me too?」

「Yeah」

I took Nadia’s hand, and said.

「Together with Sylvia, please look lovely all the time. My lovely wife」

When I said that, Nadia flushed her cheeks.

I held hands with Nadia, and also held hands with Sylvia.

We chatted to a lot of things, and slept while holding hands.

With this, I obtained my first house, and started my new life together with my wives.

Starting tomorrow, I should earn a lot more income.

Chapter 11 – Magic Hand

Chapter 11: Magic Hand

「……Ho」

On top of the bed, Sylvia put her hand to around her crotch, and was relieved.

Waking up first and confirming it, she was relieved that she didn’t wet the bed.

「Good Morning, Sylvia」

「G-Good Morning, Lucio-sama!」

Sylvia panicked a little.

The way she checked her crotch, and the bed one more time was very cute.

「What’s up?」

「U〜un, it’s nothing!」

「I see」

I looked at Sylvia while smiling with a pleasant feeling.

「Mornin'……」

I heard a sleepy voice from behind.

I turned around□□I burst out.

「Ahahahahaha」

Nadia in her pajama look, her head has exploded with her bed-hair.

It's a bomberhead that seemed like an afro. It might even look as art.

「What's up……?」

It was more funnier since the person itself haven't noticed at all.

「Wawa, Nadia-chan's head is a mess」

「Sylvia, lend me your comb」

「Yes! I will also take water so you can damp it」

I took the comb and the cup filled with water, and fixed her bed-hair.

While doing that, I was thinking of something.

I need to think of a new trade starting today.

I will continue selling water, but now that I'm independent, I want to do something different.

To live leisurely with Sylvia and Nadia like this, I need to earn a little more.

The problem is, I don't know what to do.

I can do almost anything with magic, so anything is good.

If there's just a spark.

「I wonder if there's anything good for trade」

「How about fish, Lucio-sama」

「Fish? Why fish?」

I looked at Sylvia.

「Uhm, I just associated it with water. I'm sorry」

「Yosh, then let's go catch some fish then」

☆

After breakfast, we went out of the town of Barza, together with Sylvia and Nadia, the three of us walked leisurely.

With my right hand to Sylvia, and left hand to Nadia, that I was holding.

「Ah, a dog」

「That’s wrong Sylvie, that’s a fox」

Just as Nadia has said, ahead of the road, **Hyokon** the fox was showing its face from the bush.

Kyoro*, *Kyoro after it looked around, it went back to the bushes again.

「Cute」

「You want to feed it?」

「Feed? We don’t have any food you know」

「We can just get it」

I looked around.

In a place that was a little far away, there was an apple tree, so I let the two wait and went to the tree.

「Wind Cutter」

I used one magic from the thousands that I’ve remembered.

The blades of wind cuts the branch of the tree.

I caught the apple that was fell, took two of them, and returned to the two.

「Amazing……」

Nadia widened her eyes, surprised.

「Does Lucio-kun, can also use that magic?」

「Lucio-sama can use more than a thousand magic you know!」

「Eeeeeeeh! Amazing!!」

Nadia was surprised a lot.

「It’s nothing special. Rather than that, here」

I gave the apple to Sylvia and Nadia.

The two took the apple, and went towards the bush where the fox was.

Hyokon fed the fox that showed its face again.

A brown-colored fox, and two girls. I narrowed my eyes and watched them.

The two played with the fox for a little while.

Came back to where I was, and held my hands.

And again, we started walking.

「Ne〜ne〜, why does Lucio-kun can use that much magic? Did you read a lot of Grimoires?」

「I read all of the Grimoires that Ojii-san collected」

「Isn't Grimoire, difficult?」

「It's interesting you know, Grimoires」

「Is it interesting?! I heard, that the Grimoires are very difficult though」

「Un, it's very difficult」

UnUn Sylvia was nodding.

「Lucio-sama who could read that continuously is an amazing person you know!」

Like that, she was praising me.

Nadia started to look at me with admiring eyes.

I don't know though, I can only read manga though.

「Ne〜, what else can you do with magic?」

「If it's like basically□□Dress Up」

I casted a magic to Sylvia and Nadia.

The clothes the two was wearing, changed to a different cute clothes.

「Uwaaaa……」

She made a more and more admiring eyes to me.

On the other hand, Sylvia was a little proud.

While I was holding my hands with the two, we arrived at the lake.

「Lucio-sama, are we going to fish here?」

「Yeah, that’s what I’m planning」

「But we don’t have fishing rods you know?」

「Wait a second」

I went to a near tree, and used Wind Cutter. I checked the durability of the branch that I cut off, and wrapped a string in the tip of it.

「Magic Hand」

I used the next magic.

In the string’s end, in the place where you would usually place a needle, a white “hand” appeared.

WashaWasha the hand moved. Un, it can go.

I made two of that, and gave that two to Sylvia and Nadia.

「Here, use this」

「This……is it a fishing rod?」

「It has hands……」

「Think of it that you are going to move that hand」

「Uhmm……Uwa! It moved」

The “hand”, the Magic Hand moved.

The two went inside the lake while taking that.

「L-Lucio-kun! It’s pulling」

「Pull it up」

「Un!」

Nadia pulled the fishing rod the best she could.

What came up from the lake, was the magic hand that was grabbing a small fish.

「Amazing!」

「Interesting!」

KyaKya the two was letting out that while fishing. I made one more fishing rod with Magic Hand on it, and together we fished.

The result is□□the fish took the bait as fast as I could get the hook into the water, so it was undisputed.

Chapter 12 – World War Cockroach

Chapter 12: World War Cockroach

「Kyaaaaa!」

I heard Sylvia’s scream from the kitchen.

Together with Nadia, I ran to the kitchen in a hurry.

I saw there, Sylvia who was making herself small in a corner.

「Sylvie?! What happened?」

Nadia asked. Sylvia was trembling while she makes herself small, and pointed at the opposite direction of the kitchen.

I looked there, I looked at it as if nothing’s wrong with it.

「Ah! It’s a cockroach」

「Kyaaaaaaa!」

Nadia said, and Sylvia screamed again.

When I look at it carefully, there were really one cockroach there.

I see, this is the reason for the scream.

I approached Sylvia, and asked.

「Sylvia. Sylvia isn't good with coc□□this huh?」

**KokuKokuKoku*.*

She didn't even have the leisure to give a reply, **PuruPuru** Sylvia turns towards the opposite direction where the cockroach was, trembling.

Well, she's a girl, being not good with those which shines with black light is something that can't be helped.

On the other hand, Nadia looks like she was quite okay with it.

「How dare you, making Sylvie this frightened……Eiiii!」

Nadia took the broomstick nearby, and jumped at the cockroach while swinging that down.

She swung it from the top of her head, and the broomstick was growling while it hit the ground.

But, it doesn't hit.

ZuZaZaZa the cockroach ran away.

「Take this! Take this! Hit it!!」

BunBun after a minute of the broomstick swinging, the cockroach that pettily ran away was finally exterminated.

I took the flattened cockroach, and threw it outside of the house.

「Sylvie」

「Nadia-chan……」

「It's okay already, I exterminated it」

「Nadia-chan!」

Sylvia embraced Nadia.

With tears on her eyes, she seemed like she was very moved.

She took care of the cockroach, so to Sylvia, she might really look like a saviour.

「But, this isn't good. "If there is one cockroach, think that there's an hundred of them", that was often told」

「Eh……」

Bishi! I think I heard a sound of something hardening.

Sylvia looked at me, it's a face full of despair……this isn't good.

「……Ufu」

「Sylvie?」

「Ufu, ufufufufufu. Ahh……the stars are so pretty」

「Sylvie?! What happened, Sylvie, you okay」

「Ne〜, let me out from here? Please let me out, ne〜」

「Sylvie?!」

To the too much shock, Sylvia went to a garden paradise.

This is bad.

「Sleep!」

「……*Kyu*」

I casted a sleep magic to Sylvia. It effected quickly, and Sylvia fell into sleep.

「Lucio-kun?」

「It would be better if we let her sleep for a while」

「I think so too」

I carried Sylvia who fell asleep on the floor to the bed, laid her down, and returned to the kitchen after that.

「Ne〜, is what you said earlier true? The if you see one think that there are hundreds-thing」

「It’s common knowledge you know」

「No way, what should we do……if there’s really a hundred of that Sylvie wouldn’t take it」

「There’s no other way than to exterminate them」

「But, we don’t know where they are」

「There」

I pointed at the corner of room.

At the place where we saw the cockroach earlier, there was a small hole in the corner of the room.

A small hole that a cockroach can pass through.

「I think that is connected to their nest」

「I see」

「Enter from there, and destroy all of them at once in their nest」

「Enter? What do you mean?」

「Small」

I casted magic to myself.

My body became smaller, and got small enough to pass through the cockroach’s hole.

Relatively becoming a giant instead□□I said to Nadia who looked like a giant.

「With this I’ll enter, and do a search and destroy of the nest」

「I will go too!」

「Nadia too?」

「Un! I can’t forgive the cockroaches that made Sylvie-chan scared」

「……I got it. Small」

I casted magic to Nadia also, and made her the same size.

The broomstick she was holding became small too.

I thought for a while, and casted a different magic.

「Flame Enchant」

The broomstick shines with a red light.

「Wawa, what’s this?」

「I infused it with the power of flames. You should be able to fight with that」

「□□! Thank you! Lucio-kun!」

Nadia was very moved.

BunBun she swings the broomstick.

「Un! It looks good!」

She said with a very confident way.

We entered inside the hole.

Different than usual, an unfamiliar structure’s inside.

I felt like that I’ve become a small dwarf that borrows a house.

Without being able to savor that feeling, we soon encountered a cockroach.

「You came out, you monster. Get ready!!!」

Swinging the broomstick of flames, Nadia charges to the cockroaches.

Because we became smaller with Small, the cockroach like a saint bernard, it became the size that is close to that of large dogs.

Honestly, it was disgusting.

But Nadia didn’t falter at all and charged.

「Flame Laser」

I covered fire with magic.

Broomstick of flames, and magic flames. Attacking at the same time, the cockroach burnt black and cut into two.

「Yosh! Let’s go like this Lucio-kun!」

I exterminated the cockroaches together with Nadia who was very eager.

I didn’t tell Nadia, but to be sure, I casted Boost Magic like Build-Up and Speed-Up on her, so we could exterminate the cockroach safely.

Because we explored the corners of the house while being small, we successfully free the house from the cockroaches.

Chapter 13 – Dragon Knight

Chapter 13: Dragon Knight

「Hello, is this Lucio Martein’s house」

In front of the entrance, a girl was standing.

Her age was about that of a high-school student, and a kawaii-type of girl.

It was a visitor that came to my house.

「Un, that’s right～」

I replied with the usual C〇nan-child-mode.

「Onee-san, who are you?」

「My name is Ignes. Uhm……is Lucio-san in the house?」

「I’m that Lucio you know?」

「…………Eeeeeeeehh!!」

Ignes was very surprised, surprised so much she backs off half of her body.

「Y-You……how old are you this year?」

「I’m 8 you know」

「No way……to think that it would be a child like this……」

This time she was disappointed. She was a girl who is very emotional.

「U〜n, is it okay with a child like this. It’s a child, so it might’ve been just be a Oya-baka, no, a Ojii-san-baka. But I have no other clues, so I should just tell him anyways」

She somehow started mumbling. I can hear it all though.

「You know!」

「Un」

「Lucio-sa□□I was introduced by Lucio-kun’s Ojii-san」

「By Ojii-san?」

「Right, Lucio-kun, was very good at reading Grimoires he said」

It’s true that I’m very good at reading manga.

「Un, I’m very good」

「Really? According to Lucio-kun’s Ojiisan, you can read it with a day, but that’s really exaggerated right」

「Un, he said it exaggeratedly」

「As I've thought……」

Ignes became disappointed.

「It wouldn't take a day you know. Depending on its contents, I could read it within 10 minutes」

「……Eh?」

Ignes was petrified.

With a surprised expression, she stared at me.

「I-It's a joke right」

「U〜un, it's true」

「T-Then……this Grimoire, can you read it for me?」

Ignes took out one Grimoire.

I don't know what she wants to do, but a Grimoire□□if she wants to give me a new magic then there's no reason to refuse.

「It's okay〜. It's hard reading while standing, so can I read it inside the house?」

「Un」

Together with Ignes, I went inside the house.

Entered the room I decided to be living room, and took a seat.

I opened the Grimoire, and started reading.

Sylvia enters the room.

「It's tea, please」

「T-Thank you very much. You are?」

「I'm Lucio-sama's wife」

「Eeeeeeeehh?! Is Lucio-kun, already married」

「Yes. Ah! Lucio-sama have one other wife, but she had things to do and is not here today」

「Two?! Although he's still 8?」

「Un」

「Haa……」

Ignes looked at me intently.

It's somehow uncomfortable being stared at while reading.

「Uhm, why did you want this Grimoire to be read?」

Sylvia talked to her again. Ignes looked at Sylvia's way.

Nice job, Sylvia.

「That, is my grandmother's Grimoire. It's the only magic that Obaa-chan learned, and when I was still a child, she took care of me using that magic」

「Was it like that」

「It's a magic from my memories, so I wanted somebody to use it one more time. So I consulted Lucio-kun's Ojii-san who was Obaa-chan's acquaintance. Because Ojii-san is a famous person that can read a lot of Grimoires」

With Ignes and Sylvia's conversation I grasped the situation.

At the same time, I had finished reading the Grimoire.

「I'm finished」

「Eh? No way! 30 minutes still haven't passed you know?」

「Un, it was a Grimoire easy to read」

「Did you really read it?」

「I'm not lying if I can read the Grimoire or not. Because I can't use the magic if I couldn't read it」

「Ah! I see」

Ignes was convinced.

That's right, you are going to be able to use the Grimoire's magic if you read the Grimoire, so there's no way to lie about that.

「Should I could the magic? 」

「U-Un! Please 」

「Then, let’s go outside 」

We went outside. Sylvia talked to me.

「Lucio-sama, why are we going outside? 」

「You will know it soon 」

I said that, and took a distance from Sylvia. Because that was needed.

「Transform: Dragon 」

I used the magic. My body changes.

Gradually, I became a huge dragon.

Standing in two feet, with wings from my back, a dragon that’s about 5-meters.

That’s right, Ignes’s Obaa-chan’s Grimoire, had a magic to transform into a dragon.

「……Obaa-chan 」

Ignes looked up to me, seemingly moved.

She is probably remembering her Obaa-chan while looking at me.

「Onee-san, how do Onee-san’s Obaa-chan do it?」

「Ah! She let me ride in her back, and fly to the sky」

「I see」

I grabbed Ignes with my claws, and made her ride my back.

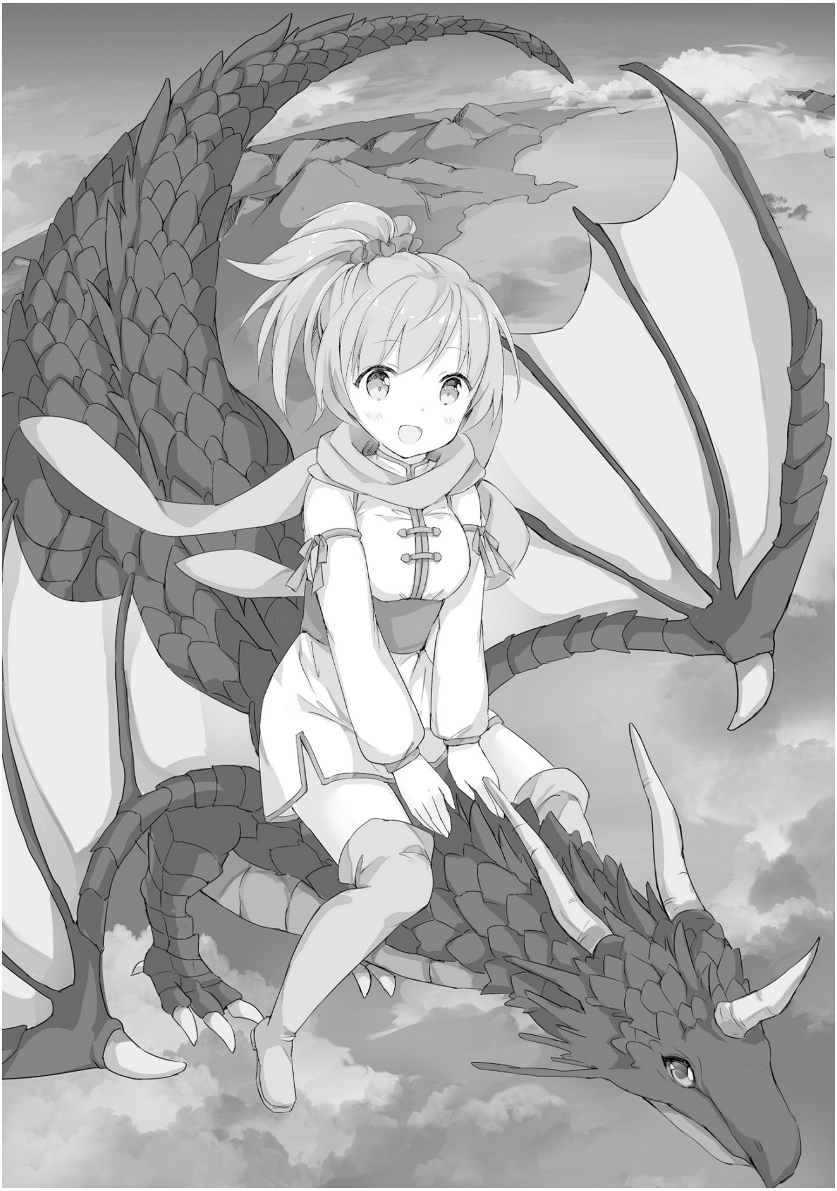
「Then, let’s go. Sylvia, I’ll leave the rest to you」

「Yes, please take care, Lucio-sama」

Being seen off by my lovely wife, I fluttered my wings, and flew up to the sky.

「Waa〜……」

With Ignes in my back, we flew around the vast sky.



「The same scenery at that time……」

「Did Onee-san's Obaa-chan often did this?」

「Un, she always let me ride in her back. If I begged her, always」

「I see」

「Thank you, Lucio-kun」

「U〜un, I’m happy if I was of help」

「Really, Thank you」

Ignes tells her gratitude one more time.

With that Ignes on my back, we flew around the sky for a while.

She was really thankful, and letting a cute girl ride my back while I flew around the sky, is a very precious experience that I’ve had.

Chapter 14 – Date in the Skies with Wife

Chapter 14: Date in the Skies with Wife

I became a dragon, let Nadia ride my back, and flew up to the sky.

I flew so high that you can only see humans as beans.

The blue sky, and the end of the horizon. It was a splendid scenery that makes someone’s heart light, and the wind that flows through my body felt very pleasant.

「Amazing……flying up to the sky felt this good!」

「Is it the first time you flew up to the sky?」

「Of course! Flying up to the skies cannot be done normally!!」

Nadia excitedly said.

「I see. By the way, is Nadia fine with high places」

I think that she is fine because she was until now, but I asked to be sure.

「Un, I’m fine」

「There’s a more fun thing, you want to try it」

「What kind?」

「Wait a minute□□Magnetics」

I used extra magic.

「Ah! I’m stuck to Lucio-kun’s back」

「It’s the magic for magnetism. I think it would be fine, but hold on to be sure」

「Un」

「Then, let’s go」

I said that, and started to fall vertically.

I was flying like **YuruYuru** until now, but right now I swept and soared just like a jet coaster.

「Kyaaaaaaaa, Ahahahahahaha, What’s This, It’s Amazing!!!」

I heard a joyful scream, looks like she liked it.

I heard that there’s a lot of girls who like scream rides, but it looks like Nadia was also that type.

「Yosh, I’ll raise the gears. Here, single-turn!!」

「Waaaahh」

「With additional curves!!」

「Uooooooo」

「Emergency break! □□and then vertical fall!!」

「Kyaho〜i!!」

Nadia was horsed around on my back. It was the same tension of girls riding a roller coaster.

I was also happy that she was glad, so I did a lot of things. She liked everything, and she enjoyed it very much.

「Lucio-kun is amazing, you can do a lot of things」

「Well yeah」

「Ne〜ne〜, you should also let Sylvie ride later, I'm sure she would be glad」

「I wonder if she would. Aren't there girls that aren't good with this?」

「It's okay, I'm sure that Sylvie would love it」

「Then I'll ask her first, then if she like it I'll let her ride」

「Un!」

Relaxed and Leisurely, we flew through the sky.

I saw a tower from far away.

A tattered tower that was about 20-meters tall.

With Nadia on my back, I landed at the top floor.

「The wind feels good」

「The scenery is also nice」

Nadia is still riding on my back.

I have already removed the magic of magnetism, Nadia was holding on to me with her own strength.

The warmth from her hands feels good.

「Lucio-kun」

「Un?」

Nadia moved.

Like playing with a jungle gym or athletics, she climbed my back, and came to my head.

And, she kissed my face.

Chu it was a kiss with a sound.

「Thank you, Lucio-kun」

「It's nothing much」

「U〜un, it's amazing. Lucio-kun who can fly through the skies, was very cool」

Cool, huh.

I am not used to being called “cool”.

The person who said that was my 8-year old wife, but it felt good.

I should let her see more and more of my cool side.

「Dress Up」

I casted magic on Nadia.

Changing appearance, a magic that changes clothes.

From her casual look, she changed to an armored look.

Girl Warrior, or Girl Knight, that kind of look.

「Uwah, amazing」

「Return to my back」

「Un」

Nadia, as she was told, returned to my back.

In my dragon form rides Nadia who was in her armor look.

She’s looked young, but she looked cool with a glance.

「Kishi-sama, where should we go next」

I said it with a theatrical tone.

Nadia became more excited.

「Let’s fly to the sky!」

「As you wish」

I said that, and again, I flew up to the wide sky.

「Lightning」

I used the magic of lightning.

Around where I flew by lightning fell one next to the other.

「Aaaamazing!!」

Nadia, who was only saying the same things since earlier. Her eyes were shining.

We flew like a roller coaster ride before, but now with a complete fantasy atmosphere, we flew like it was cosplay.

She wasn’t showing her excitement look as loud as before, but Nadia was excited silently.

I thought that it’s good that I did it.

「Ne〜, Lucio-kun, look at that」

「Un?」

「Look, there, isn’t someone being attacked there?」

I focused my eyes.

As Nadia have said, in the ground, it looks like a person who was wearing traveler-like clothes was being attacked by a tiger-like something.

「We should save him!」

「I got it. Magnetics」

I casted magic, and descended with a swoop.

In an instant, we reached the place where someone was being attacked, and I landed.

Because of the fast landing, *Do〜n* the ground shook.

「Lucio-kun

「Guoooooooooooo!!

I howled with dragon’s voice.

It was a huge sound that shook the atmosphere.

With only that, the tiger ran away.

Between dragons and tigers, it was a usual scene.

「Are you alright?」

Nadia asked the traveler.

「I-I’m alright, thank you very much」

The traveler was very grateful.

「Uhm, you are……」

I looked behind and looked at Nadia, I winked at her.

Nadia understood with only that.

Like she was playing tricks, she said to the traveler.

「I’m Dragon Knight Nadia, you know」

Like that, she named with something like it.

And while being thanked by the traveler, we once again flew up to the wide sky.

The sun was gradually setting.

「It was fun. Thanks, Lucio-kun」

「Let’s do it again huh」

「Next time, together with Sylvie」

「Yeah」

In the sky with the setting sun, I flew towards the town of Barza.

A fun□□It was a very fun day.

That aside, it looks like Dragon Knight Nadia was on rumors for a while after that.

Chapter 15 – The 20 Man, and the 1000 Man

Chapter 15: The 20 Man, and the 1000 Man

Winter, I became 9-years old.

The my first memory of after being reincarnated and the first morning of being 9-years old, I added a year on my age in the new years, and started to read my age with a year count.

That repeated three times, the winter of 9-years old.

This day, I promised Sylvia to go out together.

I was waiting for her, but Sylvia appeared with a dark expression.

「Lucio-sama……」

MojiMoji she was taking a hard time to say something.

「What is it」

「Today's plan, can I be sorry with it?」

「Why?」

I asked, but Sylvia doesn't answer.

She was **MojiMoji**-ing a lot more.

After waiting for a while, Sylvia gave up and told me.

「My bangs……I failed at cutting them」

「Bangs? Ahh, you cut it a little huh」

Being told, I remembered that her hair had really something different since yesterday. She cut it huh.

「Isn't it good with that」

「It is not, it is strange. With this, it is so embarrassing I cannot go out walking with Lucio-sama」

The way I look at it, it looks good to me, and it rather looked cute.

But it seems that it doesn't look good to Sylvia.

「Wait a minute」

I searched my memories.

I searched from the Grimoire manga I read until now, something that can be of use.

There's something, that was fit for that.

That had a very sad title. It's a manga with a title『They are, talking about my hair again』.

「Growth」

I chanted the magic that I had learned.

NyokiNyoki Sylvia's hair grew.

Her bangs and the back of her hair grew, and became as long as her height in an instant.

「Wawa! T-This is?」

「It's a magic that makes hair grow. A magic just for that」

「Amazing……」

「We can go out with this right」

「Yes!」

☆

I went out together with Sylvia who cut her hair.

Sylvia who returned to her usual hairstyle was wearing lovely clothes.

On top of her one piece dress, she was wearing a fluffy coat. Under her skirt was knee-socks.

I, like knee-socks with volume, but the 9-year old Sylvia's thin legs knee-socks also looked very cute, I thought.

With that lovely Sylvia, we walk around the town, just like a date.

「Are you sure here’s fine?」

「Yes. It is very fun」

「Really? Aren’t we just walking? If you want, I could change to a dragon and we can fly around the sky」

I suggested the flight with the dragon’s appearance that Nadia liked a lot, but Sylvia didn’t feel like it.

「It’s okay. It’s fun just walking together with Lucio-sama like this」

Timidly, but she said it clearly.

If she’s fine with it, then it’s also fine for me.

And after that, we walked around the town for a while.

Sylvia looked around here and there, just like what she said, she was having fun but I wanted to do something for her.

While I was thinking like that, I saw something like a crowd.

「I wonder, what’s that」

「People are gathering huh」

「You want to go there」

「Yes」

I walked towards where the people was gathering together with

Sylvia.

In Barza's plaza there was one young man, and girls that surrounds him.

The man was around a 20-year old young man, **KyaKya** the girls that was looking at him were raising joyful cheers.

「The last is this, 『Diamond Dust』」

The man used magic.

Crystals of ice appeared.

It was large crystals, and it was shining while it reflected sunlight.

「Amazing! He really could use 20 kinds of magic」

「As expected of Adriano-sama」

「Ne〜ne〜, can you show that once again?」

The girls were very excited. I wonder what it was.

I saw a middle-aged man who was crossing his arms while looking at it with an unhappy expression nearby,

「Ne〜ne〜Oji-san, what is that?」

I approached, and asked with child-mode.

「Un? That’s the Royal Magician-sama」

「Ro〜yal〜ma〜gi〜cian?」

「Right, the town of Barza’s most successful man. With his ability to read 20 books of Grimoire in his age, he was selected as the Kingdom’s Royal Magician. When he came back after a while in his hometown, so the girls was making noises, that’s what it means」

「It was like that」

「Ke! I couldn’t watch that」

The Occhan said that, and left the place.

I mean, Royal Magician huh.

He should be amazing, and he is probably be wealthy.

If he’s like that at 20-years old, he sure is on a ride to the elite successful course.

When I was thinking like that, I noticed that Sylvia seemed strange.

She somehow had an annoyed face looking at Adriano.

「Sylvia? What is it?」

「I am not convinced」

「Not convinced you say, to what」

「That, that person is being cheered by everyone like that. Being able to use “only” 20 kinds of magic, that isn’t much」

Ah〜Well, that’s right.

Sylvia who knows about me might probably think like that.

Because I am not 20 only, four-digits……I can use more than a thousand magic.

If I was Sylvia I would think that is a lot higher than Adriano.

Sylvia was still annoyed.

Even if the girls that swarmed to Adriano left, she was looking at their back with an annoyed face.

「Sylvia, stop that face. Your lovely face is ruined」

「But……」

「……Wait a minute」

I wanted to make Sylvia smile.

「Bubble」

I chanted magic. Big and small bubbles appears.

It’s a magic only used to create bubbles, but I used a combination.

「Diamond Dust」

The same magic that Adriano was using earlier, it was a magic that

I learned the second day after reincarnating.

The crystals of ice stuck with the bubbles, and freezes them.

The bubbles stuck to the crystals of ice.

How it looked, was like a laminated super ball and it was very pretty.

It became what I’ve imagined.

I took that softly, and placed it in Sylvia’s palm.

「Here」

「Beautiful……」

Sylvia made a little smile.

「Thank you, Sylvia. For thinking of me as better than that person. This is the thanks for that」

「Lucio-sama is really more amazing than that person!」

「Thank you. Yosh, then I will show you a more amazing one」

「Is it amazing?」

I used a different magic.

I first summoned an eggplant and pumpkin, made that larger, changed its shape, and gave it artificial life.

It was a combination of four kinds of magic, with this, an eggplant horse and pumpkin carriage is served and ready.

「Uwaaaa」

「Please, my princess」

「P-Princess?!」

Sylvia was confused.

「Oh no, I am not a princess」

「I disagree, Sylvia is a very lovely princess. A very, very lovely princess of mine」

「Lucio-sama」

「My magic, is only for that princess」

Sylvia was startled. It looks like she got what I've wanted to say.

Rather than being cheered **KyaKya** like those girls, Sylvia……and she's not here, but also Nadia, is much more important.

I just, made that clear into words.

「My greatness, is only Sylvia and Nadia」

「□□Yes! Lucio-sama!」

Sylvia nodded with a wide smile.

The two of us rode the carriage, and took a drive outside the town.

The fairytale-like pumpkin carriage looked so well with the lovely Sylvia, and it became a very fun date.

When we returned home, Sylvia finally lost her anger, but instead, started to think about the girls that swarmed to that man with pity.

Chapter 16 – The Queens of Ice

Chapter 16: The Queens of Ice

「Lucio-kun, Lucio-kun」

While I was sleeping, I was awakened by my body shaken.

I wiped my eyes and raised my body, and Nadia was looking at me with an excited expression.

「Fuwaah. Good morning. What is it」

「Outside!」

「Outside?」

「Un, Outside! Just come!」

Pulling me by my hand, I was taken out of the room.

After going out of the house, we went to the yard.

There, was a scenery of silver world, snow was piled up.

「Lucio-sama」

Sylvia was also there. She also had an expression that she couldn't stay on her place and was very excited.

「Did fall last night」

「It's amazing right! It's the first time I saw snow piled up this much」

「Is that so?」

「Un! At the place that I was living before it almost never fell, it sometimes do but is was *PechoPecho*-like snow」

「Ahh, I see. ……Then you have never done this」

「This?」

「Look」

I imagined a pose inside my head, took that pose, and jumped in the snow.

My body shrunk to snow. The soft snow enveloped my whole body.

Usually it would seem such a pity after this, but I have magic right now.

「Fly」

I used the magic that can only make something fly, and floated from inside the snow.

Then returned to where Nadia was, and landed.

「Something like that, you've never seen before right」

「Wah, it became Lucio-sama's shape」

「Ahahahaha, it looks fun」

The snow was clearly shaped, and the pose that I took shrunk to the snow.

Because the pose was interesting, Sylvia and Nadia liked it very much.

「It’s the cliché during the first snow. After that is snow-ball fight」

「Snow-ball fight? What’s that」

「I know that……like this」

Sylvia made a ball from the snow, and threw it lightly to Nadia.

「It’s the game that you with hit it like this」

「Normally it is played with different teams. How’s this, Sylvia and Nadia will make a team, and the other team will be fine with me alone」

With three people, I suggested the teams made if it was played with opposite sex.

「Eh〜, I want to be in the same team as Lucio-kun」

「I also, I want to be the same with Lucio-sama」

「Then, let’s make a team with three of us」

「Un」

「Wait wait, if the three of us are the same team, what will be the opponent」

「Lucio-kun should do something about it」

Nadia declared naturally.

She said it naturally, and she was making an expression that if it’s me I could do something about it.

Well yeah, I could though.

「Then, let’s first build a snowman」

「Snowman?」

「It’s something like this, Nadia-chan」

Sylvia stuck two snowballs, and made a palm-sized snowman.

「In here the eyes, the hands……Ah! wait a minute」

She ran to her room, and took out a small cloth.

She wrapped that to the snowman’s neck, and used it as a muffler.

「You do it like this」

「Wah, so cute!」

「Then with this」

I casted magic to the snowman.

It was the magic that gives life to a non-living thing, also can create a simple homunculus.

The snowman moves, it jumped from Sylvia’s palm, **PyonPyon** she jumps around on the top of the snow.

「Amazing, so cute!」

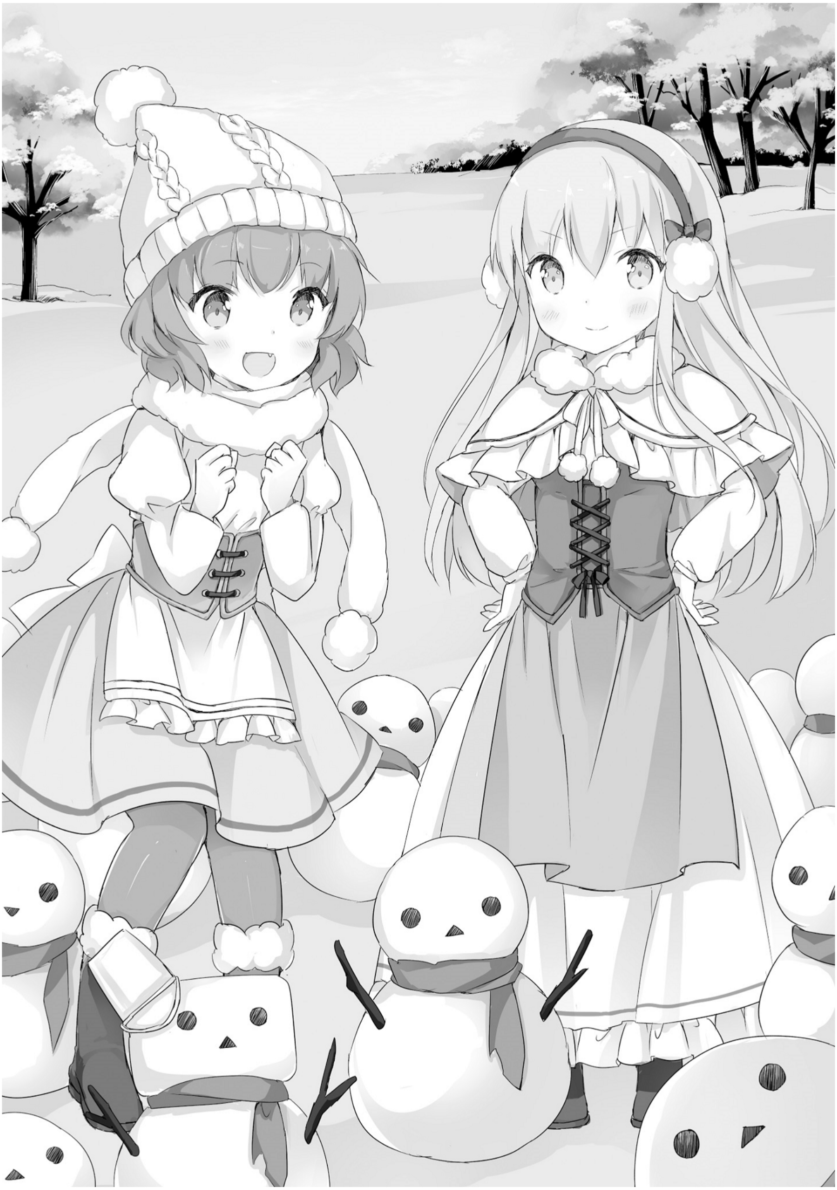
「There’s also something like this」

I made a snowman that was a little different.

A bit squared, a snowman that has 「●」 as it’s eyes, and 「▲」 as it’s mouth.

Honestly, it’s Danboru.

「Ka〜wa〜ii!!」



Nadia’s eyes shines very bright. Un, it’s cute right.

I made a few snowmen, and gave life to it.

And with the three of us, against the snowmen, we started the snowball fight.

「I will make snow balls, so Lucio-sama and Nadia-chan should throw them as much as you want」

「Un!」

「I got it, I’ll leave it to you」

I followed Sylvia’s suggestion.

Sylvia made the snowballs, Nadia and I threw it.

The snowmen also made snowballs and started throwing them.

Laughter and snowballs were thrown around.

Because the opponent was a snowman, the snowballs stuck to it one next to the other, became bigger and it made its movement dull, became a lot easier to hit, and became bigger□□That repeated.

Not lasting even five minutes, all the snowmen was covered with snow ball and cannot move anymore.

「Ahahahahaha, Victory!!」

Nadia made a V-sign, she’s on the roll.

「It was so fun! Snow-ball fight」

「I think so too」

「Ah～, after moving around my throat is parched」

「Ah! I will go bring drinks」

「Ahh wait a minute」

I called Sylvia to a stop.

Rather, I made a new snowmen, cute snowmen with 「▲」 and 「●」.

I made few of those, and gave life to it altogether.

「Drinks, and also food」

When I ordered them, the snowmen started moving at the same time.

They entered the house, and started preparing drinks at food as they were ordered.

WaraWara the 「▲」 and 「●」 snowmen moved.

They took out tea, took out snacks, and even started to massage Sylvia and Nadia's shoulders.

Sylvia who didn't like being taken her job at first, gradually started enjoying it, and together with Nadia, she was delighted of being taken care of with everything.

At that time, I became happy seeing the two smile while being taken care of, so I secretly increased the number of the snowmen.

By the end of it, there was over a hundred of them, and the two looked like a queen.

Chapter 17 – The One Slim of Wall of Summer and Winter

Chapter 17: The One Slim of Wall of Summer and Winter

「Lucio-kun!」

When I was reading Grimoire while looking at the snow, Nadia ran inside the room with a rushed expression.

「What」

「Do Lucio-kun know about the sea?」

「Sea?」

「Yes, sea!」

Nadia made a fist with both of her hands, and approaches me.

「Sea you say, that large and salty sea?」

When I expressed it literally, Nadia's eyes started shine.

「You knew about it! Ne～ne～, what kind of place is that? Tell me more about it」

「Haven’t you gone to sea」

「Un! I heard it before from the people nearby, but I couldn’t imagine what kind of place was it」

「I see」

I thought about it.

If she’s saying that she had never come to the sea, I want to let her see the sea.

「Yosh, I’ll show you the sea」

「Really?! Thank you, Lucio-kun!」

I left the Grimoire behind, and stood up.

I went out of the room, and stood in front of the room that isn’t often used.

「Lucio-kun? Aren’t we going to the sea?」

「Wait and see」

I recalled a usable one from the thousands of magic I remembered, and reached out to the door.

「Replace」

The door flashed in an instant, but the light soon disappeared.

It felt it worked, I was confident that the magic succeeded.

「Yosh, let’s go」

「Go you say□□Wahh!」

The instance I opened the door, Nadia’s eyes shined.

The blue sky, the bright sun, and white sands.

Through the door, the sea was there.

「What’s this, this is inside the room right! It’s an empty room right」

「Yeah. I copied the space with magic. This is the sea that is really somewhere in reality」

「Amazing!! This is the sea huh……the sea’s really hot right!」

Nadia was moved, and took off the clothes that made her feel hot.

She entered inside, and looked around beaches here and there interestingly.

I entered inside and closed the door.

A hot sea, it’s like I’ve come to a tropical country.

「It’s not like the sea’s hot you know」

「Really?」

「Yeah, I just copied the sea in from a hot place」

「Why?」

「That is□□」

「Kyaa!」

When I was going to say the reason, Nadia suddenly fell.

She fell backwards, and fell on her butt, on the top of the sand.

「It hurts〜. What's this, my feet was pulled by the water」

「Ahaha, it's that kind of thing. If the waves pulls back, your feet is taken with it like that」

「Mou〜, I've become very wet」

「Well, that's alright」

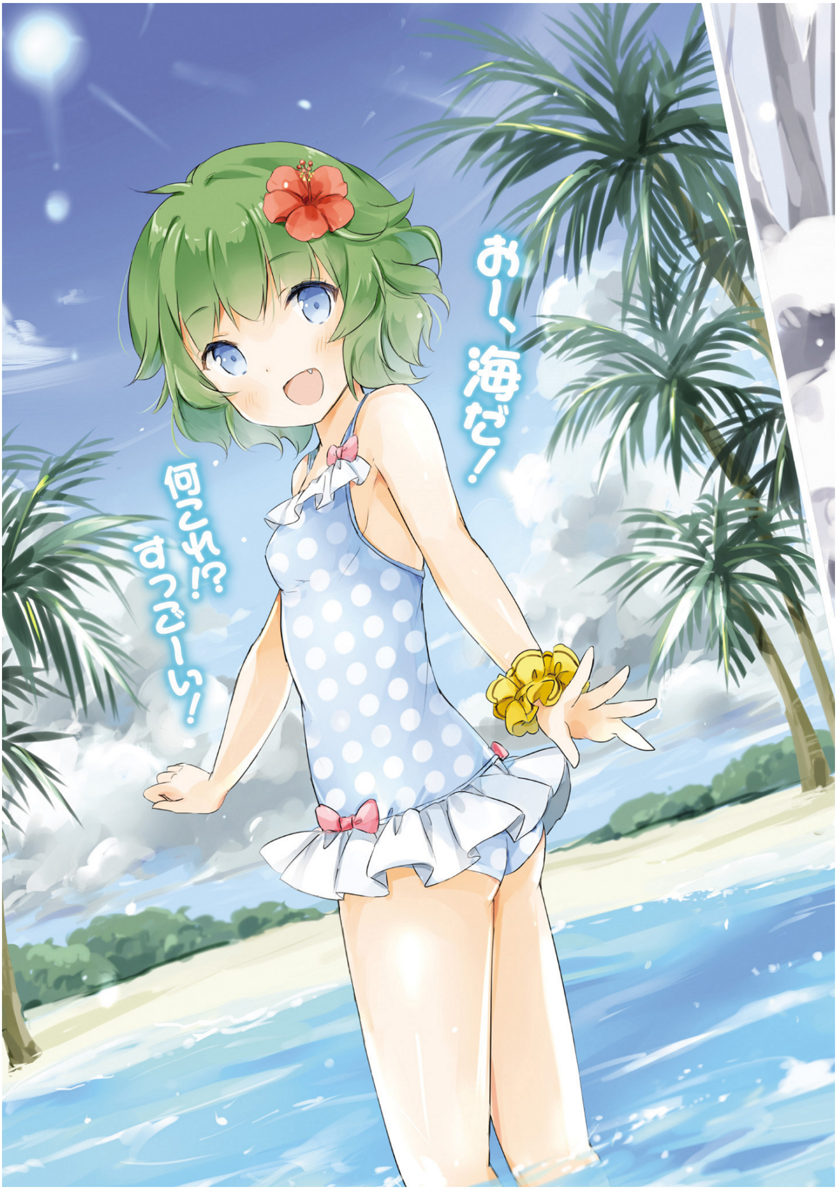
「Eh?」

「Dress Up」

I casted magic to Nadia.

The magic enveloped her body, and her appearance changed.

It became a cute swimwear with polka-dots and frills.



おー、海だ！
何これ!? すっごーい！

「Un, Kawaii Kawaii. Just as I've thought Nadia is also cute in your swimwear look」

「You call this swimwear huh」

「Right, they’re clothes for playing in the beach, or swimming. Those clothes are alright even if they get wet, so you should go play with all your heart’s content」

「Un!」

Nadia ran around with the waves. *PashaPasha* she was enjoying the beach.

「O〰i Nadia, you see the clams that fell in your feet right? Pick that up and place it in your ears, it’s interesting」

「Uhmm let me see……Oh〰, I can hear the sea’s sound, what’s this it’s amazing〰」

Nadia enjoyed furthermore.

If she play around that much her throat might be parched.

I left the room, thinking I should get her something to drink from the kitchen.

「Lucio-sama」

I encountered Sylvia.

「What is it」

「Uhmm……had Lucio-sama enter a hot spring before?」

「Hot spring? The thing that is like a natural bath」

「You really have!!」

「Yeah」

「Uhm……do you know what kind of place is that? I heard from the neighbors 『Although it was inside, even if it was winter hot water still comes out』, but I couldn’t imagine it」

「I think it’s hard to imagine if you haven’t actually seen it…… Yosh」

I thought I would show her the hot springs.

「Sylvia, go get a towel」

「Yes!」

I stood in front of the room’s door that was beside the room that had become the sea, and reached out my hand.

「Replace」

After the door lightened, I entered inside the door.

There, was a mountain in winter.

Surrounded by trees and snow, a natural hot spring sprung from the ground.

Sylvia who returned with a tower with her was surprised.

「Come here, Sylvia」

「T-This is……is this Lucio-sama’s magic?」

She entered the room, *KyoroKyoro* and looked around.

「Yeah, I copied the hot springs from somewhere. This is the hot springs」

「Uwah〜……it really is warm although its outside…… Isn’t this also Lucio-sama’s magic」

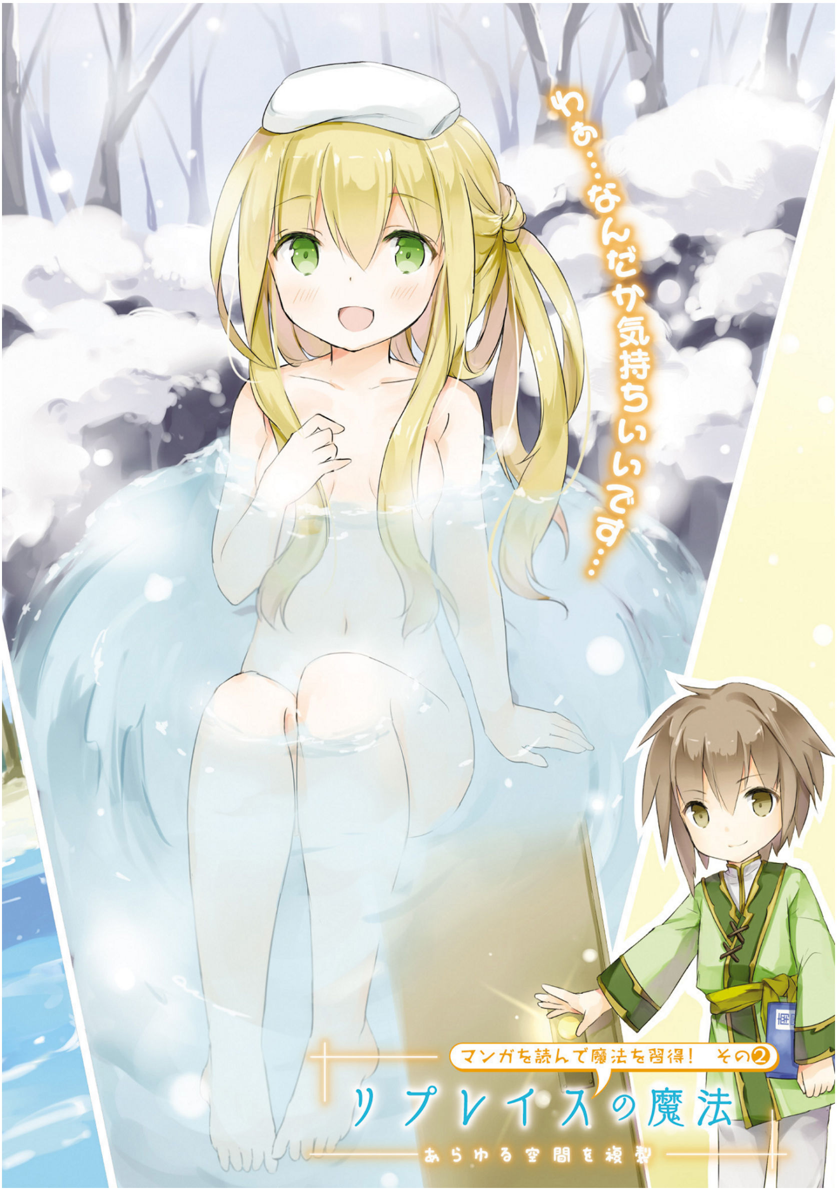
「No, this is a normal hot spring. Natural hot springs usually feel this way」

「Wah〜……」

「You want to enter one? The hot springs that has cold air outside feels very good?」

「T-Then……」

Sylvia took off her clothes, and entered the hot springs.



わぁ…なんだか気持ちいいです…
マンガを読んで魔法を習得！ その②
リプレイスの魔法
あらゆる空間を複製

「Wah……what’s this……somehow……feels good……」

「At those times you should say 『Ikikaeru〜』」

「I-Ikikaeru〜……Ah, it somehow feels good」

「This is the hot springs」

「It’s amazing……」

Sylvia soaked to the hot springs and relaxed.

「Just wait for a while」

I left the hot springs room.

I wanted to let her drink milk after she comes up, so this time for sure I went to the kitchen.

I took the juice for Nadia, and made a fruit milk for Sylvia in the kitchen, and I took that and returned.

「Lucio-kun□□Eh?」

「Lucio-sama□□Ah!」

When I returned, the two just came out of the room.

Sylvia wrapped a towel to herself, and Nadia with her swimwear look.

The two made a surprised face and looked at each other.

「What happened, Nadia-chan, with that look」

「Sylvie also, what’s that」

「Uhmm, I let Lucio-sama take me to the hot springs and」

「I let him take me to the sea right now」

「Sea?」

「Hot springs?」

The two tilted their head at the same time.

And changing places, Sylvia went to the room with sea in the summer, and Nadia went to the room with hot springs in the winter.

「Where’s this? What is this」

「Uwah! There’s a bath outside! What’s this」

The two got excited.

「Lucio-sama!」

「Lucio-kun!」

They showed their faces from the room at the same time, and looked at me with an excited expression.

After that, with the two exchanging to each other, they come and went and enjoyed summer and winter.

Chapter 18 – Cat and Dog

Chapter 18: Cat and Dog

「You first read this part, then the next is this panel. Ahh, before that, it has sound effects, right. That is overlapping but it’s this panel’s sound effect」

「U〜n」

Nadia was staring at the Grimoire while groaning like **UnUn**.

“Teach me how to read it”, Nadia said, so I was teaching her how to read a manga.

「This one is?」

「This sound effect is on two panels」

「He〜, is that so」

Nadia looked at it intently.

「Un!」

After a while, she closed the manga.

「Did you read it?」

「I didn’t read it」

I was told frankly.

「Couldn’t you read it? Where is the part you don’t get? Tell me」

「I don’t know where’s the part I don’t know」

「……It’s impossible, with that」

There’s no way of teaching. I can teach the part where she would say she couldn’t understand, but if she doesn’t even know that, there’s no way of teaching it.

By the way, the manga itself was a very normal manga.

It was a love-comedy of a man and a woman, who had the keyword “The Promise when we were still a child”.

「I don’t know, but Lucio-kun could read it so it’s fine. Ne〜ne〜, this, what magic is it?」

「It’s the magic called Promise. If I use it, I can make the promise be protected forcefully. I can’t force something that isn’t promised, but it’s a magic that will make promises unbreakable」

「He〜」

「For example, the time when I gave Nadia that ring」

I pointed at Nadia’s ring finger, there was the wedding ring I gave her.

「If I casted this magic on that, I can make it that you protect the promise of being together until we die. By the way, I can use it even after promising. We promised during the wedding, I can still force you to protect that promise」

「Fu〜n, it doesn’t mean anything at all」

「Doesn’t mean anything?」

「Un, because I’ll be together with Lucio-kun forever」

Nadia said that naturally, so I was taken aback.

Soon after, I became happy.

I was happy that she said we’ll be together forever without using magic.

I was so happy, I want to do something for her, when I was thinking of that.

「Lucio-sama! Please help me!」

Sylvia ran from outside the house.

With a pleading face, her eyes were welled with tears.

☆

I came with Sylvia to the town’s plaza.

There was a traveling circus there.

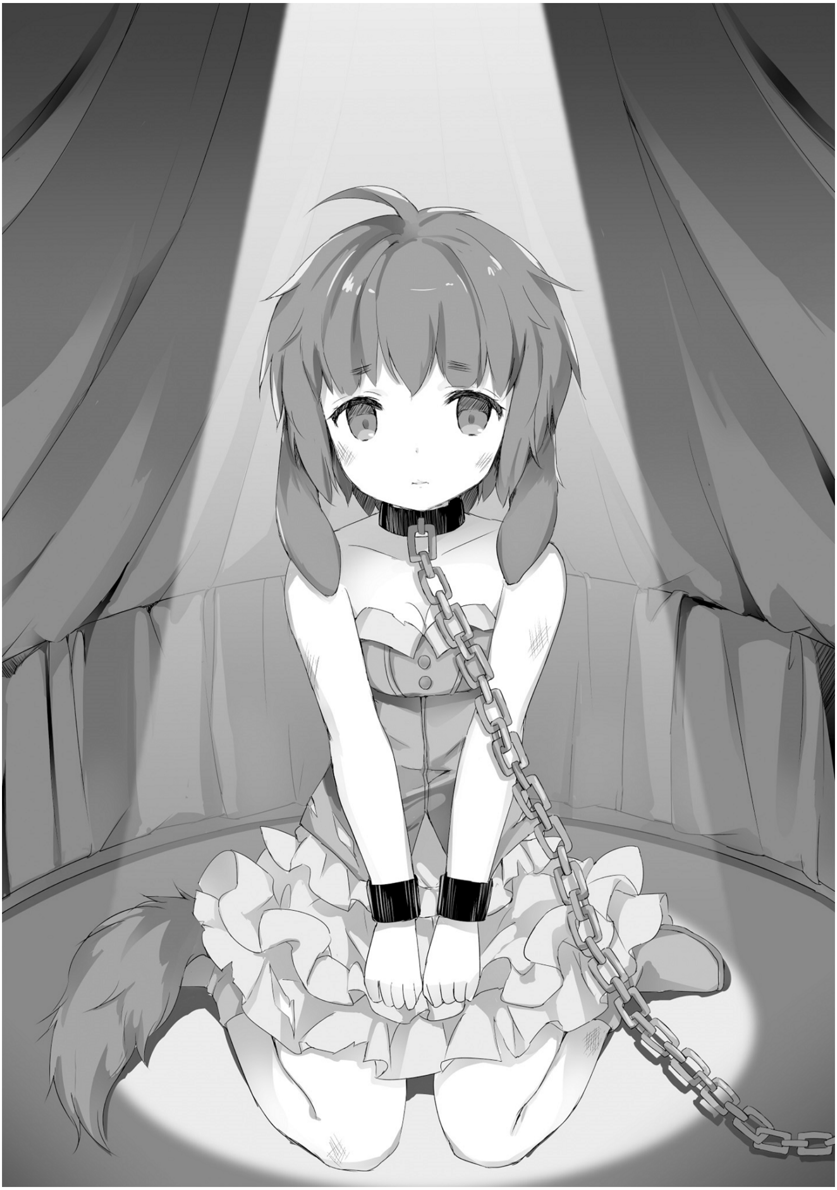
We paid money, and entered the tent.

Inside the tent was quite bustling, and filled with customers.

After waiting for a while there, the circus’ person, a man took a girl with him.

The man was around the middle age of thirties, was very fat, and was making a very friendly smile.

The girl was very cute, a girl with dog ears. She was wearing a collar.



I don’t know if it’s because she have dog ears, she looked very obedient that you can associate her with the loyal dog Hachiko.

……Dog ears huh. I was thinking that I might encounter that in the near future after reincarnating in another world, but I didn't think I'd meet it here.

「Ladies and gentlemen. Thank you for coming today」

The man said with a theatrical tone.

「What's here is the rare in the world, a girl with dog ears」

「Dog ears aren't that rare at all□□」

One of the customers heckles.

Is it not that rare.

「That is correct, if it was a normal dog ears girl it is□□But!!」

The man emphasized, and took the bucket that was placed in his side.

「What's inside this is normal water, as you can see, its normal water that is drinkable」

He drank a sip, and continued.

「This water□□when I splash it!」

He splashed the water in the bucket to the girl with dog ears.

The crowd clamors.

The girl who had dog ears until now, became cat ears.

Her face was the same, but from a very obedient kawaii-type, she changed to a strong-willed beauty-type.

It's like a stranger with the same face, it was that much of a change in her atmosphere.

「Just like this, she changes into cat ears」

「Oooooohh!」

「Furthermore, if I splash her one more time! Looook, dog ears again」

The man splashed water a few times to the girl, and shows that change.

It seems that was really rare, so the audience were cheering, and was very rejoiced.

「Lucio-sama……」

Sylvia who took me here, was grabbing my clothes, and looks up to me with painful eyes.

☆

After the show had ended, I went to the back of the tent with Sylvia.

I heard voices of argument.

「How long are you letting me work!!」

I heard a girl's shout. It was with a very fierce manner.

I stopped my feet together with Sylvia, and looked at that.

There was the man and the girl earlier.

The girl was with cat ears, and was glaring at the man with her slanted eyes.

The man was looking at the girl with cold eyes. It was a 180 degrees change compared to the customers, it was eyes that looked down on people.

「What are you talking about」

「Don't pretend you don't know! This is different from what we talked about!」

「Talk? What talk?」

「Don't pretend you don't know, you said that if I follow you and act with a performance for one year, you will make the house’s debt off and release me, that was the deal right? It’s already a year!」

「U〜n? I wonder if that’s right」

「Don’t pretend you don’t know! In the first place□□」

The girl tried to say something further, but the man, with a bored face, splashed water to the girl.

The cat ears became dog ears.

Her atmosphere had a sudden change. She was lashing against him until that, but became obedient instantly.

「Uu……you’re so cruel」

「Ahnn?」

「Uu!」

It seems that she was weak-minded while she’s dog ears, and was intimidated to the man’s worthless threat.

「Fun. Clean up and tomorrow’s preparation, do it properly」

「……U-Uhmm」

「What」

「T-The promise……」

「You still say that!」

The man threw the bucket that became empty. And slammed it in the ground near to the girl.

The dog ears girl made her body small and trembles.

I looked at Sylvia, she had a very sad, and pleading eyes while looking at me.

I figured out the situation.

I went towards the man.

「Ne〜ne〜, Oji-chan」

I talked to him in child-mode.

「Un? What's the matter boy, this is the backstage, you shouldn't come in without permission you know」

Not knowing that I was looking up until now, the man wore a merchant's smile and said to me.

His appearance of talking to me in kneeling position, made him look like a good person.

「That Onee-chan, you should release her」

「What are you saying□□」

「That Onee-chan worked a lot right? Then it's already okay right」

When I said that, the man's face colors change.

「Listen up kid. This is conversation between adults, it's a business talk. A kid like you shouldn't butt in」

It was still with a kind tone, but he was clearly treated me as a kid, saying it as if he looked down at me.

……Business you say.

「Then, I'll pay money, so I'll take care of Onee-chan」

「You kid?」

「Un, how much?」

「Let me think……about 10 million Cet」

「Eeeeehhh, the debt is only 1 million Cet〜?」

「Shut up, interest comes with borrowed money. Leaving out the money you returned to the interest, it's 10 million Cet right now」

「No way〜……I can't return that even if I work〜……」

「……How disgusting」

I returned to my normal way of talking.

The man said "Ahn?", and glared at me.

「You're just like a loan shark」

「Say what you want, that's parents borrowed, so that's parents are bad ones. If you borrow money you return it, kid, this is the adult's world」

「Is it okay if you don't protect your promise」

「Promise? That's something made to be broken」

「Nope, promises are made to be protected」

「What are you say□□」

「Promise」

I casted magic to the man.

It's a magic that forces someone to protect their promise.

If he really promised□□.

「Tch, it can't be helped」

The man said that, and went towards the dog ears girl.

Removes the collar from her.

「Done, go wherever you want」

「I-Is it okay〜?」

「It was a promise, Khe!」

The man discarded those words, and disappears inside the tent.

The magic was a success, it properly caused its effect.

「Thank you very much, Lucio-sama」

「It’s not that much」

「Even so, thank you very much」

I was thanked by Sylvia.

「Uhm〜……」

I was called with a timid voice.

The dog ears girl approached, and cautiously talked to us.

「Thank you for saving me……uhmm」

「Let’s change clothes first」

「Eh?」

She might catch a cold drenched.

「Sylvia. Can you go back ahead and heat the bath」

「□□! Un!」

Sylvia, with great joy, ran towards the direction of the house.

「For the mean time, let’s go」

I reached out my hand to the dog ears girl.

She hesitated a little, and took my hand.

I don’t know if it’s because she’s a dog, I was somehow trusted very much, and stares at me with feverish eyes.

For the mean time, I decided to take her to our house.

Chapter 19 – Cat and Big Brother

Chapter 19: Cat and Big Brother

I brought home a cat.

She was treated badly on the circus, her clothes were somehow tattered, and her body was also dirty.

That’s why, I let Sylvia let her enter the bath first.

「Kya!」

Sylvia’s scream, and **Pasha**, there was a splash sound.

What happened, I thought, and when I went to the corridor, I saw a girl with cat ears running.

With thin clothes that worn before entering the bath.

「I’m sorry Lucio-sama, please catch her」

「Ahh」

I lightly dodged the girl with cat ears who was running towards me, and caught her by her neck.

As soon as I did that, she became suddenly behaved.

She started at me with eyes of despise.

「Here, go back, let her wash your body properly」

「No」

「No, you say……」

「I don’t want to be washed by that person」

「Un? Is the person the problem. Nadia□」

I let out a voice, and tried to call Nadia.

「That person, no」

「No, you say, although you haven’t met Nadia yet?」

「Anyways, no」

I was somehow told selfishly.

「Then, you want to wash yourself?」

When I asked, the girl with cat ears pointed at me.

She pointed at me directly, and started to stare at me.

「Me?」

「Yes」

「No, but I’m a man, there’s a lot of things wrong with that right」

When I was hesitating, Sylvia caught up.

Because of the splashes earlier, she was drenched.

「Sylvia, can you stand there for a minute」

「Yes」

「Appearance」

I reached out my hand, and casted magic on Sylvia.

The light of the magic enveloped Sylvia, and changed her appearance.

When the light dissipates, Sylvia’s looked the same as me.

When we are standing beside each other, you can almost see us as twins, she looked like me that much.

「How’s this? With this, you can let Sylvia wash you right?」

I asked the girl with cat ears, but she answered promptly, and instantly shook her head.

「This one’s good」

Like that, she pointed at me again.

☆

Inside the bathroom, I washed the naked girl with cat ears.

I looked a way for some reason.

Her nude, her breasts were amazing.

A beauty’s large breasts, that was it if said with a few words.

I was so shy so I looked away because I couldn’t look at her directly, and made a trivial small talk.

「Your name is?」

「Mami」

Surprisingly, she answered honestly.

「I am Mami. The other one is CoCo」

「The other one, you mean the girl with dog ears」

「Yes」

「Your names are different huh, in the first place, are you different persons?」

「Un, different person. Coco and I are different persons」

「He〜」

It’s not like they were only changing appearance huh.

Changing bodies after splashed with water, and personalities also changes, huh.

The name of the girl with dog ears is Coco, and the name of the girl with cat ears is Mami.

「You’ll change to each other when splashed by water right. Why is it like that?」

「I don’t know. It was like that since I remember」

「Is only water is needed to be splashed? How about hot water?」

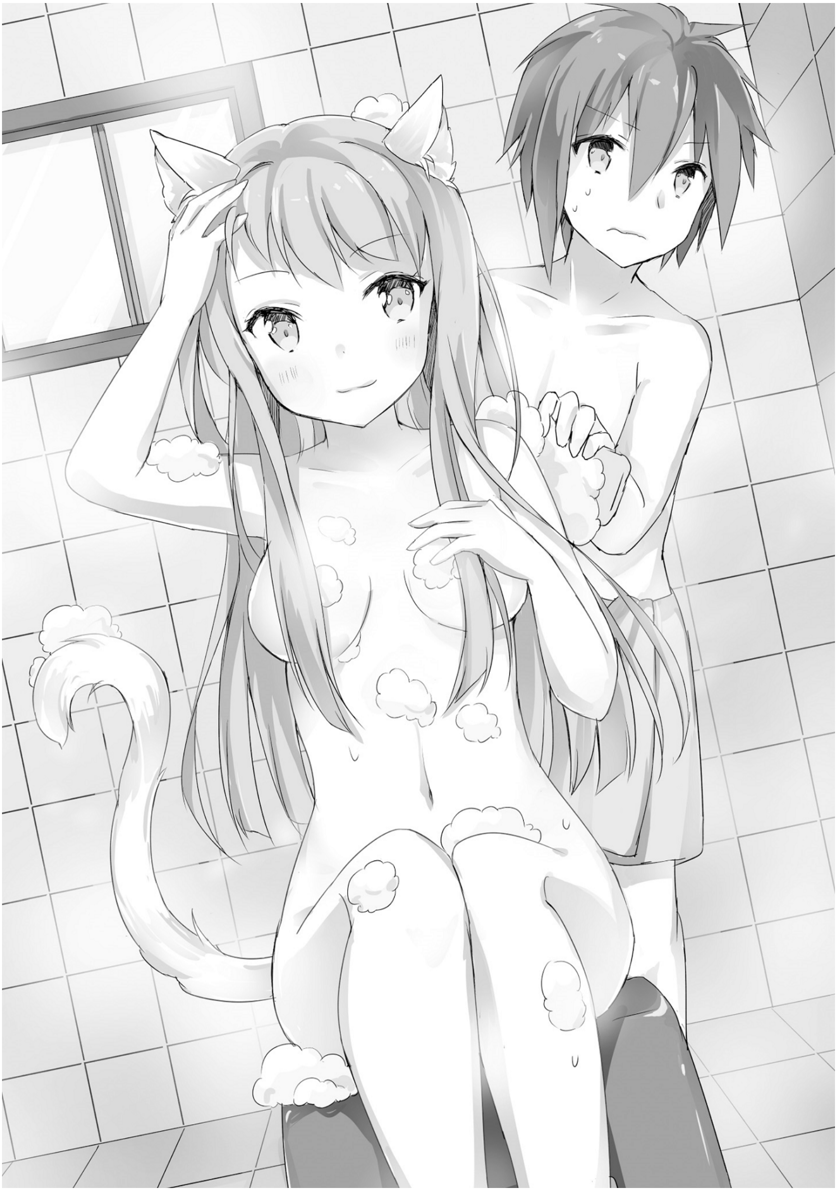
「Water only」

「Then, even if I wash it, it’s okay」

For the mean time, I washed the soap on her back.

This time, I washed her arm.

While I was washing her, and even when we made a small chat to get distracted, I looked away from Mami.



「……」

Mami looked at me, and moved her body.

She moved her body to the place where I was looking, and stared at me from there.

Naked of course□□because I could see her breasts, I looked away.

And then, Mami moves again.

Moved, and I looked away.

I looked away, and she moves.

We repeated that.

After that, for some reason, Mami started to smile gradually.

It was a fun smile.

She was originally a beauty, and she smiled. I couldn't look at her directly more and more, so I looked away.

It looks like this is really bad, it's bad to repeat this vicious cycle.

I made up my mind to washed her, and looked straight at her instead, and asked.

「Is there any other place you want to be washed?」

The plan succeeded. Mami who was stared at, looks away.

Thought for a second, and answered.

「H-Here」

And, pointed at the base of her tail.

「Un? Ahh, that place should really be washed properly.」

The base of the tail, the boundary of her butt and her tail was quite dirty.

Things like soil and dust, those had become a clump and had clotted.

「I got it, turn your hips here」

「Un……」

Mami became on fours, and thrust her hips to me.

I washed her butt, the base of her tail.

I coated soap to my hand, and made a lot of bubbles with it, and washed it softly.

GoshiGoshi **GoshiGoshi**

The base of the tail on her butt which was rough on the start, had gradually become **SubeSube**.

「I’ll wash it once」

「Hyan!」

I washed out the bubbles with bath water.

It became quite clean, but there are some part that still had dirt on it.

I once more made bubbles with soap, **GoshiGoshi** and washed it.

「Nya……Nyaaa!」

Somehow, a cat-like voice was let out.

「Did I put too much power? Does it hurt?」

「N-Not at all……」

「? Then I can continue right」

Gokuri Mami nodded.

I continued the washing. **GoshiGoshi**, after that, I washed down with bath water.

「U〜n, it’s still a little dirty. I’m going to wash it again okay?」

「U-Un. Please do……」

Because I was asked for it, I washed her butt.

Slowly, and carefully, I washed it.

☆

After washing, Mami got exhausted for some reason, so I let her wear her clothes, and let her rest in an open room.

I returned to my own room.

It was the first time that I washed a big breasted beauty, so I was exhausted too.

After taking a breath, I want to have a drink, when I was thinking of that.

「Uwaaaaa, w-who are you!!」

I heard screams from outside of the house. It was a familiar voice.

「Isaac?」

The scream was from my elder brother, Isaac, I heard it from him.

It was a voice that sounds pathetic when in panic, I’m sure that its him.

Did he had something needed? I thought of that, and when I wanted to go outside.

The room’s door opened. The one who entered was, Mami who was supposed to be exhausted just earlier.

She was dragging something. When I looked at that properly, it was Isaac who was tied up.

「Nii-san!」

「Oi, damn it Lucio, what is the meaning of this」

「Uhm……even if you ask me what it is」

I was really troubled.

I looked at Mami. Mami dragged the tied up Isaac and went towards here.

Poi she threw that in front of me, and said.

「A suspicious person, it’s because he’s walking around the house」

「……were you walking around the house? Nii-san」

「u! T-That’s not true at all」

Is it.

「Listen, rather than that, remove this!」

Well, I guess so.

I removed the ropes tied to Isaac.

「And, what did you come for, Nii-san」

When I asked, I was glared at.

「This is enough! I have nothing to talk to you!」

「Ha〜……」

「Stuupid〜 Stuupid〜」

Isaac left saying that, and went away.

What are you saying……in your age “Stuupid〜 Stuupid〜” isn’t something, right.

I was a little taken aback.

Well, that doesn’t matter, I looked at Mami.

KiraKira Mami’s eyes were shining, and looked at me.

It was a face expecting something. **PikuPiku** her cat ears were moving.

This, maybe……she wants to be praised?

She took tied-up Isaac(prey), so she wanted to be praised?

I tried and reached out my hand, and patted her head.

「Nya〜……」

Mami’s face melted. It was a face feeling good however you looked at it.

She pushes with her head, pet me more, as if she was saying that, she pushes with her head.

I also started to get fun, and when I tried and stroked the base of her ear, she was mesmerized further.

For a while, I continuously caressed Mami.

Suddenly, **Bikun** Mami’s body moved.

She raised her head, and stared at the wall.

「What is it?」

When I asked, she didn’t answer. Mami jumped out of the room just like that.

What happened, when I was thinking of that.

「Uwaaaaaaaa!! You again!」

I heard Isaac’s voice. After a while, Mami dragged the tied-up Isaac to me again.

「Damn it Lucio! Remove this!」

「No, what do you want to do really. Didn't you went home」

I was so taken back, I answered in my original tone.

「T-That has nothing to do with you right?」

「Ha〜……」

He couldn't be talked to, so I left him alone and continued to caress Mami.

Mami looks like she feels good, and she completely opened her heart to me.

She's a cat, so I want to have her, is what I thought.

By the way, If I let Isaac by himself, he might become tied-up in ropes the third time, so while he was tied-up, I took him to our family house.

After that, he was scolded very hard by Ojii-san.

Chapter 20 – From Exchange Diary to First Meeting

Chapter 20: From Exchange Diary to First Meeting

「Good morning」

Morning in the living room, Mami was there.

Mami was staring at the ceiling, but when I called out to her, she faced here.

I remembered last night, I'll caress her again, I thought of that and approached.

「……move」

Mami passed through my side, and went out of the living room.

「A-re?」

I tilted my head.

It was 180 degrees different from last night, her attitude was like **TsunTsun**.

「Did I do something that made her mad without knowing? But even if you say that, I just went to sleep after that……」

I didn't have a clue at all on what had happened.

When I was tilting my head like that, from far away, *Shapa□n* I heard a water sound like that.

It was the sound of large amount of water being thrown, I heard it from outside of the house.

I went outside. Coco was there.

A very lovely girl with dog ears that has a smaller body figure than Mami, Coco.

Coco was wet, but *BuruBuru* she shook her body, and flicked the water.

It was the same gesture like a dog.

「What happened?」

「I'm sorry〜, probably, I think it was Mami〜」

「Probably?」

「Yes……」

Coco said that and looked at her feet. There was an empty bucket there.

The water that was on her was probably the one inside the bucket.

「Are you saying Mami dropped water on herself and changed to you?」

「Yes……probably, that’s right〜」

「Probably? Mami has the same body but different personality than you right? Don’t you know?」

「Mami and I can’t talk directly to each other desu〜. If we really wanted to talk, like this……」

Coco squatted on her spot, reaches out her finger to the ground, and writes words by tracing on it.

「Like this, after writing a letter, we drop water to ourselves desu〜」

「Exchange lett……no, like an exchange diary, huh」

I mean……that’s inconvenient, and has no ends.

「I was thinking of it surely, that you can talk to each other inside your mind. That’s the cliche too on multiple personalities」

「?」

Coco tilted her head, it’s a face that she had no clue about what I was talking about.

「Then, you really had not talked to each other even once. Even hear each other’s voice?」

「Not at all desu〜」

「Fumu」

I pinched my chin, and thought.

Within more than a thousand Grimoires that I've read, I searched inside of my head a magic than can be used within that thousand.

There was only one, that seemed to be useful.

「Can you not move for a while?」

I told Coco, and reached out my palm, and chanted the magic.

「Time Shift」

Light envelopes Coco's body.

The next instance, Mami appeared on her side.

「Eh?!」

「Eh?!」

The two were surprised at the same time.

「You……Coco?」

「Are you Mami desuka〜?」

Facing each other itself, seems to be their first time. The two looked at each other and was surprised.

Coco looked at me.

「W-What is happening desuka〜?」

「It’s the magic called Time Shift. If I say it very simply, it’s the magic that borrows what originally in the future temporarily」

「Future?」

「Right, Mami who is there, I brought her from about 5 minutes later, the future Mami」

「I can’t understand what you’re talking about though」

Mami made a frowning face, and looked at me.

Maybe I should explain it a little more simple huh.

「I made it that you can meet each other for five minutes using magic」

「So that was the case〜!」

「Being able to do that, who the hell are you」

「Rather than that」

I placed a hand on the two’s shoulder, and made them look at each other.

Coco and Mami, a girl with dog ears and a girl with cat ears.

The two of them looked at each other.

「I-It’s nice to meet you〜…… I’m Coco desu」

「I-I know it, something like that. That fur, I always look at them fallen you know」

「I’m the same desu〜! Mami’s smell……I was always sniffing at the lingering scent desu〜」

「Is that so. You……your voice sounded like that」

「Mami’s face looks like that huh〜……」

The two of them looked at each other very intently.

PetaPeta they touched, and confirms how they feel, both of them.

「Mami!!」

Coco was seemed like she was moved, she jumps and hugs Mami.

「W-What are you doing!」

「I wanted to meet you desu〜, I wanted to meet you ever since desu〜」

「……」

At first, Mami seemed troubled, but to Coco's confession, she squints her eyes.

Coco who was hugging, she hugged her back softly.

Seeing the cat and dog that were touching each other was very pleasant.

Finally, the time has come.

Just like the time that she appeared, Mami disappeared in an instant.

「Mami?」

「It's time limit」

「Is that so〜……thank you very much〜. Thanks to you, I had met Mami〜」

「Thank goodness huh」

「Yes!」

「Well then, it should be recovered then」

「Recover?」

Coco looks strangely, I took the bucket, and scooped water.

Just like that without saying anything, I splashed water to her.

「Kya!」

Coco changed to Mami.

The same when I woke up this morning, to Mami who was **TsunTsun**.

「Wait, what are you doing」

「3, 2, 1□□here」

Mami suddenly disappeared. It was the after payment of the Time Shift, and she jumped to five minutes before.

Right now, she should be meeting Coco.

「……no, she jumped back to the past so it isn't right now huh」

Khukhu I laughed. It was somehow funny.

And there, I waited five minutes. Mami returned.

「Welcome back. Did you meet her properly」

「……I met her right」

「Well, that's good」

I had used Time Shift itself, but I hadn't used it on living things, so I was a bit worried.

But it looks liked it succeeded, so it's good.

Coco and Mami, I remembered the appearance of the two of them hugging each other.

Sometime soon, I should let them meet each other, I thought.

「……thanks」

Mami mumbled something. I was thinking about things, so I couldn’t hear it.

「Did you say anything?」

「□□! It’s nothing!!」

Mami said that, and went away.

I saw that she was grinning while she went away, so I more and more thought, that it was good that I did that.

Chapter 21 – *IchaIcha* Lazily

Chapter 21: **IchaIcha Lazily**

Today was cold since morning.

When I woke up with that cold, I noticed that Sylvia and Nadia are have completely stuck to me.

「Good morning, Lucio-sama」

「Ohayou, Lucio-kun. It’s very cold right」

The two of them were already awake, and stayed stuck to me.

In top of the bed wider than a king size bed, the three of us stuck together and made a circle.

Just like the pickled plums that is inside the white rice, like the Japanese Flag Bentou.

「Yeah it’s cold……I mean, is snow falling」

「Yes, it has fell since last night」

「Well that’d be really cold」

Outside the window, I watched the snow fall.

It’s warm where I stuck with the two, but it’s cold in the parts where we don’t touch.

「Auto Heat」

I casted magic to the bed. From inside the bed, it started to emit heat.

Just like the sheet on the trains, the warm air rises up from the bottom of the body.

「So warm……」

「Amazing, this feels good」

The two liked it.

It got warm, so we stop cuddling.

On part of the body still being overlaid, we distanced a little.

Nadia left her arm on the top of my leg, and Sylvia pushes the top of her head to my side.

It was skinship that aren’t aimed for warmth.

While rolling above the bed, we continued our skinship.

「**Gyurururu**」

「That sound right now……Nadia huh」

「Ehehe, I’m sorry, I think I got a little hungry」

「Wait a minute」

Sylvia went down from the bed. **Buru** her body trembled, and she went outside of the room.

After a while, she came back with toasted bread in a bowl.

「Here, Nadia-chan」

「Thanks」

「Lucio-sama too」

「Ahh, you eat too」

We divided the bread with the three of us and ate.

GoroGoro, on the top of the bed we ate.

「Ah! Food fell」

「It's okay, we should clean it altogether laer」

「I think so too〜」

GoroGoro just like we had become a lazy person.

At first, **MushaMusha** I ate the bread faced up, but it was hard to swallow, so facing side wards and could somehow swallow it.

That was really troublesome.

I looked at the two, the two looks the same.

It’s too troublesome to do anything, I want to **GoroGoro**, it was that kind of air.

「I feel parched, aren’t there any drinks?」

「Ah! Wait a minute」

Sylvia said that, but she didn’t move.

She wasn’t moving at all, so Nadia asked.

「What’s the problem, Sylvie?」

「……Ha! W-Wait a minute」

She tried to stand up in a hurry. It looks like she **GoroGoro**-d too much and couldn’t move anymore.

I stopped Sylvia.

Posun she fell to the bed, and looked at me with a surprised face.

「Lucio-sama?」

「Wait a minute」

I searched inside my head for magic□□there it is.

「Sixth Sense」

The light of the magic enveloped Sylvia.

The light gathered further, and enveloped her hair.

「This is?」

「Can you catch this, here you go」

I said that, and threw the bread.

Because I was also **GoroGoro**-ing around, it was tiresome, but I somehow threw it.

The bread drew a parabola and flew out of the bed.

「Ah!……」

Biku Sylvia flinched.

She tried to catch just as I've said, but the **GoroGoro** felt too good and she got late, I think.

In the next instance, something happened.

Sylvia's hair flew, and caught the bread that flew away.

「Eh?!」

「What what, what is that Sylvie」

「I do not know also」

The two of them looked at me at the same time.

「Humans have five senses, that was the magic to put another one. This time, I casted it on her hair, so that hair should be used easily just like a hand」

「Hand, desu ka」

「Can you use that to take some drinks」

「Yes, I understand」

GoroGoro while still on the top of the bed□□Sylvia extended her hair.

The hair extended, opened the door, and went out of the room.

After a while, it came back with a cup of water.

「Wah, Amaaazing〜」

「Uhmm, Nadia-chan, here」

「U〜n, make me drink it!」

Nadia was also **GoroGoro**-ing, and there’s no sign of her moving. She demanded to do everything for her to Sylvia.

「Sixth Sense」

I couldn’t watch that, and also casted magic to Nadia.

Nadia’s hair extended the same, and moved.

「There, do it yourself」

「Ye〜s」

Nadia said that, and took the cup from Sylvia.

The cup that was passed from hair to hair, it was a little interesting.

After drinking, the cup was placed outside the room.

And even while doing that, the person itself was *GoroGoro*-ing.

GoroGoro I also did that, *GoroGoro* Sylvia also, *GoroGoro* Nadia too.

On the top of the warm bed, we *GoroGoro*-d anyways.

Suddenly, *TsunTsun* my sides were tickled.

Nadia used her hair to *TsunTsun*.

Looking at that, Sylvia also *TsunTsun*.

GoroGoro, *TsunTsun* using only their hair.

Just like earlier, it was a strange skinship.

But that wasn’t bad at all.

「Sixth Sense」

I also casted magic to myself. **UneUne** the hair went, and entwined with the two’s hair.

GoroGoro with the three of us, **IchaIcha** with only using our hair.

Translator Notes:

GoroGoro(ごろごろ) = sound for something rolling. Also means laying down lazily. The translator also *GoroGoro*-d so the translation was like wtf.

Chapter 22 – The Battle Against the Demon King before Lunch

Chapter 22: The Battle Against the Demon King before Lunch

Early afternoon, I was reading Grimoire leisurely.

It was the new Grimoire Ojii-san had, and it was the one brought by the maid Amanda.

Recently, Ojii-san was collecting Grimoires as usual, and when he gets a new Grimoire, he sends it directly to me.

I am reading that right now too. It was a very old, a seasoned Grimoire that has tattered covering.

「Lucio-sama, I will be going for a walk with Coco-chan okay?」

Opening the room's door, Sylvia showed up.

I can get a glimpse of Coco's appearance through that door.

My wife Sylvia, and Coco who recently subsided to the pet dog position.

The two of them started to go for walks once a day.

「Take care」

「Uhmm, I have prepared snacks on the kitchen, so please eat it later」

「I got it」

Sylvia said that, and went to for a walk together with Coco.

Inside the room that I was left alone, I read Manga.

I read it to the end.

「What the hell is this」

That, I thought.

Honestly, it’s a manga I don’t get. I don’t know what it was trying to say.

Is it surreal gag?

There are parts that are too violent, and even if I read it I couldn’t understand, that kind of manga.

Well I read it for free, and I should have learned magic so I’ll let it be.

Now that I think about it, what magic did I learned from this?

□□Kukuku.

I heard a voice. It was a strange voice.

It was at least not a type that could be heard normally, it was not a voice that is heard by the ear from sound waves.

「Who are you!」

□□I have my gratitude, you brat. You did a good job releasing me.

「Ha〜? What are you saying. I mean, where the hell are you, show yourself」

□□Kukuku. You, you can use magic huh? What a good timing, I need blood of a magician for my resurrection. I will make you as sacrifice.

「What are□□Uwaa!」

The space was suddenly distorted, and sucked me into it.

The place where I had been sucked into, was a dark place and had nothing on it.

And there, that was there.

A male that grew horns like a goat, and have an ominous look.

From his whole body, a strange aura is being emitted. It was not human wherever I looked at it.

「Who the hell are you!」

「I am the Demon King, Demon King Balthazar」

「Demon King, you say? 」

「That’s right, I was doing that once in this world, but I was overthrown by that damned Hero, and I was sealed in that Grimoire. And after a thousand years, I have been waiting for someone who could decipher the Grimoire and resurrect me」

「……it means, because I read the Grimoire that had not been deciphered for a thousand years, you resurrected huh」

「That is correct. I have my gratitude you brat, because of you, I had been resurrected. The only thing left is to devour your blood and soul, then I can manifest in this world as Demon King again」

How can I say this, normally it would have been a huge disaster.

「Kukuku, wait you humans. Just like a thousand years before, I will fill this world with fear. I’ll start from killing all men, and the recreation of the female human ranch」

……it really would have probably become a disaster.

「Come now, give me your life」

Maou Balthazar reached out his hand, and with those sharply pointed fingers, he attacked me.

「Force Field!」

I chanted the magic instinctively, and blocked the chop.

「Mu! You were a defense magic user huh. Then, how about this?」

Balthazar reaches out his hand. This time, magic flew. It was a beam-like, flame magic.

「Magic Shield!」

I used magic again and blocked it.

Parin the shield shattered with a sound.

「You're pretty good for a brat. Using magic freely on that age, and that courage」

「……」

「I've taken a liking on you. You brat, become my minion. If you do that, I'll let you live and give you one kingdom」

「If I said no?」

「Kukuku」

Balthazar laughed, **Pachin** snapped his finger.

From his behind, various crawling things appeared. Dissolved like mud, something like a human.

And there was a lot of them, it wasn't thousands, it was ten thousands of them.

「I will kill you, devour your blood and soul, and let you be a part of the undead」

「I won’t like that」

「Come now, tell me your answer」

「I don’t want to」

「I see, then DIE!!」

Balthazar attacked, and his undead minions also attacked.

I fought, using a thousand magic.

☆

I returned from the different space.

「I’m tired……if I didn’t learn Black Hole it might’ve been close」

I exhaustedly sat down to the chair.

Reincarnating and living a new life, today might be the day I was tired the most.

「A-re? It is Lucio-sama」

The room’s door opened, and Sylvia showed up.

「When did you come back, Lucio-sama, you were not around earlier」

「Earlier? Ohh, it’s already evening」

I looked outside, and got surprised a little. The sky had already reddened when I noticed it.

「Did you go somewhere?」

「Yeah, just a bit」

「? Is that so. Ah! It is almost time to eat, so please wash your hands」

Sylvia said that, and tried to go out of the room.

「Sylvia」

「Yes?」

「Do you know Balthazar?」

「Balthazar desu ka? ……ah! The legendary demon king desu ne, the one who dominated the world for 300 years, and took a way all hope from human kind they said」

「He〜, that guy, he’s a tremendous guy after all」

「What is it with Balthazar?」

Sylvia made a blank look and tilted her head.

「No, it’s nothing. Rather than that, I’m hungry, so can you double the amount for dinner」

「I understand!」

Sylvia, this time for sure, went out.

I saw that off, and started at the Grimoire intently with the sunset.

It’s tiring, so something like a demon king, I don’t want to fight that again.

Chapter 23 – Saving the Princess Instead of the Useless Man

Chapter 23: Saving the Princess Instead of the Useless Man

When I was having a walk with Coco, I encountered a commotion on the town's outskirts.

The were a lot of town people making a crowd, and was surrounding someone.

「And you ran away with that」

「You're not saying that left her alone right」

「To think that he's a man like that□□you've disappointed me」

Everyone was surrounding someone and accusing him with words.

I wonder what happened, I gripped Coco's leash, and went to the middle of the commotion.

「Ne〜ne〜, what happened?」

Towards the young man in the back line, I asked in child-mode. Coco who was not used to me being on child-mode was surprised, but I ignored that for the mean time.

The young man answered.

「This guy did an outrageous thing」

「This guy? an outrageous thing?」

I looked at the person being surrounded.

It was a face I had seen before, if I'm correct……it's Adriano.

A court magician who had a triumph return to his village, a man who can use 20 kinds of magic.

That man was made to do seiza on the ground.

「You saw that the carriage that Hime-sama was riding on was being attacked by bandits, but instead of saving her, you ran away」

「……」

I lost my words, and looked at Adriano who lost himself.

Oi oi, weren't you a court magician. Weren't you able to use 20 kinds of magic.

You were being pampered by women like that………

「Really, you've disappointed us!」

「You're the worst, you!」

Within the people who surrounded Adriano, there were also the appearance of the women that pampered him that day. The women were looking down at Adriano with cold eyes.

「Please wait, that’s not true, there was a proper reason」

「What is the reason?」

I asked while still in child-mode.

And that started the fire.

「That’s right that’s right, what was the reason」

「Hime-sama□□leaving your lord behind and running away alone, let me hear the reason for that」

「T-That is□□right, I wanted to let everyone know. That Oujo-denka is in danger, and the bandits might also attack here」

「He〜, but Onii-chan. Onii-chan is a court magician, and can use a lot of magic right. Couldn’t Onii-chan just defeated them on the spot?」

「That’s right, that’s right!」

「Why did you not defeat them!」

「T-That is……」

Adriano couldn’t answer. While in seiza, he made his shoulders smaller and smaller.

Being bathed in the town people’s sight, he was making a face that looks he’d die anytime.

Just like the rating of a number one idol who was found out with infidelity, it felt as miserable as that.

I left that place quietly.

And went directly towards outside of the town.

「Where we going desu ka～?」

Coco who I took with me asked.

「I'm going to go save the princess」

「Ehhhhhhh?」

「If she was attacked by bandits, there's no way she couldn't be left like that. I mean□□」

I looked behind with a glance. The town people were still accusing Adriano.

They were continuing to accuse him, but no one was saying of saving her.

「But do you know desu ka～? That, princess's place right now」

「I'll do something about it□□Search Some」

It was a magic used for finding people, so I used it for the mean time.

After I put on the conditions the person I am searching for is a princess, a single line emerged from the ground.

A red line just like a 3D image stretched very long.

Thinking of the effects of the magic, she should be ahead of this.

「Yosh, let’s go」

「Y-Yes〜」

I took Coco with me, and went after the line that had stretched.

The line was stretching towards the road outside of the town, but it changed ways in the middle to the side road.

Finally entering in the mountain, it stretched into a cave.

A carriage was abandoned beside the cave.

Tracing with magic and physical evidence, no doubt that it’s here.

「Ano〜……」

「Un?」

I looked at Coco. She who had followed me up to here had her dog ears *Pita* towards her back.

It was also on her face, she was somehow frightened.

「What happened」

「I'm scared desu〜. They're bandits, right〜?」

「Yeah, that's what I've heard」

「Bandits, they're……scary〜!」

I see, she's frightened to the bandits' existence huh.

It's not like I don't understand that.

「Don't worry, I'm with you」

「Ah……!」

Coco was astonished, and *Po* blushes her face.

「I-I understand〜」

Coco timidly nodded. For the meantime, it looks like she's not frightened anymore.

I took Coco with me and entered the cave. Using 「Filament」 to make light, and moved through the path.

Suddenly, I heard the sound of people talking, so I made the *Shi〜* gesture to Coco, stopped our feet and hear what they're talking about.

「You, who do you think I am. The first princess of Savoya Kingdom, I am the Ruby Savoya seventh to the king's throne!」

「We know, we know, you're the only princess right now right」

「There's no way we wouldn't know a person that famous right?」

「You know, I've seen you a lot of times. I've seen the speeches you did a lot of times yo?」

I heard a princess-like, and bandit-like voice.

「Then hurry up and release me jya. If it's right now, I can make it that this has never happened」

「That, she said, what do you think」

「That's……there's now way」

「Of course, it's the awaited time that a princess came, you should do your "work" properly. Kekeke」

When one of the bandits said that, every one of them laughed nastily.

「Work you say? There's no work that I have to do in a place such like this」

No, there's one you know.

Specifically it's not work, but a cliche though.

「Hehehe, there's one thing, you know」

「Right, right, something that can only be done by a princess」

「W-What is it. Why are you taking off your pants」

……it’s that after all huh.

But well, it’s normal though.

Bandits kidnapping a princess, having an idea that is something like that, unless they’re a group of homos, that’s impossible.

That’s why, the flow of things are correct.

「Stop it jya, don’t come near□□don’t touch me!」

The princess shouted. Her voice was trembling.

「You bitch, don’t move!」

「Kya!」

I heard a small scream, and it became quiet.

……I’ll go save her huh.

「Arerere〜, I wonder where this is〜〜」

Being in child-mode, I entered there.

It was a scene that as I had heard.

The princes, Ruby, was being restrained on the wall, some of the bandits quick on their move had taken off their pants, and gathered towards Ruby. And Ruby herself had her dress disarrayed with her body, and had a messed up appearance.

Probably hit her head when she was attacked, she lost consciousness, and laid quietly.

I counted the numbers of the bandits.

There are eight of them. There weren't a lot of them.

「Who are you□□hey, a brat huh」

The bandit that was cautious for an instant put his guard down after looking at me.

Well, I look like a 9-year-old child, that's normal.

「Hey you, brat, this isn't a place brats like you come to. Before you get hurt, go□□」

That bandit walked toward me, reached out his hand as if to grab my shoulder.

「Blaze Needle」

I chanted magic. Needles of flame appeared mid-air, and pierced through the man.

Pierced through by needles from all directions, the insides of the man were burned, and collapsed just like that.

「Na!□□」

The remaining seven bandits changed the colors of their faces. A few who reacted quickly were already making a stance with their weapons.

「You! Who are you!」

「I'm nobody important〜」

While saying that, I confirmed the places of the seven, and chanted magic.

It was the second Blaze Needle. The needles of flame enough for them attacked the bandits.

Six of them were pierced through by the needle, and collapses.

One of them swung his weapon and blocked most of the needles, but unable to block only one needle, it pierced very deep to his stomach.

It was only one, but it was deadly enough.

「Yo,u……who,are………you」

「Lucio Martein. Just a normal reincarnated person」

The man made face that couldn’t understand.

I chanted 「Black Hole」. At least in an instant, I thought.

I looked around, all of the bandits were taken care of. The only thing left is to bring back the princess, but.

「……this in itself, is troublesome」

Lost her consciousness, looking at Ruby with her messed up look, I was a little troubled.

Chapter 24 – The Reward for Saving the Princess

Chapter 24: The Reward for Saving the Princess

When I thought about it.

「Coco〜, are you there, Coco?」

I looked behind, and shouted towards the outside of the cave.

BataBata I heard footsteps. Coco who I left behind outside entered.

「Yes〜, Coco is here〜」

「That, I'll leave it to you」

I pointed at Ruby.

Coco is also a girl. It would be better to leave it to Coco to do something with the princess with her messed up look.

After thinking for a second, she nodded with a troubled face.

「I understand〜」

She said that, and went where Ruby was.

I faced my back from that, and tried to not look.

After a while **Za*, *Za** I heard the sound of that.

What sound is that?

I took a glance through my shoulder, I saw Coco digging the ground.

「Coco? What are you doing」

「Yes, I am digging a hole〜」

「A hole? Why are you digging for a hole?」

「It wouldn’t be buried if I don’t dig a hole desu yo〜?」

「Don’t bury her, don’t bury her!」

I let out a loud voice.

「She wouldn’t be buried desu ka〜?」

「Don’t bury her! I meant it as fix her clothes」

「……Ah〜」

Pon, Coco clapped her hand.

Is she really thinking of burying her, this girl.

I faced back again. This time I heard sounds of clothes being worn properly, so I was relieved.

「It is finished～」

「n」

I looked back. Ruby's clothes were fixed.

I approached her, and casted magic.

「Float」

Ruby's body floated up.

She floated with her lying posture.

I pushed her softly, and as if to slide on ice, Ruby's body floated in the air.

「Wah～, amazing～」

「Want to do it, Coco?」

「Un!」

Coco nodded very happily.

I changed with her. Coco stood where I was standing, *TsunTsun* poked Ruby.

Ruby hovered and slide.

For the meantime, I thought of bringing her to the town.

「u……n」

Before going out the cave, Ruby woke up.

I looked into her face from above.

「You woke up?」

「This is……ha,hya!」

When I met eyes with her, **Don!** Ruby pushed me back with her both hands while raising a scream.

Ruby with an adult body, and me with a child's body.

Normally, it would've been me who was pushed away, but.

「Hyaaaa!」

It was Ruby who was pushed away.

Because she was floating in mid-air with the magic of Float, she flew away with the recoil of pushing me away. She went inside the cave with a decent speed.

_*Do〜n*_ _*Dosa*_

It sounded that she hit somewhere, and fell to the ground.

「Kyaaaaaaaa!」

And soon after that, I heard a scream. I entered inside thinking what happened, and Ruby was screaming to the corpses of the bandits that was on the ground.

Most of them were burnt black, but one part□□for example, a head burnt only half of it, was still there.

It was scene that you would scream at normally.

「T-This is……what is the meaning of this」

「I defeated them」

It would become troublesome instead in child-mode, so I talked normally.

「Y-You did?」

「Yeah」

「No way……aren’t you a child, doing□□」

「Blaze Needle」

I used magic.

Aimed at the boulder in Ruby's side, the needle of flames pierced it from three directions.

The boulder was pierced through, and went in flames. Ruby was looking at that and me back and forth.

「T-This is……advance level flames magic」 Are you saying that you used that?」

Was it an advanced level magic? I just knew that its power was high so it was convenient.

「Would you like to see it once more?」

「……no, it's enough jya」

Ruby regained her composure very quickly.

A bit surprisingly, she was composed very fast.

「I will say my gratitude. I am Ruby Savoya. I am the first princess of Savoya Kingdom」

「I know. I heard you talking with the bandits before I saved you」

「I see. But why, is a child like you in here?」

「I heard it from a man called Adriano」

「Mu!」

Ruby wrinkled her eyebrows. There was unpleasant colors on her expression.

「Did you remember him running away」

「He ran away in front of me. It’s very embarrassing of my ignorance thinking that I could trust that man」

「I see. Well, that doesn’t matter. What I want to say was it was because of that, I came to save you」

「I was saved jya. I will surely return this gratitude. In the name of Ruby Savoya」

Ruby stared straight to me with strong eyes and declared.

It looks like that royal members and nobles likes to say, in their name just like this huh.

Well, I guess I could expect rewards with just that.

「You are a magician that had deciphered a Grimoire right」

「Yeah. About a thousand, I can use」

「A thousand you say?!」

Ruby was surprised.

「That much huh」

I used magic without saying anything.

Fire Ball, Fire Laser.

Icicle, and Diamond Dust.

Big and Small, Wind Cutter and Dress Up.

There’s no rules, I was using it from the ones I remembered.

I used more and more magic, and Ruby was surprised more and more.

When I exceeded a hundred, she couldn’t close her mouth, so I stopped.

「Well, about this much」

「A-Amazing……」

Ruby who was surprised……this time she didn’t come back that fast.

After showing a weird face(it was still beautiful though) for a minute, she cleared her throat, and returned her expression forcefully.

「You, are you affiliated somewhere」

「Affiliate? No not at all, why?」

I didn’t understand what the meaning of that, but I’m not in any organization-like group, so I denied clearly.

「Then, to a court magician□□」

「I don’t like that」

I refused clearly.

The truth is, it’s not like I really didn’t like it, but with this flow, I remembered Adriano so I didn’t like it.

「Mu〜」

Ruby hesitated. It was an expression concerned of what other gratitude she can give other than that.

It couldn’t be helped, so I suggested.

「Hey〜, in Savoya Kingdom, how many Grimoires are there」

「Grimoires huh? I’m not sure how many is there, but tens of thousands□□」

「Let me see all of them」

After saying it, I started getting excited.

Tens of thousands of Grimoires□□tens of thousands of magic.

Excited, I was.

「Are you alright with that?」

Ruby accepted casually.

Chapter 25 – Child and Cat and Last Boss and

Chapter 25: Child and Cat and Last Boss and

The carriage outside the cave was the one Ruby was riding. There’s no horse, so I used the magic Float, and let Coco pull it.

Coco easily pulled that so rather than a carriage, it felt like a dog sled.

I let Ruby ride that, and returned to the town of Barza.

In the entrance of the town, people gathered and was surrounding Adriano.

「Hime-sama!」

Adriano found us, and let out a loud voice. And soon, the other people looked at us at once.

The carriage(dog sled) had stopped, and Ruby came out from that.

To the appearance of the princess, the crowd was rustling.

Adriano who was in seiza on the ground came in front of Ruby as if to crawl.

「W-Were you alright. This Adriano, worried□□」

Those words stopped in the middle, and Adriano 「Uu!」 groaned.

The expression of Ruby who looks down at him, her eyes also, was very cold.

「How could you leave me behind」

ZawaZawa The eyes of the crowd became even colder.

That outrageous thing, was said from the person itself, so it became an unwavering truth.

「T-That is not true, Hime-sama. There’s a reason□□t-that’s right, I wanted to call for help so I, from that place□□」

「Adriano, I will release you from your post as court magician」

「Hime-sama?!」

Adriano, shocked.

That isn’t something to be surprised of right, that’s normal right.

「This place was your hometown right. Then, return to your house, the official notice will be sent later」

「Hime-sama」

「Return」

Ruby said with full of dignity. Adriano was intimidated and couldn't say anything, and collapsed to the ground just like that.

Ruby and the people of the town's cold, and scorn sight.

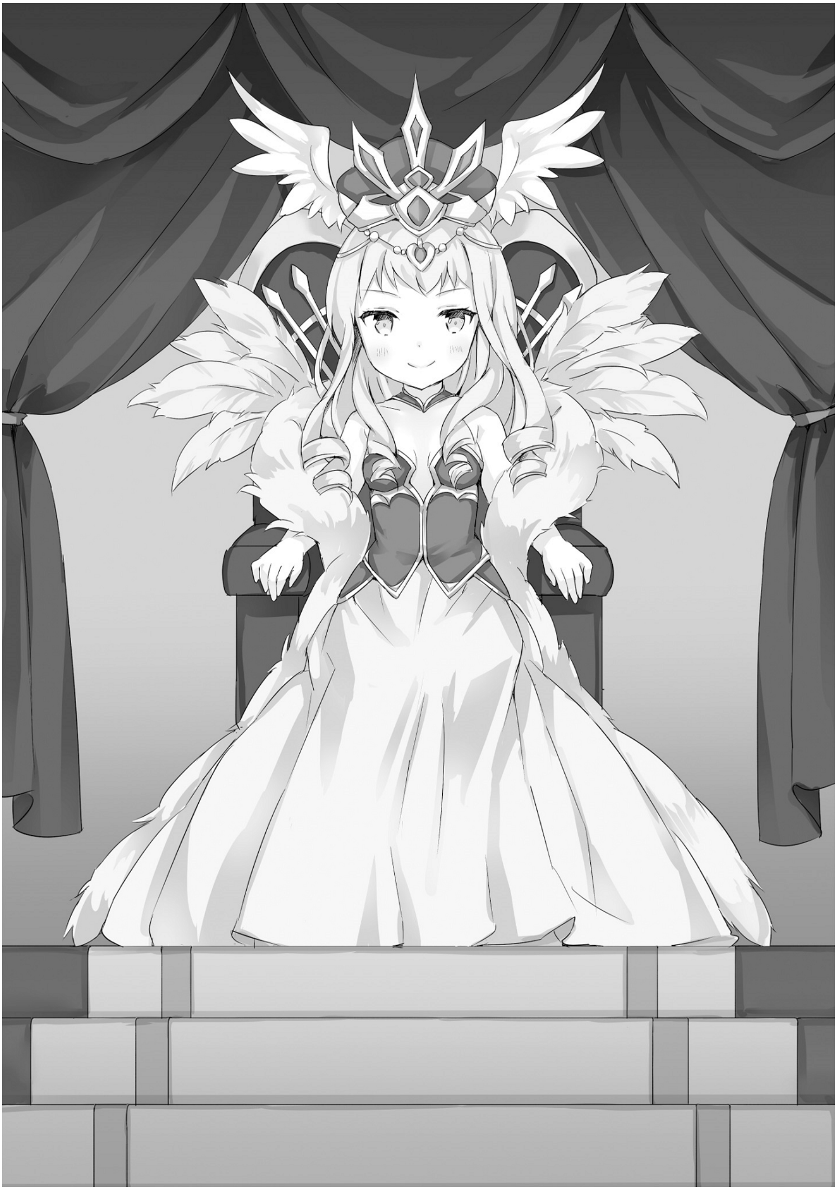
That was the instance that the man who had achievements to a court magician's downfall was decided.

☆

The next day, I was called out.

The place where I was guided by the messenger was inside the most splendid mansion in the town of Barza, and in the most splendid room.

I faced Ruby there.



「……」

I was speechless. I lost my words from Ruby's attire.

Ruby was wearing a normal dress yesterday, but it was completely different today.

If I say it in few words, the Last Boss in the choir battle in the end of the year, that kind of 「Attire Set」 Ruby was wearing.

There is dignity in that……there is, though……

「Lucio Martein」

Ruby called my name. Maybe because of her attire, her tone also had more dignity than yesterday.

A dignity that wants you to kneel down naturally.

「About yesterday, you did a great job. Once again, let me say my gratitude」

「Ha〜」

I replied half-heartedly. Honestly, I was too curious about her attire.

「I need to give you a reward. You wanted the free pass to the Grimoire Library, but are you sure you're alright with that」

「Is it "something like that", that place. The Grimoire Library that has tens of thousands of Grimoires, isn't it that very valuable」

「There is no value to things that are not readable properly」

Ahh, that was it huh.

In this world, just by reading Manga(grimoire) you can learn magic, but there isn’t a lot of people who can read it, and even those who can read would take months with one book.

Pearls before swine, it’s weird to use that, but it’s something like that huh.

But, that is only for the normal people of this world.

Being able to read one manga for around an hour, and be able to learn magic with that, there’s no greater reward than that.

Simply, the Grimoires itself is very expensive too.

「I’m alright with that, I was also thinking that I wanted to learn more and more magic too」

「I see. Somebody」

When Ruby said that, one servant came inside.

The servant respectfully held the tray, and took it in front of me.

On the top of the tray was one sheet of paper, a paper with an emblem in it.

I took that with my hand.

「Take that, and go to the Royal Grimoire Library in the capital, I already had taken care of it. Other than taking them out, do what you want」

「I see, thank you」

「Do you really not need anything else? Y-You saved me jya, I can grant you at least one last thing」

「No, this is enough」

I rolled the paper, and put it in my pocket.

It's not like I did something that special, so this is enough.

「I see……」

Ruby made a depressed expression for some reason.

Did she want me to ask for more? I can't understand what royals are thinking.

「Well then, let's meet at the capital」

Ruby said that, she faced to her side and started walking.

Somehow I thought. Is she able to walk decently with that set-like attire.

I thought that if she couldn't walk decently with it, she might fall down.

I thought, and stared at her. But, Ruby walked normally.

She was walking with dignity so she was slow, but normally, she walked without anything happening.

What's that, that's boring.

Ruby continued walking normally, and went towards the door.

The servant went first, and opened the door――in an instance, a small wind flowed in.

It was to the extent of only shaking bangs, it was a breeze, only a breeze.

「Wawa!」

Ruby broke her balance.

Hit by the wind, she fell backwards.

After she fell, she couldn't stand up.

Her attire――because of the set, her hands and feet couldn't reach the ground, and she couldn't stand up.

The servant tried to make her stand up in a hurry, and Ruby **Kii**, glared at me.

I looked away――I did not see anything, let's keep it like that.

☆

The house was rowdy.

Because I gained the entry pass to the Royal Grimoire Library, let's move to the capital, I decided that.

And because of that, Sylvia, Nadia, and Mami who changed to her cat ears was rowdy because of the preparation of moving out.

「Lucio」

Ojii-san came to visit. He looked at me, and said with a wide smile.

「I heard about it, Lucio. It looks like you are now able to enter the Royal Grimoire Library right」

「Un, that's right〜」

I answered in child-mode.

「It's because I saved a princess, she gave me a pass with that」

「I heard that you defeated the bandits alone」

「Un! With magic」

「I see I see. As expected of my grandchild」

Ojii-san patted my head, and praised me.

I didn't feel bad.

「Lucio is very smart huh. If only Isaac could learn something from you」

Gata!

Something sounded from outside of the window. I wonder what was that.

「Wait, you agaiuwaaaaaaa!」

Soon after, I heard a scream. It was a familiar scream.

And after I waited for a little while Mami appeared, and threw Isaac who was tied up with ropes in front of Ojii-san and I.

「I caught it」

「Un, thanks」

I patted her head, and Mami was very happy.

And she took off the rope, and went outside of the room in a very good mood.

I was left behind, and looked Isaac who was obstinate.

「What is the meaning of this」

「……」

Isaac doesn’t answer, he doesn’t answer while looking to his side.

「Isaac」

Ojii-san opened his mouth, Isaac was like **Biku**.

Isaac got frightened, and looked at Ojii-san and I back and forth.

「Do……」

「Do?」

「Don’t think that you’ve won with this□□□□」

He said that, and jumped out of the room.

It was a very used last words, but I couldn’t understand what he means.

「Haa〜……couldn’t he be an adult soon」

That’s impossible.

Somehow, I feel that he would become an adult just like that, Isaac will.

After Ojii-san let out a sigh, he regained composure, and faced me.

「Hey Lucio, I have something to ask for you」

「What is it〜?」

「Lucio is going to the capital, and go to the Royal Grimoire Library right」

「Un, that’s right」

「In there, can you snitch it if there’s a rare Grimoire stored in there」

「Snitch?」

……go steal it huh.

Ojii-san’s eyes shined, and said further.

「Three books, no, even if its one. I want to see what kind of Grimoire is stored at the royal library」

It was an excited face just like a child’s.

Ojii-san who had the hobby of collecting Grimoires, was just like that ever since, and I somehow understood how he felt.

Stealing them is impossible though.

「When I meet the princess this time, I’ll ask her to let Ojii-san enter too」

She looked like she wanted me to ask for more, so I think it can pass.

「Really!」

Ojii-san stuck to me. Oi oi, your use of words are strange.

「Un, I’ll do my best」

When I said that, Ojii-san became more and more child-like, and had a very excited face.

Translator Notes:

No, Ruby wouldn’t be Lucio’s waifu. Not for a long time, maybe not at all.

Chapter 26 – Child Administrator

Chapter 26: Child Administrator

Leaving Barza, Sylvia, Nadia, Coco/Mami and I arrived at the royal capital, La Linea, during early of spring.

On the way, I lazily flirted around with Sylvia and Nadia so it felt that we arrived very fast.

We entered La Linea, we took an inn for the meantime.

In a decent inn, in one large room.

Only my wives and pet are staying so this was enough.

Nadia and Coco was looking outside, and Sylvia was facing towards me.

「Are you going out, Lucio-sama」

「Yeah, for the meantime I will go to the Royal Grimoire Library, and I'll find a house after that」

「What do we have to do?」

「You can tour around the capital freely」

「I understand. Please be careful」

Sylvia said that, and Nadia and Coco waved their hands by the window.

「Be careful～」

「Be careful desu～」

I left the three and went out of the room, there was the muscle macho owner in the counter so I talked to him.

「Ne～ne～, where is the royal grimoire library～?」

「Library? What are you going to do there」

「Just a bit, I'm interested」

「Fuun. If that is it then, after you go out from here, walk straight to the left and go right in the third street, you can reach it if you go straight from there. It is a building different from others」

「Building different from others?」

「You'll know when you get there」

The muscle macho repeated the same words. I wonder if it was that kind of building really easy look apart.

「I got it, thanks, Oji-chan」

I said thanks in child-mode, and left the inn.

I walked the way as the macho master had said.

As expected of the Royal Capital La Linea, it was very lively.

People pass each other, full of vitality, and on top of that, there are goods that I had never seen in Barza that was being sold on the store here and there.

I want to slowly look around, I want to go here and there together with Sylvia and Nadia, I thought.

After a while, I saw that.

「……I see, this is to know」

That building, it was upside down!

A large, splendid, beautiful building that is worth having the word Royal in it.

But, it's upside down! Just as if the roof of it was stabbed to the ground, it was a building with that kind of feeling.

The meaning of different from others, I'm sure that this is it.

I entered from the entrance-like place.

Inside was more ridiculous.

Although the interior was upside down, things like the counter, table, and chairs were normal.

And the bookshelves were upside down starting from the ceiling.

To whom, and how did someone made this, I was a little interested.

「Hey boy, this isn't a place kids come yo」

When I turned around to the voice, there was a large man.

His height easily exceeds two meters. Rather than to a library, he was a man who was more fit to a stadium.

That man had a stack of books on his hand. The books look very small compared to the man, I felt my senses get unstable.

「Are you lost? Un?」

「Ne〜, this is the Royal Grimoire Library right」

I asked in the child-mode.

「Yeah, as you can see, this is the place where the Grimoires gathered throughout the Kingdom is stored」

The man glanced to his back.

In the wide space, numerous Grimoires.

There were tens of times of what Ojii-san had collected, it was the scenery as expected of being called royal.

「Then it's correct」

「Un?」

「I'm Lucio Martein, here」

I took out the certificate that I got from Ruby, and gave it to the man.

The man held the stacked books with one hand, and dexterously took the certificate.

He read that. When he read it to the end, the man's face color changed.

「Boy was the new administrator huh!」

「Un?」

The man was surprised, I was also surprised.

Administrator?

「What's that」

「I was told from above, that a new administrator will come they said. That it was a great magician scouted by the princess herself」

「I don't know about that you know? I told Ruby-sama that I want to read more Grimoires, and I only received permission to enter the library」

「Wait a minute」

The man took out a sheet of paper from the back of the counter.

He stared intently at that paper, and said.

「As I have thought, Lucio Martein of Barza will be appointed as the new administrator of the Royal Grimoire Library. Treat him with respect and explain it to him」

「Arara」

Is that really true.

But well, if I think about it carefully, if I wanted to read the books in the library freely, the administrator is a very easy convenient stature.

I should receive it gratefully, and read all the Grimoires.

「Ah～, I am Fan Cruz. Nice to meet you」

「I'm Lucio Martein. Please take care of me」

Fan and I shook hands.

There was a very huge difference in our body size, my hand was only about Fan's finger, so it became a strange handshake.

「But, why did someone like Boy became the administrator? Is it honorary position」

「It's because in the whole world, I'm the fastest reader of Grimoires」

「You came out big huh」

「It's true you know～」

Probably though.

「Fu〜n, that’s right」

Fan went to the back of the library as if to remember something. He took one Grimoire from there, and returned.

「Here」

「What’s this〜」

「It’s a new Grimoire. A Grimoire that was found recently, a book only one in the world. No one has read it yet, and it’s something that has unknown magic in it」

「He〜」

Fan reached that to me, it was a face a little mean.

Go read it if you can, it was that kind of face.

I received the Grimoire, and opened it.

It was a heartbreaking manga.

It was a tearjerker-type scenario themed with the rain, and it was made with an emotional ending finale together with the clearance of the weather.

After reading it till the end, a magic emerges inside of my head.

I see, that kind of magic huh.

「How is it」

「Un, I learned it」

「He?!」

「I'll go try it for a bit」

I left the Grimoire, and went outside.

Compared to the inside of the library that was chilly, the Royal Capital La Linea that entered the spring had warm south winds blowing.

Fan followed.

「What will you do?」

「I'm going to use the magic of that Grimoire」

I said that, and closed my eyes and imagined.

I strongly maintain that image, reach out my hands, and chanted.

「Weather Change□Snow」

After I chanted, I felt the biggest sense of exhaustion until now.

It was a sense of exhaustion of my magic powers being taken away.

That was, a sense of exhaustion that made me feel it was a success.

「Wha, whawhawhawhawha!」

Fan was surprised, I opened my eyes and looked up to the sky.

The warm skies with sunlight earlier was covered with clouds, and snow fell.

An ancient magic that changes the weather. An enormous amount of magic powers are needed, but it was a magic that has effect□ phenomenon that was worth it.

I had results, and asked Fan.

「What do you think?」

「A-Ameijing……」

It was Fan with his eyes wide opened, and jaws dropped.

Translator Notes:

Yes, she was clearly called as a “pet”. Imagine when they grow up.

Chapter 27 – Everything Concerning Grimoires

Chapter 27: Everything Concerning Grimoires

I returned inside the library.

Snow was falling outside with my magic, but nothing had changed inside.

A wonderful space where there are tens of thousands of mangas.

It was just like a manga cafe.

Until the snow outside stops, I should read manga for a while, I thought.

I stood in front of the nearest bookshelf, and glanced through their covers.

I was quite excited. Because almost all of the Grimoires are ones that I hadn’t read before.

I took one that I had not read before, and the time when I was going to read it.

「You’re a new face huh～」

「Un?」

I was called out, so I looked to my side.

There was one old man there.

Wearing normal clothes, he was holding a broom and a dustpan.

I wonder if he was a janitor.

As usual, I answered in child-mode.

「Nice to meet you, I am Lucio Martein」

「Ohh, then you are that Lucio-sama, the new administrator of this library」

「Yes, what about Ojii-san?」

「Please call be Abe」

「Abe-san desu ne. Please take care of me」

I took a quick glance to the Grimoire that I took out, and looked around the library.

「What is the matter」

「A-no-ne, where should I read this, I thought」

「Where?」

「Un, something like a sofa, or a chair would be nice, I thought. I thought I wanted to sit there and slowly read the Grimoire」

When I said that, Abe-san was very surprised for some reason.

His eyes on his wrinkled face was widened, and was staring at me.

Did I, say something weird?

「Abe-san what's the matter?」

「Administrator-san think of interesting things」

「Is that so? It's a library right, wouldn't you want a place to have a seat and read?」

「If it was a normal library, then that is true. But this is the Grimoire Library where Grimoires are stored, they are all Grimoires that would take from months to years to read, there's no meaning even if there are chairs and sofas」

「Ah!……」

When I think about it, that was right.

I almost forget since I was able to read normally, but the almost all of the people of this world cannot read manga.

As Abe-san had told, one book would normally take several months, some may take years. I guess that's true that with that, chairs aren't needed in this library.

「I see……ne～, do you think it's okay if I bring my own chair」

「Lucio-sama is administrator-sama, so that much is」

「Thank goodness. Then, I have to find a good chair and sofa huh, I'm going to read this much Grimoires, the chair that I'm going to sit on during that should be good」

「Are you planning to read everything」

Abe-san was still surprised.

「Un! There’s this much of them, I have to read it. It’s exciting right, to be able to read Grimoires this many as much as I want」

「Lucio-sama likes studying huh」

「Maybe」

I laughed wryly.

「I think so. In everyone that I have met until now, they all felt as if reading Grimoires was mortification」

Mortification, huh. Well, they’re forcefully reading what they couldn’t read, so maybe it’s mortification.

But yeah, if I think of it as reading every manga in a manga cafe, it might be a little be mortifying.

But I’ll still do my best and read it though.

The manga here, the more I read them, the more I can learn magic, so mortification or whatever, I’ll do it.

「A person like Lucio-sama is the first time」

「Was that so」

「I cannot read Grimores, but I will support Lucio-sama from the shadows」

「Thanks, Abe-san」

I said thanks.

From Abe-san, I had the same feeling with Ojii-san on our family mansion.

Making a kind smile, it was almost just like the same with an Ojii-san who treats his grandchild kindly.

Maybe, I'm a Jijii-killer. I don't feel bad.

While thinking about that and tried to read the next manga, the library's door was opened widely.

A middle-aged man who was wearing a splendid attire opened it. That man was having a serious look, but when he looked here, he clearly was relieved.

「This is bad」

Said Abe-san who was beside me. What is bad?

The middle-aged man, while catching his breath, sounded his footsteps while he approached.

And, he stood in front of Abe-san who was beside me.

「I was looking for you, your majesty」

「Your majesty?!」

I was very surprised and looked at Abe-san. Abe-san was like *YareYare*, and sighed with a troubled face.

And soon after, his air changed.

From the air of a very friendly janitor Ojii-san, to a noble's air that had a majestic aura.

His appearance hadn't changed, but it was as if he was a different person.

「Your majesty, he said……could you be, the King?」

「Umu. I am the King of Savoya, Abraham the Third de aru」

No way, is he's really the king!

「I am sorry for hiding my identity. I had heard from Ruby, but I wanted to actually see what kind of person you are with my eyes」

「I-Is that so」

「In reality, it's good that I met you. You are a more wonderful child than what Ruby had talked about」

「Thank you very much」

I was praised very much, it looks like he'd really had taken a like to me.

And that Abe-san……the King, looked towards the middle-aged man.

「Hugo」

「Ha!」

「Gather artisans, to make this child leisurely read Grimoires inside the library, make a space where he can read comfortably」

「As you wish」

「Also, I will grant all of the authority that the royal house have concerning with Grimoires to this child. Make the draft for the imperial rescript」

This time he looked towards me, and said.

「Lucio」

「Na〜ni?」

「As you have heard. I will leave this whole Grimoire Library to you. Everything of it」

「Can I buy new Grimoires?」

I remembered what Ojii-san had asked of me, and asked.

「Hahaha. Of course, collect all as you want」

「Waaai, thank you!」

It was a little exaggerating in the child-mode, but I was simply happy.

Not only what is here, I was happy that they would increase.

Looking at me being joyful, the King made a kind smile.

As I’ve thought, it was the same feeling with Ojii-san that was on our family home.

「Your majesty」

Hugo said to the King with a serious face.

「What is it」

「If it would be all authorities concerning Grimoires, a Baron rank be needed at least」

「Then make him a Baron」

「As you wish」

…………………

Ehhhhhhhh?

That is, could that be?!

The King, deepened his smile and made a pleasant smile towards me.

Chapter 28 – Nonstop Lucio

Chapter 28: Nonstop Lucio

After Hugo left the library, the King let out a sigh for some reason.

「What happened?」

Knowing that he was the King was a bit stalling, but I somehow asked with child-mode.

「I suddenly got envious of you. In what I've heard from Ruby, she said that you have deciphered more than a thousand Grimoires」

「Un, I read it」

「I cannot read even one book. Even though these much Grimoires are collected」

「U〜n, that can't be help, I think. You're the King right, the King is busy, so there's no time to read Grimiores」

Right now was my real feelings, and there was another one.

This world's Grimoires are manga, but I know what manga in the world that I was before.

The person called the King, it can't be helped because he wouldn't have time to read manga.

「……you really are thinking of that seriously」

「Un, I really think of that」

「Even so, I would think that if I could read. I also, want to experience what is magic at least once」

「I see……wait a minute」

I left the King there, and ran around inside the library.

From the thousand books of Grimoires that I've read, I also choose ideas from there, and searched for that inside the library.

And the three books of Grimoires that I brought, I passed it to the King.

「Here, this」

「What is this?」

The King tilted his head and asked.

「This one's, the Grimoire that my Ojii-san was reading. It's the one that he said, easiest to read. And, this one is the only Grimoire an Obaa-chan somewhere read, you can learn the magic to become a dragon you know. This one's the Grimoire that many people I asked that they have read」

「Hou?」

「I think that one of these the King can read」

「……can I read it」

「I'm sorry, if only I could teach you how to read……」

I felt a little guilty.

I have taught a lot of people to read until now, but I couldn't teach any one of them.

「That's why, at least, I thought I should bring the book that might be easy to read」

「I see. Yosh」

The King received the Grimoire.

「It's your recommendation, I will carefully read it」

☆

After separating ways with the King, I returned to the inn from the Grimoire Library.

When I entered inside, Isaac was on the lobby for some reason.

「You're finally back Lucio. Where were you」

「Just a bit. Rather than that, why is Nii-san here?」

「I thought I might as well say greetings」

「Greetings?」

「Yeah, I also decided to live here in La Linea, I came to at least let you know」

「Was that so」

「I also bought a mansion. I will invite you in some time」

No, it's okay. I'll just be troubled being invited.

In the first place, why did Isaac came to La Linea?

At the time that I was going to ask that.

「Is Lucio Martein-sama here」

One man entered from the door.

It's a man who I saw for the first time, but he's wearing the same clothes with Hugo.

I wonder if he's a messenger of the King?

「I'm Lucio」

I entered child-mode, and went in front of the man.

「This is the words of the King, listen respectfully」

「Yes」

The man took out a parchment, spread it, and started reading it.

「Lucio Martein. Aforesaid, praised with the achievements of ancient magic resurrection, you will be appointed to a Baron」

「Thank you very much」

The one that was said earlier in the Library.

But, it became like this huh. Achievements of ancient magic resurrection, un, it’s reasonable.

Because the King was saying to make me Baron in any way, so maybe the aides or ministers, somebody might’ve searched for that point of compromise.

I received that parchment.

I became a Baron with this huh□□when I was thinking of that.

「Is Lucio Martein-sama here」

The door opened and a different man entered.

It was the same uniform as the man before but a different person.

……what is the meaning of this?

「I’m Lucio though?」

「This is the words of the King, listen respectfully」

「Ha〜……」

「Lucio Martein. With the achievements of saving the first princess, you will be appointed to a Viscount」

「……ha〜」

「What is the matter, will you not accept」

「No, e〜to……thank you very much」

After I received the parchment, the man was very content and went out.

I didn't think that it would come in a row. Well, saving Ruby is somewhat of an achievement though.

「Is Lucio Martein-sama here」

「Again〜?」

A different man entered again.

It was clearly the same clothes, with the same flow.

「Lucio Martein. Praised with the achievements of Grimoire recommendation, you are appointed to an Earl」

…………

Because I recommended a manga?

No way, just with that□□when I was thinking that.

「Is Lucio Martein-sama here」

「Ueh?」

「Lucio Martein. Praised with the achievement of the unbelievable feat of learning a thousand magic, you are appointed to a Marquis」

「E〜to, yes□□」

「Is Lucio Martein-sama here」

「Again?! What is happening?」

「Lucio Martein. Praised with the achievement of returning the Grimoire to the bookshelves, you are appointed to a Duke」

「Well I'd surely return it! I mean, anything is good enough?」

Five messengers came in a row, and pushed on to me five parchments.

With surging waves in a few minutes, without understanding anything, I became a Duke.

E〜to……

「Lucio□□」

「What is it this time?!」

I quickly looked at the entrance. It was different this time.

How can I say this, it was Amanda who was standing there.

A maid that works in the mansion of our family home, she is inflexible, but she could really do her job.

「Amanda? Why are you here?」

「I came in the orders of the previous head of the family」

Amanda said that, passed through me, and stood in front of Isaac who was astonished.

Now that I think about it, Isaac was here huh.

「Isaac-sama」

「□□Ha! W-What is it Amanda」

「This is the words from the previous head of the family」

Amanda took a deep breath.

And, her expression and her air changed.

「What the heck are you doing using the house's money! Let go of the mansion and come back right now□□de gozaimasu」

Amanda said the last part returning to her usual self.

I mean……Isaac. You used money without permission, and bought a mansion without permission. What are you trying to do.

Isaac who was indirectly scolded by Ojii-san had a pale face. But when I thought about that, his face became red and glared at me.

「……re」

「re?」

「Remember this□□□□」

Just like that, leaving a nostalgic parting shots, he jumped out of the inn.

I let out a sigh, and said to Amanda.

「Amanda, tell Ojii-san」

「What is it」

「The mansion Nii-san bought, tell him I'll buy it. Also tell him, I took permission to enter the library, so come any time」

Amanda was surprised for an instant, but nodded soon after that and said as if to be amazed.

「As expected of Lucio-sama de gozaimasu」

Chapter 29 – Daily Mansion

Chapter 29: Daily Mansion

「……is this the mansion Nii-san bought?」

I lost my words seeing the scene in front of me.

Sylvia, Nadia, and Mami who was behind me was the same.

「……that is right de gozaimasu」

Amanda who guided us here also had voice of a lower tone than usual.

She was clearly astonished, her voice was that kind of tone.

She would surely become like that, even if the mansion in front of us can be called a mansion, it was a lot that should be called a haunted mansion.

The roof is on tatters, the window glass also was shattered. Some of the walls have fallen down, and double doors placed in the front entrance was half-destroyed.

Inside the lot, there were grass growing everywhere, and it doesn't look like people can live on it.

「Lucio-sama, I will, go look inside」

「I will go too」

「I-I can also go if you really want me to」

The three entered the mansion one next to the other.

Being left behind, I let out a deep sigh.

「Why did he buy something like this?」

「He ordered a mansion that can be bought as soon as possible, they said. Also……」

「Also?」

「Because he bought it without negotiation, it looks like it was bought expensively. Precisely, twice of the market price」

「Twice, you say……oi oi」

As usual, you're always catching us unaware, Isaac.

「In addition, precisely, that was the market price if it was "newly constructed"」

……he's caught us one notch higher.

That means, the price would've been ten times the current value of this mansion.

Really, what does he want to do.

「With that said, Lucio-sama, excuse me for being presumptuous, but Lucio-sama shouldn't push himself to take this」

Amanda said. She had a worried face.

「No, it's okay」

「But」

「**Geho*, *GehoGeho**」

While coughing, Sylvia went outside from the mansion.

「What happened. Are you okay Sylvia」

I ran to her, and rubbed her back.

Sylvia coughed so much that tears welled up in her eyes, and sneezes.

If I look closely, her eyes was somehow sore.

「I-I'm sorry, Lucio-sama. The dust inside the mansion was so much」

「Because of that huh」

I was convinced, it looks like this from outside, the inside is probably more terrible.

「By the way, where's Nadia?」

「N-Nadia-chan said that she would look around a little bit longer. She said it was exciting because she felt a weird presence」

「Why are lines for adventure comes out from the mansion that we would live in?」

When I was rubbing Sylvia's back who continues to cough, I felt a presence beside me.

When I looked up, Mami was there. The cat ears girl, how can I say this, she had a rat in her mouth.

……as expected of a cat〜.

「That is?」

「I caught it」

「You caught it huh」

「There’s still more, I’ll go catch more of them」

She left the rat in the ground, and Mami jumped into the mansion once again.

It was hard to tell, but just like Nadia, she was also in the excited group huh.

The fed up group was Amanda, Sylvia and I, the three of us.

Sylvia who retreated, Nadia who continues to explore, Mami who came back to hunt.

「……this is an amazing mansion, huh」

「You should not push yourself to take it」

Amanda said the same words.

She was a little annoyed was probably because of the anger against Isaac.

Thinking about it normally, doing what Amanda said was for the best, but I thought that giving up with this, is somehow…

「It’s okay, I’ll take it」

「But, if it was like this, even living on it……」

「I’ll do something about it」

I stepped into the lot, and searched magic in my head.

In the ones that I had thought of roughly, there was two magic that could be useful.

One of them was orthodox one, and the other was a little atypical.

I thought which one of them□□and I chose the latter.

「Nadia, Mami, come out」

I let out a loud voice, and called out to Nadia and Mami from outside the mansion.

The two saw that I was going to use magic, and went out without asking anything.

Nadia, with an excited face, stood beside Sylvia, and stared at me.

I reached out my hand, and chanted the magic.

「Daily Mansion」

The light of the magic became a light bubble, and enveloped the mansion.

After a while, the mansion which was swallowed changed its appearance.

Its shape had changed very much, but instead, a new□□it became a mansion that came normally be lived in.

「Ohh, it changed very much」

Nadia ran into the mansion with her eyes shining, and Mami also entered the mansion just the same.

After a while, the two came back.

「It was too normal, it’s boring……」

「There wasn't prey……」

Just like that, both of them was disappointed.

「That's good enough. It's a place we'll live normally you know」

「Uhm……Lucio-sama, what kind of magic is that?」

「You'll know soon」

I grinned to Sylvia.

I looked back to Amanda, and said.

「As you can see. There's no problem」

「Yes」

Amanda bowed respectfully, and said with an impressed expression.

「To think that a difficult problem would be solved so easily, as expected of Lucio-sama de gozaimasu」

☆

「Lucio-sama!」

The next day, Sylvia woke me up with a panicking voice.

I raised my body from the bed, and rubbed my eyes.

I felt that the surroundings was somehow very bright.

「Fuaa, good morning, Sylvia」

「Good morning□□I mean, Lucio-sama! It’s an emergency」

「What happened」

「The mansion became transparent!」

「Un?」

I opened my eyes and looked around.

I could see outside.

Precisely said, all of the walls and floors of the mansion changed into transparent glass, and even though we were in the bedroom, I could see outside through transparent walls.

Even though it was shaped like a mansion, everything became a see through skeleton house.

「I see, it became like this in the second day huh」

「Like this, you say……what does that mean, Lucio-sama」

「Daily Mansion. If casted to a building, it is a kind of magic that would change the building to another building everyday. Well, it’s something just like daily meal or tear off calendar」

「Ehhhhh, t-there’s something like that desu ka」

「Yeah」

「Was that so……then, will it become a different mansion tomorrow again?」

「It would」

「Ha〜……」

Sylvia made a complicated face.

On the other hand, Nadia was having fun.

As soon as I stretched and looked up the ceiling, I met my eyes with her on the higher floor.

She stared at me intently, and Nadia waved her hand with a smile.

This one’s having fun because it was skeleton.

☆

「Lucio-kun, Lucio-kun」

The next morning, Nadia woke me up.

「Fua〜a. Good morning Nadia. It’s you today huh」

「Lucio-kun, this magic is bad」

「He?!□□Uwa」

What happened, I thought, and when I looked to the side……I fell from the bed.

I rubbed my shoulder that hit, and raised my body up.

The bed that I was sleeping in, became a very narrow bed.

It was a bed that could be called as a balance beam, falling down is natural□□rather, I’m impressed I could’ve slept until now.

When I looked closely the room too, although it should’ve been the bedroom, it felt like a warehouse had all these kinds of tools.

Those were somehow subtly customized to the furniture, and if I look very closely, it looked interesting.

「Ne! It’s bad right」

Nadia who seemed to like that very much, denied.

「Un, Why?」

「This bed. I can’t sleep with Lucio-kun with this you know. I thought that it’s interesting that it would change everyday, but I don’t want to change the bed」

「Fumu」

I thought of what Nadia said.

Certainly, as she had said.

It’s fun to live in an interesting house, but it’s certain that I wouldn’t want to change the bed in the room.

I like to sleep with my wives in a wide room with a bed that was larger than king size.

Un, this daily mansion is bad huh.

「I got it, I’ll do something about it」

I let everyone get out of the mansion, and casted magic.

One of the two magic, the other one.

「Glory Regression」

The light of the magic enveloped the mansion, and gradually changed its shape.

「Lucio-kun, what magic is it this time?」

「It is magic that returns it to its best condition, what the magic was casted on」

「Best condition?」

「Right, well, just look」

The mansion changed.

It changed to a skeleton house yesterday, and it changed to the normal mansion the day before that.

After it changed into the haunted mansion three days before, it became a scene that looked it was rewinding.

The opposite scene of being deserted, a scene that gradually fixes.

「Just like this, little by little to its past condition, it's magic that returns it to its best condition」

「Just returning it?」

「That's right」

「Un! If it's like that, we can live normally huh」

「Thank goodness……」

Sylvia was relieved.

Different from Nadia, she couldn't enjoy the daily mansion even once, so it made it feel that she was more relieved.

The magic accelerates, the same thing that happens that when forward continues its speed goes up.

And finally, it got so fast it couldn't be seen by the eyes.

「It's exciting right」

「Un」

My two wives said.

And finally, the rewinding stopped.

「Uwa～, what's this, it's amazing」

「Uhmm……is this the time when it was on its best? ……that might be it」

My two wives that reacted differently, I also made a subtle face.

The mansion's shape almost didn't changed. Its appearance was almost the same with the haunted house.

But the roof, the walls, and the decorations here and there.

How can I say this, its was shining with gold.

It was probably built as a golden mansion, in the start.

「What～, that's boring」

「Lucio-sama, it's normal inside」

My two wives that entered inside first said. It looks like it was only outside that was shining with gold.

「Then, it's okay huh」

For the mean time, let's live in it, if it wasn't good, then I will just do something about it with another magic, I thought.

While thinking this and that, I also had a few idea……because I could learn something from the Grimoire Library.

With this, I gained my mansion in the royal capital.

That it would be called as Golden Mansion and become a tourist spot later on, was something I didn’t know right now.

Chapter 30 – Prized Wife

Chapter 30: Prized Wife

I am in a party.

A night party that is being opened inside the palace.

The organizer was the King, therefore, almost all of the participants seems to be nobles or wealthy people, they looked like celebrities.

Of course, the venue was also extremely flamboyant.

「Wawa……」

Sylvia who was beside me was being taken aback.

I took her with me, wearing a dress from the Dress Up magic, but she was panicking to the scale of the party.

「L-Lucio-sama」

「Un?」

「I think that I am out of place」

「That’s not true, you know」

「But, everybody around are all grown-ups, they are all ladies and gentlemen. There is no one else childish like me」

「If you say that, there isn’t another kid other than me, right. Well, don’t mind it too much. Sylvia is my wife, so you should just act in a stately manner」

「Yes, I understand」

Sylvia nodded, but she was still too stiff.

“I should be in manner”, it was clear that she was nervous thinking of that.

「Ah! Lucio-sama, I will go get drinks!」

She said that, and **PataPata** she ran.

That can be left to the venue personnel though.

Well, rather than being nervous at all times, it might be better to let Sylvia do something to make her distracted.

And when I was looking at that from far away, one man approached Sylvia with dispute.

It was a young man at around the same with Isaac about 16-7, and the clothes he was wearing looks expensive even from where I look from far away.

I approached, and called out from the behind.

「Ne〜ne〜, what do you want with my wife〜?」

I talked to him in child-mode.

「Lucio-sama!」

「Lucio-samaaa?」

Sylvia ran towards where I was, and the man looked at me as if to measure me.

「What happened?」

「E〜to……uhm」

「Why is a kid like you in here? Do you know what kind of place this is and what today's event is?」

「I'm sorry, I don't know」

Honestly, I really thought of that.

Is something going to happen? I came here because I received an invitation from the King, is there some kind of real meaning for it.

「I guessed so. It's something kids like you won't know about. Kids like you should hurry up and go home, just go play house or whatever」

The young man said that, and went away with a stride.

He then calls out to a young lady at around the same age that was in a little far away, and talked joyfully.

「Let’s go back」

「Yes」

I took Sylvia with me, and return to where we were earlier.

「I’m sorry, Lucio-sama」

「Un?」

「It’s because I’m a kid, I’m causing problems for Lucio-sama right」

「It’s not like I’m being troubled at all」

「Un……but……」

Sylvia looked at the grown-ups.

When I followed her sight, I found out that she was staring at a very grown-up beauty.

「I want grow up faster……」

「You want to try?」

「Eh?」

Sylvia was surprised, and stared at me as if to confirm.

「Do I want to try, what do you mean Lucio-sama」

「Do you want to be a grown-up beauty like that, I mean. Using my magic」

「Ah!……Lucio-sama's magic」

Sylvia's eyes shined in an instant, but she soon looked down.

「It is okay, even if I become a grown-up, it is not like I am going to be a beauty like her」

「Un? That's not true at all. When Sylvia becomes a grown-up, you're going to be more beautiful than that person. I, who looks at Sylvia everyday, can guarantee」

「But……」

「Seeing is believing」

I stopped Sylvia's words, reached out my hand and used magic.

Some people nearby was surprised. It was because I suddenly started using magic.

But ignoring that, I casted magic on Sylvia.

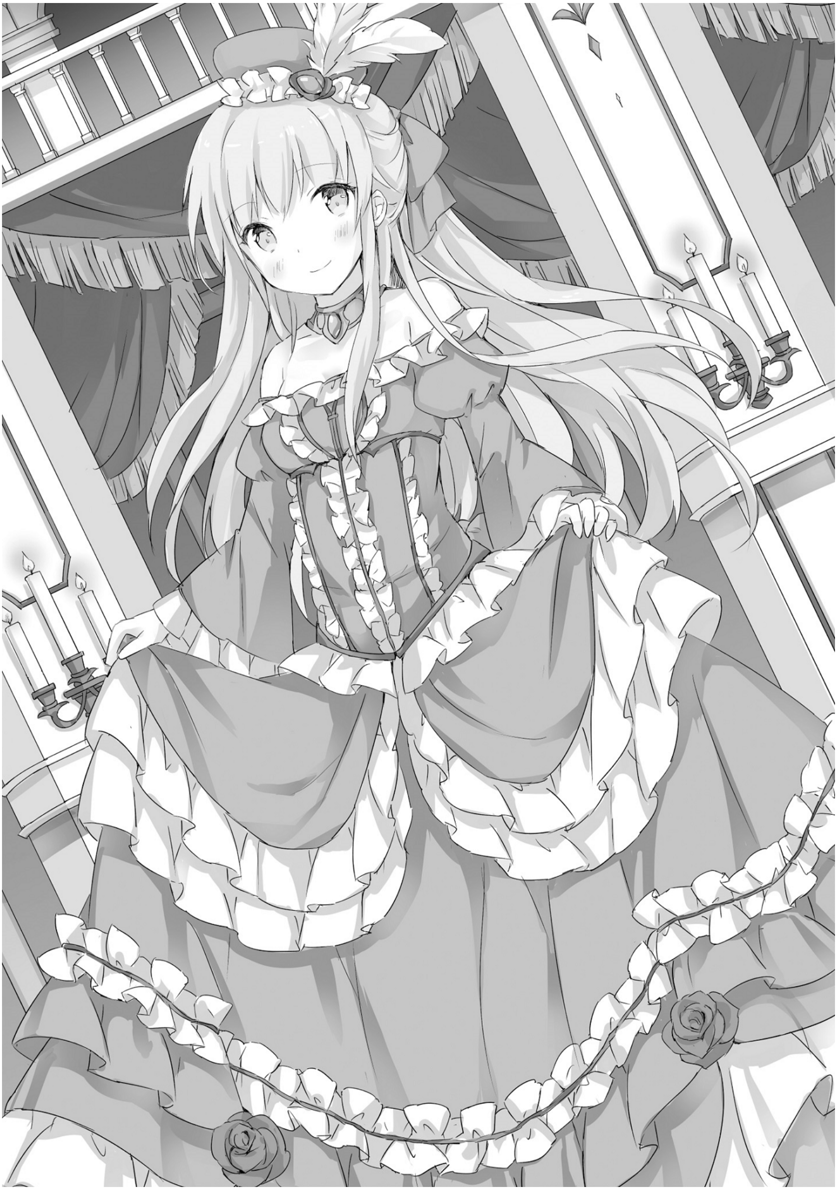
「Fake Growth」

Soon after the light of the magic enveloped Sylvia, her body grew up.

The 9-year old body of Sylvia grew up in an instant.

She grew up to her 16 year old appearance that I had specified.

Sylvia looked at herself, and looked down at me with a surprised face.



「T-This is?」

「It’s a magic that changes the appearance to look like a grown up. I specified it to about 16-years old. It means, how you look right now, is how Sylvia would really look like after growing up to 16-years old」

「Amazing……there is also this kind of magic huh……」

Sylvia sighs in wonder. I stared at her intently.

「Un, beautiful」

「Eh?」

「You’re as beautiful as I thought, Sylvia. Let me say, you are more beautiful than anyone in here」

「T-T-T-T-That’s not true desu」

Sylvia blushes and sways off her hands. But, that was my honest opinion.

The Sylvia right now is beautiful. With no doubt, she was more beautiful than any other woman in here today.

Because she was a beautiful girl from the start, she became a beauty by dressing up, but I really think that even without something like that, she is the most beautiful.

「That is true. I am a happy man, because I was able to marry Sylvia」

「Uu……Ru, Lucio-samaa……」

She blushed on a grand scale, Sylvia made a very troubled face.

But, it doesn't seem that she didn't like it.

「Come now, stop being shy. As my wife, please make a more beautiful expression」

「More, desu ka?」

「That's right, more beautiful that I can be proud of」

「I-I will do my best!」

Sylvia said that, had a deep breath, and made an expression.

Those words right now are magic words, magic words in a different meaning.

"For me", that word, was very effective to Sylvia.

She withdraws the blushing face she had earlier, and made a composed expression.

Sylvia looked more and more beautiful. Just talking in her shoes, if she was like this, I think that I would be the one who's not worth of her.

I should also use magic to myself, and at least be in the same age, at the time when I was thinking of that.

「Beautiful lady」

A voice that I was familiar of, called out to Sylvia.

It was the young man earlier. He, who came from over there, calls out to Sylvia with a some kind of cheesy lines.

「Are you talking, to me?」

「Who else there could be. Today is a wonderful day, to be able to meet a beautiful person like you」

「E〜to……」

Sylvia was troubled.

「My name is Diego. If it was okay, can you please let me know your name」

The young man□□Diego made a bow with a noble-like gesture, and stared at Sylvia.

Sylvia became more and more troubled, and looked at me.

In a different meaning from earlier, I knew that she was troubled. However I looked at it, he was clearly smooth-talking her, it’s natural to be troubled.

「Ne〜ne〜, what do you want with my wife〜?」

「Mu! What, you again huh」

Diego looked at me with cold eyes.

「I told you to go home because you’re out of place you brat」

「I’m sorry」

「I mean, what did you say right now, wife?」

「Un, wife. Come here」

I called Sylvia to come, Sylvia made a smile, and came to my side.

We couldn’t cling our arms because of the height difference, but instead we held hands.

「It’s my wife. Ne! Sylvia」

「Yes, Lucio-sama」

「You’re beautiful, Sylvia」

「I am beautiful only because of Lucio-sama」

Sylvia said that, and stared at me with as if she was truly a very obedient wife.

Giggling laughter could be heard around.

They’re laughing at Diego who failed at smooth talking.

Diego trembled, and reddened his face.

The difference from earlier was, he was embarrassed because he was rejected by Sylvia who looks nubile.

「W-Who the heck are you really, why is a kid like you here!」

He asked with an unreasonable anger.

「It is because I invited him」

「What□□Your Majesty!」

The King came unnoticeably, and Diego who saw that bows his head in a hurry.

「I am very sorry Your Majesty, without knowing it is Your Majesty's guest」

「He is also not my guest though」

「Eh?」

Diego got confused, the King talked to me.

「It is good you came, Senjukou」

「Senjukou? What's that〜?」

「A duke that can use a thousand magic, Senjukou. It is your noble title, I thought of it. If you do not like it, I can think of it again」

「U〜un? It's cool so that's fine. Thank you, Your Majesty」

「Umu. I heard the conversation, is it true that, that lady is your wife?」

「Un, I casted magic on her for a bit, but she really looks like this」

I said that, and released the magic on Sylvia.

Sylvia who returned to her original 9-year old appearance was relieved, and clings her arms with mine.

「Hahaha, I see, you look good with each other」

「Thank you」

「It is not only you look good with each other. A duchess this lovely is the treasure of our country」

「That is……thank you very much」

Sylvia got shy.

「By the way, what was the magic right now?」

「It’s a magic that disguises to a grown up appearance. Just like this」

I used Fake Growth once more. This time, I casted it to both me and Sylvia.

We now looked like a 16-year old couple.

「A handsome man and a beautiful lady that goes together huh」

「And that magic right now, that is an advanced magic that has only a few that can use」

「Senjukou’s name is not just for show, huh」

Voices of praise was raised around us. I was alright about it, but Sylvia entered her shy-mode again.

And just like that, together with Sylvia, I had a small talk with the King.

Diego who showed a huge embarrassment, quietly, ran away with his tail between his legs.

Senjukou(千呪公) = a /duke(公)/ that can use a /thousand spells(千呪)/.
千(sen) = thousand
呪(ju) = probably comes from 呪文(jumon) = incantation or simply 呪(ju, noroi) = curse,
公(kou) = from 公爵(koushaku) which means a duke

Chapter 31 – Into the Dreams

Chapter 31: Into the Dreams

In spring one sleeps a sleep that knows no dawn.

From the morning this day, Sylvia and Nadia, the three of us, were laying down on top of the bed.

On top of the bed was warm enough even if magic weren't used, so we were laying down very comfortably.

「Ah!……」

「Un?」

I heard Sylvia's voice from the side, so I looked towards her.

Her eyes were half-opened, and it looks like she just woke up.

「Is it……a dream?」

Oh, she was seeing a dream huh.

Sylvia looked around restlessly for awhile, but then closed her eyes again and went to sleep.

Her sleeping face looks very comfortable. Just by looking at her, I felt very happy.

「Sylvie, I wonder what dream she is seeing」

「Un?」

I looked towards Nadia. In Nadia’s case, she was laying around but she was completely awake.

「Yeah, I wonder what kind of dream it is」

「Ehehe……Lucio-sama〜……」

Sylvia said in sleep talk.

「It looks like she’s seeing a dream about Lucio-kun」

「It seems like that」

「I wonder what kind of dream is it……she even slept the second time for it, so its a good dream right」

「Yeah」

I know that feeling.

Seeing a good dream, sleeping the second time to see it again, and see the good dream for a longer time.

That is also something that happened to me before.

「What kind of dream it is, let’s ask Sylvie later」

「……if you want, we can take a peek right now?」

I suggested to Nadia.

「Take a peek huh, how?」

「Magic」

「You can do that?!」

Nadia was surprised, raising her body on the top of the bed very quickly.

She was like “I’m so excited, if you can do it, let’s do it”, it was that kind of face.

I also raised my body. Just exact, I just remembered that kind of magic from the Grimoire Library.

「You want to do it?」

「Un!」

「Then, hold my hand」

「Like this?」

「That’s okay, let’s go□□ 『Dream Catcher』 」

I chanted the spell, and the light of the magic enveloped the two of us.

It became pure white before our eyes, and our whole body was enveloped by a floating feeling.

After a while, we came to a place that was vague and has no background.

「This is□□Ah! This feeling, it's a dream」

Nadia understood quickly. It felt very fluffy and cloudy, it felt like the sight wasn't focus and has no background.

Inside the dream, it felt exactly just like seeing a lucid dream.

「Is this inside Sylvia's dream?」

「Yeah, it's that kind of magic」

「Amazing〜! Lucio-kun is amazing〜!」

「Well now, I wonder where Sylvia is」

While being praised by Nadia, I searched for Sylvia's appearance.

Inside the fluffy and cloudy dream world, I saw that immediately.

「A-re, Sylvie?」

「Yeah」

It was not Nadia's fault that she didn't know.

For the reason, the one who was there was the grown-up version of Sylvia. It completely looked like Sylvia's grown-up appearance that I casted on her during the party the other day.

Beside her, there was one man.

……a super dazzling, handsome man.

「Then, who is that?」

「……who knows」

I beat around the bush, I didn't really like to say it.

Nadia stared intently for a while, and **Pon** she hit her hand.

「I got it, that is Lucio-kun!」

「……」

「That's correct right」

「……yeah」

I nodded with a bitter face.

Right, that who was right there, was me. It was me who grew up just like Sylvia.

But, that was super duper handsome. That was far, more handsome that the grown-up that I casted on myself.

It was quite beautified, it was so beautified that it was so embarrassing to say "That is me".

With “me” inside the dream, Sylvia faced each other.

「O Lucio-sama, why art thou Lucio-sama?」

Oi oi.

「It was because I was destined to meet you」

Ughe………

Chills ran from my back. Chills ran throughout my body because of the lines of Dream Lucio.

Sylvia was, seeing this kind of dream huh.

「Ahh……Lucio-sama, so cool」

No, no……

「That’s cheap, that’s too cheap!」

Nadia let out a loud voice, and got between the two grown-ups.

「N-Nadia-chan?」

「That's too cheap, Sylvie. Lucio-kun isn't something like this」

It looks like she came to stop Sylvia's dream□□or delusions in a way.

It seemed like she was going to put it back on tracks, so I just looked on how it would go.

「Then, how is it?」

「U〜n」

Closing her eyes, Nadia thought while placing her pointing finger in her head.

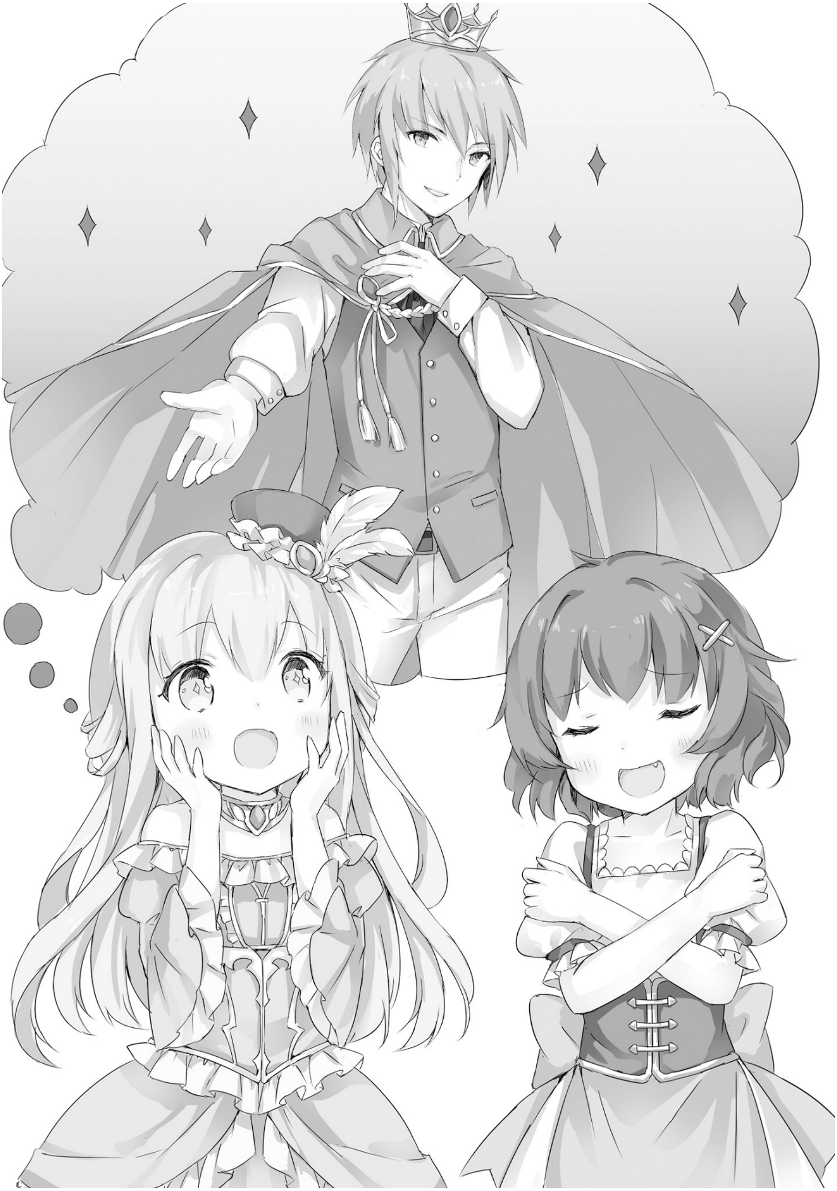
「Just like this!」

After she opened her eyes in an instant and said that, the "me" inside the dream□□Dream Lucio changed his appearance.

That is, saying it with a word…… it was an Overlord.

With a fearless face, wearing a fluttering mantle and a crown, looking afar with face full of confidence.

And finally, his sight poured into the two.



「Sylvia, Nadia. We’re going to take it□□we’re going to take the world」

「Yes! Lucio-sama」

「A〜n, you can do whatever you want Lucio-kun!!」

Sylvia with her eyes mesmerized, Nadia who was hugging her own body and was wiggling.

The Overlord Lucio, it looks like they both liked it.

「But, this is also, somehow different」

「Then, Sylvie should show the real Lucio-kun」

「Un, wait a minute」

This time, it was Sylvia's turn to think.

After she thought for a while, the "me" inside the dream changed just as earlier.

It was almost the same with Overlord Lucio.

The difference was the color of the clothes was mainly white, a mantle was worn, but instead of a crown, there was a ring floating in the top of its head.

Oi……don't tell me that is.

「I am, the God thou shalt own this world」

It was really a god! I mean, that's too cheap for a god huh!

「Amazing……as I've thought, it was Lucio-sama」

「Un, it’s Lucio-kun……」

「Ehhhhhhh?」

I let out a voice instinctively. Is something like that okay?

Honestly, rather than that god, I’m starting to think that the first one, the handsome one looked normal compared to that. That was somehow, feels like “that” though!

「Ne〜 Sylvie, this Lucio-sama is good enough because he’s majestic, but I think that he’s not cool enough」

「Is that so……but, it’s hard you know, Lucio-sama is super cool, so my imagination can’t catch up」

……

「I agree with that. I know, let’s think about it together. If it was the two of us, we can create the coolest Lucio-kun」

「Un! Let’s do that」

……

Sylvia and Nadia was fired up.

I left the two, and came out from the dream.

When I came back to the bed, I was so embarrassed my face feels it’d burn into flames.

Something like an Overlord, or a God, but still, saying something like that wasn’t enough yet.

……somehow, I was so much beautified, it’s a bit embarrassing.

「Lucio-sama……so cool」

「Lucio-kun……so cool」

My two wives were holding their hands while sleeping when I noticed it.

Their faces were grinning, showing how happy they were.

It seemed like they were seriously thinking of me like that, so I got more and more embarrassed.

Chapter 32 – Read All You Want and Eat All You Want

Chapter 32: Read All You Can and Eat All You Can.

On this day, I was in the Grimoire Library since the morning.

In the reading space the the King made for me, I was reading all the manga I want while relaxing comfortable by laying on the top of the sofa.

Today, I made a first experience since I reincarnated in this world.

There was a series!

If it was read as a manga, everything until now was completed in one volume.

Because I could learn magic the more that I read, I didn't mind it, but there was also a series.

The one that I'm reading right now is a battle manga.

Four friends entered a Martial Arts Tournament, while waging fierce battles, they won one step at a time.

The drama of the people outside of the ring was so interesting, I couldn't help but reading it.

And right now, I finished reading the third volume.

「Are you finished～?」

「Yeah」

「Then, I'll go take the next one〜」

Came with me to the library, and sitting by my side behaved all the time as if a loyal dog, a girl with dog ears, Coco.

She received the Grimoire from me, and returned it to its bookshelf.

For a while now, just like this, she returns the book that I've read, and brings a new book.

It was super easy.

「I wonder if it's okay if I remember magic this easily〜」

It was super easy that something like that comes out from my mouth.

It's still the same that I could learn magic by reading until now, and in addition to that, right now, the hassle of taking it and returning it disappeared.

Honestly……if this was the world where I was before, manga would've been scattered around my bedroom floor.

Just like it was when I was reading it before sleeping, without returning it in the next day, get a new one, and just like that, it would become more and more scattered.

Thinking of that made me want to say thanks to Coco a little.

「Here, this〜」

Coco returned with the fourth volume properly.

The people of this other world can't read the contents, but they can read only the cover huh〜.

Well, anyways, I received the Grimoire, and said thanks.

「Thank you」

「You're welcome〜」

「I will give you my gratitude. You, do you like bones?」

「Bones, desu ka?」

「Yeah, bones」

「I love it, why〜……」

She was making a face asking "why do ask of that".

As I've thought.

When Coco is splashed by water, she changes to her other personality and body, Mami.

Mami is a bishoujo with cat ears, and has the nature of the cat as it is, since she liked to catch preys(Isaac) and rats and show them off.

That's why, I thought that maybe Coco was also like a dog and asked.

Well, being behaved beside me all the time and changing the books for me was already just like a loyal dog though.

「Just wait a minute」

I searched inside of my head for the magic, and simulated how I would do it.

One is an old one, and the other one was, since I remembered it, the magic that I learned from the series I’m reading right now.

「Summon Skeleton」

「Wawa!」

Surprised, Coco hid behind my back.

The magic creates a magic circle, and a skeleton came out from that.

And towards that skeleton, I shot the next magic.

「Soul Arrow」

The magic arrow pierced through the skeleton, and it was scattered into pieces.

Soul Arrow, it was the attack magic that I learned from the manga I’m reading right now.

By the way, it was two arrows after I completed reading the first volume, three arrows after reading the second volume, and finishing the third volume right now, I could shoot five arrows at the same time.

It looks like there was some kind of rule in it. I should try it after reading the next volume.

Rather than that, it is about the bones right now.

Towards Coco, I told her.

「There you go, its bones」

「Is it okay～?」

「Yeah, eat all you want～」

「Thank you very much～」

Coco jumped to the bones with delight.

The human shaped, scattered bones, she nibbled them one by one.

Seeing her nibbling it with all her efforts looked very cute, and and the canines that show from her mouth was very cute.

I watched that for a while, and then opened the fourth volume.

Slow and comfortable as usual, I read the manga.

Gajigajigaji, pera

Gajigajigaji, pera

The sound the two of us made was making a rhythm.

「I read it」

「Please wait for a minute」

Receive the Grimoire, ran, and returned with the fifth volume.

At the same time, I tested the Soul Arrow. This time, seven arrows came out.

This rule□□I know about this.

Next is seven arrows, next to that is eleven arrows, and next to that is thirteen arrows□□it might be on that order.

Well, it’s something I’d know if I continue to read it.

「I have kept you waiting」

「Thank you」

I received the Grimoire, and patted her head.

Because there was still bones remaining, I didn’t summon.

Just like that, I continued reading Grimoires.

The result of being in the library with Coco all day, I completely read twenty volumes, and I am now able to shoot seventy-one arrows at the same time.

And Coco was expanding her belly after eating all the bones that she wanted.
